## LOCAL PERSONAL

Mrs. Wm. Howell is on the sick list.  
C. D. Rodgers was in Hamilton Friday.

We regret to announce that Mr. Norris Shitson is confined to the sick bed.  
Mr. James Wright was in Hamilton on Friday last.

John Kindree is moving into the house recently vacated by Mr. and Mrs. Frank Burkhardt.

Mr. Wad Mason of Toronto spent the week-end at the home of Mr. and Mrs. Wm. Sowter.

Mr. Landon Rodgers of St. Catharines, spent over the week-end visiting his mother, Mrs. Ellen Rodgers.

Mrs. Wm. Abraham left Friday for Toronto where she will spend a couple of weeks visiting relatives and friends.

Mr. Jos. Owen shipped a car load of horses to the Canadian West on Tuesday. Mr. Peter Banks accompanied them.

Mr. Jas. Chambers of New York was in town last week, on his return from attending the funeral of his uncle at Aylmer.

Mr. John Saunders and daughter Ollie are spending a few days visiting friends and relatives in Hamilton and Toronto.

Rev. J. G. Foote and Wm. MacNeill are attending the Provincial Temperance Convention being held in Toronto this week.

The Annual meeting of the W. M. S. will meet on Wednesday, March 14th, in the School Room of the Methodist Church. A full attendance is requested.

Mr. and Mrs. A. Lambert of Harrison, N.Y., spent a few days recently in this place. While here they attended the funeral of the late Mr. James Lambert of Aylmer.

The Jarvis Red Cross Auxiliary intend collecting old papers and magazines and would ask all who are willing to give same to have them tied in bundles and ready. The Boy Scouts will call for them on the second Tuesday of each month after school hours. The first call will be on Tuesday March 13. Papers and magazines are to be tied separately.

A young man named Ben Marr, while attempting to drive over the Forks road crossing, just east of Dunnville, Tuesday morning, was struck by No. 217, G. T. R. express and so badly injured that no hope of his recovery is held out. His horse had a leg broken and the center was demolished. Marr was following another rig, which passed safely over.

The time for the return of the National Service cards by those who have not yet returned them improperly signed has been extended to March 31st, 1917, and further cards have been issued to the postmasters for distribution among those who have made default. It is understood that the returns from this Military District have been most gratifying. There are however, even in this District, a number who have not made their returns. The National Service Board has expressed the wish to every one in this District will use his or her very best efforts in order to make the returns from this District as nearly perfect as possible.

Varency Women's Institute held their March meeting at the home of Mrs. B. Lunoy on Thursday last. There were twenty-six in attendance. Interesting readings were given by the Misses Jessie Reynolds and Leah Robinson. A communication from Cochrane was read acknowledging receipt of three boxes sent to N. Ont. Fire Sufferers. A bale, consisting of seventeen suits pyjamas, six vermin suits, twenty four towels, nine pair pillow cases and twelve pairs socks were made up for Red Cross. The members of the Institute intend to furnish the program for the Farmer's Club on the evening of the thirteenth inst. Twenty pair of socks is this month's contribution to the sock League. Three dollars was realized from a ten cent tea served at the close of the meeting. Mrs. Wm. Robinson will be the hostess of April meeting.

**Successful Entertainment Letter from Chester Rodgers**

The following letter was received by Mrs. Bruce Hair, of Renton, from her brother Chester Rodgers, who is with the Canadian Engineers, somewhere in France

SOMEWHERE IN FRANCE,  
February 3, 1917.

Dear Sister:

Guess now I can get a few lines written to you. Got in billet about 4:30 and had supper, some Macaroni rations, roast cheese, slice of bread and some tea. Then gave myself a good crumming; found several with large families, gave them a good souse of oil of cedar and sardines and hope to rest to-night. Then got my water bottle filled, had my ration of rum and gave a Dixie of water on the stove and am going to make myself some cocoa. Now why wouldn't I be satisfied with this life?

Last night I got word there was some registered mail for me so got permission to go and get it. On my way back I got oranges, pineapples and biscuits and enjoyed the treat. Couldn't help but wish you were with me coming back to see the sights. Atho it was quite bright it was grand. Still have snow and ice in my mustache all day long.

Last night to see the star shells was like falling stars. The machine guns rattling, and sometimes over land and sometimes through the trenches. Along the trench you see dugouts, tunnels, railway tracks, dressing stations and etc. Graves here and there, then perhaps a blinding flash near, perhaps one or a half dozen shells go screaming peace terms overhead to Fritz and when home to this cozy little billet, Fritz lands a shell about 100 yards from me. Then a couple more a little farther off. So you see if you had been with me, you could have seen the sights and no danger. Our billet is dug in the bank with sand bags over it and a corrugated iron roof. 14 sleep here, size about 8x12.

