The Canadians in France!
A Great War Map

Canadian homes will no longer have difficulty in following the Canadian troops in France. There has just been issued a map of the European War area that clearly shows every point of interest that has been mentioned in despatches since the Canadian forces first landed in France. It has been made specially for the great Canadian weekly, The Family Herald and Weekly Star, of Montreal, and is a credit indeed to Canadian enterprise. It is a marvel of detail and yet not crowded. It is in four colors and about 2 1/2 x 3 1/4 feet and folded into a very neat cover, about 5 x 10 inches. The map is surrounded by a border of the regimental badges and coats of arms of nearly every battalion that left Canada, from Halifax to Vancouver. Every important point can be recognized at once. That portion of the map covering France is in a soft color with names of towns and battle scenes in black, easily recognizable.

The map is endorsed by returned military experts as most complete and accurate in detail. The map could not be produced, except in such large quantities as The Family Herald will use, at less than two dollars a copy, yet it can be had absolutely free with the Family Herald.

The publishers of The Family Herald and Weekly Star several months back have been fighting hard against the necessity of increasing their subscription rates, but eventually had to come to it like most other papers. The increase, however, is a mere trifle—twenty-five cents a year, making their new rate \$1.25—and with the year's subscription they will include a copy of this great War Map free of charge. This is certainly a generous offer, and one that Canadians will appreciate. Many expected a much larger increase in the subscription price of The Family Herald, and are surprised at the small amount charged.

The enormous circulation of The Family Herald and Weekly Star should be still greater when this offer becomes known.

Elect New Chief

In accordance with the customs of the confederacy of the chiefs of the Six Nations reserve, the distinguished honor of chief with the Indian title of Onondyoh was conferred upon Lieut. Frederick O. Loft, of the Indian Forestry Battalion, from the reserve now in England, at a special meeting in the council house at Oshweken Tuesday.

Lieut. Loft, a man of about 40 years is one of one of the most popular of his race on the Six Nations Reserve. He has been a keen patriotic worker ever since the war was declared, and was instrumental in raising the forestry draft with which he is connected in an official capacity.

After the appointment the chiefs present adjourned for the usual feast and further ceremonies.—Advocate.

R. R. Pitch In At Nixon

No. 2 Wabash express, due in Simcoe at Simcoe at 2:30 p.m., yesterday afternoon came to grief at Nixon. The train, which does not stop at Nixon, was running at a high rate of speed. It had just passed the depot. The engine of a coal train was coming down the coal chute at the instant and at a rate that made stopping impossible. The two lines of rails ran very close together for a distance, then joined. The coal engine hit the rear of a well loaded passenger coach and threw it and the heavy dining car, immediately following, completely over to the north. The locomotive itself turned over to the south. Altogether there was a big mix-up and much splintering of glass, etc. Strange to say there were no fatalities and only two persons at all seriously injured. The chief of the diner got a bad scalp room and a broken shoulder. A waiter was scalded. Drs. Bowly and Richardson were summoned and took charge. The passengers in the coach were shaken up considerably but miraculously escaped with nothing worse than bruises.—Reformer.

The big light ordered for the tractor so that it could be put to work both day and night was got into working order on Tuesday evening and so satisfactory was it that Mr. Woltz has ordered lights for the other two machines. The farmers around here are putting out S. O. S. calls for the tractors' assistance for their plowing but the machines are booked up to quite a time ahead. There is no chance of the tractors being available to more farmers or their wheat plowing.—Advocate.

Save MONEY!

By buying your meats at this shop. We have recently erected an up-to-date Butcher Shop on Main Street which awaits your solicited inspection. Our aim is to furnish our customers with the most feasible service combined with prices warrantable to production.
