Sandwich

Mrs. Melvin Smeiser of Melkirk visited in this vicinity on Thursday.

We were pleased to notice that Miss M. Pond was able to be out motoring one evening last week.

Mrs. H. Elliott of Garnet spent Thursday with her daughter, Mrs. Andy Loft-house.

Frank Laidlaw of Erie was a guest of Elvin Pond on Sunday.

Mr. Chas. Nicol was on the sick list last week.

Miss Annie B. Westerly returned home on Tuesday after spending three weeks at Port Maitland and Dunnville.

Mrs. Geo. Shields of Garnet is visiting her sister, Mrs. W. E. Tyrrell.

Proper Methods of Butter-Making

Few people trouble themselves about the reason that creamery butter is to be preferred to dairy butter, but by way of to be preferred to dairy butter, but by way of introduction to Bulletin No. 53 of the Dairy and Cold Storage Branch, Ottawa, Dairy Commissioner, Ruddick furnishes an explanation. Incidentally he also points out that a good deal of damage is done to the trade by inferior dairy butter. The bulletin, for which Mr. George H. Barr, Chief of the Dairy Division, is responsible, in concise terms describes the whole process of butter making, tells the utensils that should be used and how they should be used, gives the results of experiments with the separator as regards temperature and variations in speed, deals with the care of cream in cooling and preparing for churning and in pasteurizing gives expert counsel as to salting and working and points to the advisability of attractive packing in parchment paper. He also points out the requirements of the law in branding and marking and supplies practical hints on care of the utensils. Finally, he tells in terse terms how to get the best results in farm dairy work. Both the bulletin and a blue print of the plan for a dairy that is given can be had free by application to the Dairy Commissioner or to the Publication Branch, Department of Agriculture, Ottawa.

"The primary duty of a Food Controller in Canada and the United States," said Hon. W. J. Hanna in a recent interview "is to see that the men at the front do not suffer from want of food, and that our Mother Country and our European Allies should not suffer from want of food." "Have you power to check prices?" Hon. W. J. Hanna was asked. "Certainly... "Are you going to exercise it?" "In the cases where we have the necessary data we will not hesitate to check prices," declared Mr. Hanna.

"We look to the resources of Canada, and to the indomitable energy of Canadians for an answer that will shatter Germany's threat of starvation", says Baron Rhodes, Food Controller of Great Britain in a message to Hon. W. J. Hanna, Food Controller of Canada.

Many young people, who a year ago were useless to the business world because of lack of training, are now earning ten, twelve and even fifteen dollars a week. A course in the Simcoe Business College brought about the change. 23-21.

A. H. LANGRAF

Harvesters Read This.

The best way to the Harvest Fields of Western Canada is by the Canadian Northern Railway. Special through trains will be operated from Toronto to Winnipeg on Excursion Dates. The equivalent will consist of electric lighted colonist cars and lunch counter cars especially designed to cater to the needs of large bodies of men at moderate rates. West of Winnipeg the demand for labor is great along the lines of the Canadian Northern Railway and the wages are correspondingly high. All particulars from Geo. L. Miller, Town Agent, or General Passenger Depts., Montreal, and Toronto, Ont.

Mrs. John Butcher has knit 75 pairs of socks for the soldiers.

Dates of Fall Fairs, 1917