We are up in the front trenches every day fixing everything secure and everyday is about the same. You hear shells from our guns going over to Fritz's lines, and Fritz's shells come across to our lines. Some of them high over us and sometimes sharpnel just over our heads and other times just skim over the trench. Then he sends a few nm jars (shells very much like a jug or stone jar) but you can see them coming and can dodge them alright. Then we send some stoges, gins grenades and can see them going over to Fritz end over end and then Fritz has to dodge some as they can have seven in the air at once from one gun. To-day two were killed where I was and four or five were wounded. One lad came running by his arm nearly off at the elbow and says "I've got a dandy blighty." In other words he meant a trip to England. Then again a fellow fell in a hole in front of me and when he got up said "That's hell to take a fall like that and couldn't break my leg." Perhaps if he had broken it he would have cussed because he would have had to go to the hospital. Well anyway it is a great game and a deuce of a note to be in a trench and not be able to see our shells blowing up. I had a good look to-day as I got in a hole with a sniper and was going to have a shot if anyone poked their head, but no such luck for me.

Hope none of you will feel sorry for me as I have never felt one least bit of fear yet and could smile in the face of any danger. How would you like to hear dozens of big guns firing as fast as they can load and everything shaking. I think it's just time. Was with A. G. Smith for a time and that was going some. He sure was a fellow. Sorry to hear of Chris Walker's death. Will be able to tell you where he fell when I get back. We are better looked after in this war than in Africa. I have only a few lice now and in Africa we were alive with them. Our grub is good and we get a bath and usually a change of clothes every week or two, except once I went for four weeks. It's marvelous how well we are all looked after and I have yet to go through worse than I did in Africa. Others have been here for 7 months and say the same. Now I must away to my bed. Am time and dandy and well satisfied and never felt better in my life. Give my love to all. With heaps of love.

The time for the return of the National Service cards by those who have not yet returned them improperly signed has been extended to March 31st, 1917, and further cards have been issued to the postmasters for distribution among those who have made default. It is understood that the returns from this Military District have been most gratifying. There are however, even in this District, a number who have not made their returns. The National Service Board has expressed the wish to every one in this District will use his or her very best efforts in order to make the returns from this District as nearly perfect as possible.

Varency Women's Institute held their March meeting at the home of Mrs. B. Lunoy on Thursday last. There were twenty-six in attendance. Interesting readings were given by the Misses Jessie Reynolds and Leah Robinson. A communication from Cochrane was read acknowledging receipt of three boxes sent to N. Ont. Fire Sufferers. A bale, consisting of seventeen suits pyjamas, six vermin suits, twenty four towels, nine pair pillow cases and twelve pairs socks were made up for Red Cross. The members of the Institute intend to furnish the program for the Farmer's Club on the evening of the thirteenth inst. Twenty pair of socks is this month's contribution to the sock League. Three dollars was realized from a ten cent tea served at the close of the meeting. Mrs. Wm. Robinson will be the hostess of April meeting.

**Successful Entertainment Letter from Chester Rodgers**

The following letter was received by Mrs. Bruce Hair, of Renton, from her brother Chester Rodgers, who is with the Canadian Engineers, somewhere in France

SOMEWHERE IN FRANCE,  
February 3, 1917.

Dear Sister:

Guess now I can get a few lines written to you. Got in billet about 4:30 and had supper, some Macaroni rations, roast cheese, slice of bread and some tea. Then gave myself a good crumming; found several with large families, gave them a good souse of oil of cedar and sardines and hope to rest to-night. Then got my water bottle filled, had my ration of rum and gave a Dixie of water on the stove and am going to make myself some cocoa. Now why wouldn't I be satisfied with this life?

Last night I got word there was some registered mail for me so got permission to go and get it. On my way back I got oranges, pineapples and biscuits and enjoyed the treat. Couldn't help but wish you were with me coming back to see the sights. Atho it was quite bright it was grand. Still have snow and ice in my mustache all day long.

Last night to see the star shells was like falling stars. The machine guns rattling, and sometimes over land and sometimes through the trenches. Along the trench you see dugouts, tunnels, railway tracks, dressing stations and etc. Graves here and there, then perhaps a blinding flash near, perhaps one or a half dozen shells go screaming peace terms overhead to Fritz and when home to this cozy little billet, Fritz lands a shell about 100 yards from me. Then a couple more a little farther off. So you see if you had been with me, you could have seen the sights and no danger. Our billet is dug in the bank with sand bags over it and a corrugated iron roof. 14 sleep here, size about 8x12.

We are up in the front trenches every day fixing everything secure and everyday is about the same. You hear shells from our guns going over to Fritz's lines, and Fritz's shells come across to our lines. Some of them high over us and sometimes sharpnel just over our heads and other times just skim over the trench. Then he sends a few nm jars (shells very much like a jug or stone jar) but you can see them coming and can dodge them alright. Then we send some stoges, gins grenades and can see them going over to Fritz end over end and then Fritz has to dodge some as they can have seven in the air at once from one gun. To-day two were killed where I was and four or five were wounded. One lad came running by his arm nearly off at the elbow and says "I've got a dandy blighty." In other words he meant a trip to England. Then again a fellow fell in a hole in front of me and when he got up said "That's hell to take a fall like that and couldn't break my leg." Perhaps if he had broken it he would have cussed because he would have had to go to the hospital. Well anyway it is a great game and a deuce of a note to be in a trench and not be able to see our shells blowing up. I had a good look to-day as I got in a hole with a sniper and was going to have a shot if anyone poked their head, but no such luck for me.

Hope none
