Rugs! Rugs! Rugs!
Don't you want some?

Dear Mary—

This morning I saw a new rug in the window at E. F. Best's. My heart was instantly set on it that I went right in and bought it. It was an oriental design.

Rugs, I think, are the very BASIS of beautifying your home. Without pretty rugs a woman cannot have a charming home. What a joy it is to tread upon a luxurious rug in your home!

Your friend—HELEN.

A Warning to Women Going to England

A memorandum issued from the Prime Minister's office to-day calls attention to the fact that all women or other members of families of Canadian soldiers who have gone to England to live or who contemplate going there, should seriously consider the difficulties which are sure to arise at the end of the war in regard to securing transportation home again. It is pointed out that most of the space in all available transatlantic steamers will be needed to bring the troops themselves back to Canada. There will be little, if any, space available for women or children and they may find themselves in England for indefinite period.
