## Give Now to the Patriotic Fund

If ever you would give—give now

### "Bear Ye One Another's Burdens"

'Tis an old saying—sometimes a hard one—but worthy of all acceptance.

Take a present-day illustration. British Columbia—out there under the setting sun—is helping to bear Ontario's burdens. She has sent to the front—that shell-torn front in France—a larger proportion of her manhood than has Ontario.

Therefore it comes to pass that we in Ontario are being asked to help in bearing British Columbia's burdens by helping its soldiers' families. It's a fair, a just, request. We all are in the same boat. We must bear one another's burdens. And if one Province, not rich in money, makes heavy calls on the Patriotic Fund, the richer Provinces must help out their poorer neighbor. Under a plan of each Province caring only for its own, the Province sending no men would spend no money. It would neither Fight nor Pay.

Ontario will need about six million dollars in 1917 for the families of its own soldiers. The Canadian Patriotic Fund is asking for that sum as a minimum below which the richest Province in the Dominion will not go. But, as a matter of fact, the Fund hopes Ontario will do still better—will bear another's burdens by helping out gallant British Columbia.

How stands the Western Province? It will require, in 1917, two million dollars for the families of its boys at the front. That is one-third of Ontario's requirements. But Ontario has probably more than seven times the population. British Columbia asks no favors. With only about 350,000 people—not rich in this world's goods, but rich in pluck and good red blood—it is undertaking to raise One Million Dollars for the Canadian Patriotic Fund! That equals \$2.86 per head. Ontario, if it raise six million, will be giving about \$2.38 per head.

But the Western Province will still be short One Million Dollars. Where is this sum to come from? Eastern Canada. And Ontario, if it wishes to help, can do so only to the extent to which its gifts to the Fund exceed Six Million Dollars.

A lot of money, isn't it? Yet less than British Columbia is giving, if measured on a per capita basis, and far less if measured by ability to pay. There will be no difficulty in securing the Six Millions if three courses are followed:

### Three Courses

1. If all County Councils make reasonably large grants to the national Fund.
2. If all towns, whether separated from their counties or not, will undertake campaigns for voluntary subscriptions.
3. If all citizens, in town or country, contribute fairly according to their means.

As to No. 1. The County Councils are beginning well. Simcoe has decided to largely increase its grant. For 1917 it will be the generous sum of \$1,200,000. Victoria, another county patriotic to the core, has doubled its grant, jumping it from \$2,500 a month in 1916 to \$5,000 in 1917. The majority of the County Councils will decide at the January sessions how large their grants will be. Public opinion will have great influence on the Councils. Every county ratepayer, sympathetic towards the Fund, should write or speak to his representative on the Council, endorsing a liberal grant. The small tax of three mills on the dollar raises a sum that constitutes a handsome contribution.

As to No. 2. Many towns ignore the duty of holding campaigns. This applies particularly to towns which pay a county tax. Yet this tax never represents a fair or just contribution to the Fund from men of moderate or large means. Practically it is based on what the poorer men can afford. The richer should give more, and they can be reached only through a popular campaign. To relieve anxiety these campaigns should be held in January or February. Will not patriotic men and women in every town take up this duty? They can get all information as to organization and methods by writing to the Canadian Patriotic Fund, Ottawa. And the Fund will assist them also with a campaign of advertising.

As to No. 3. Patriotism of the individual is the basis of the Fund. Everything is built on it. If he will not make some sacrifice for the sake of the mothers, wives and children of the men at the front, the Fund suffers, and they suffer with it. The average family on the Fund requires \$200 a year from it. It is the duty—it should be considered the privilege—of every Canadian stay-at-home to ask himself: For how many weeks, at \$4 a week, must I, in self-respect and in gratitude, take care of one of these families? If my county taxation for this purpose means that I am taking care of only one family for one week when I could do more, am I doing the right thing?

The answer to these questions will be found when he sits down and mails his extra gift to the Treasurer of his local Fund, or to

THE CANADIAN PATRIOTIC FUND, OTTAWA.

Ontario is being asked to assure the Canadian Patriotic Fund that it can depend on having six million dollars in 1917 for the families of Ontario's soldiers.

Four million of these dollars must be secured from individual subscriptions. If there is no branch of the Fund in your town or county send your subscription direct to the Head Office, Canadian Patriotic Fund, Victoria street, Ottawa.

### Danish-Germany Soldier Hero.

A Danish-American who has been visiting the country of his birth this summer and spent several weeks in the districts along the Danish-German border, writes to a friend in London that practically everybody there, on both sides of the frontier, is in mourning, for all these people have relatives or friends fighting in the German front. The Germans have sent the regiments consisting of young men from northern Schleswig to the most exposed positions, and the number of Danish-speaking men who have lost their lives is already larger than the total number of Danes who fell in the war against France and Austria in 1864.

## Good for the whole family

A good cough remedy is one that can be depended upon to cure coughs. Not one that cures some particular cough, but coughs in general.

While the causes of all coughs are primarily the same, yet the condition of the patient is what makes the difference in the nature of the cough itself. Coughs of healthy persons are easier to cure than the coughs of invalids. The more powerful convulsive cough of a big man is harder to cure than the cough of a baby. If you get a remedy that will cure a big man's cough and yet not be too powerful for the baby, you have a good cough remedy.

### Chamberlain's Cough Remedy

is just this kind of remedy. It is good for any member of the family. It relieves coughs of all kinds. It is composed of things which cure easily and soothingly without harming the delicate tissues of the throat, and is the ideal remedy for coughs, colds, croup, influenza and whooping cough.
