### Coal Shortage Prevention

This winter we have had a coal "famine" and that suffering has accompanied the shortage is undeniable. The average citizen has a notoriously short memory, but now is the time to impress upon him that, in many cases the suffering was due to lack of foresight. In Canada many people buy in small quantities, often only one ton. If for any cause there is a shortage of coal, improvident householders demand that the coal dealers do the impossible, namely that they supply fuel that is unobtainable. Whereas, had they purchased their coal in the summer or autumn there would be ample supplies available.

While some large consumers, such as manufacturers, cannot store a six months supply, most householders can, with their present bins or with enlarged bins, store coal to meet their requirements till March or April.

In recent years, we have had two coal "mines", first in 1901-2, the year of the coal strike, and second, this year, when the severity of the weather and the extraordinary prosperity in the States caused an unprecedented congestion of freight. A survey of conditions in the United States demonstrates that in the future there will be more coal families than in the past and that they will occur at shorter intervals. For this there is only one remedy: **buy your coal in the summer.** If you have not sufficient stock, ENLARGE YOUR COAL BIN.

### National Service Literature

One of the most valuable of recent literary contributions to the great cause is a booklet by Professor Stephen Leacock, entitled "National Organization for War". In this booklet, Dr. Leacock makes an urgent call for national thrift and national saving. He attacks in vigorous style the evils of extravagance at this crisis in Canada's history, and by trenchant phrase and apt illustration disposes of various common errors in regard to individual spending of money during war time.

This pamphlet was originally published by Dr. Leacock himself, but the National Service Board were so convinced of its value in connection with their Thrift campaign that they have had it republished and have undertaken its distribution. Copies may be obtained by writing to the Secretary of the National Service Board at Ottawa, or by applying to the National Service Director in any Province.

### Our Nanticoke Boys

The following poem was composed by the thirteen year old daughter of Mr. and Mrs. Dave Ward, Hazel M., of Nanticoke, and was handed to this office with request that it be published.

Now friends, I wish to tell you  
About our boys who went to war.  
Of those who have gone to England  
And what they went there for.

First, the Rev. Mr. Shields  
Heard his country call and said  
'I shall go protect my country  
For it all my blood I'd shed.'

Next came noble Redmond Kinchinslar,  
And he said, 'I shan't stay here,  
I must go and save my country.'  
For him we've shed many a tear.

Then our good old friend George Howey  
Said, 'Mother I'll start anew,  
I've been wrong to stay here all year,  
To my country I'll prove true.'

Now came Mr. Earnest Porritt,  
A very popular young man,  
He has gone to help his country  
And he'll do the best he can.

Then the gallant young Ralph Townsend  
Responded to the call,  
He is brave and for his country  
He will stand or he will fall.

Next came Sydney Nelson  
A very upright young lad,  
He made his young friends proud of him,  
And his mother proud and glad.

And Charlie Merland and Aaron Dosser  
Answered the battle-cries  
And they left their wives and children  
In the care of One on high.

The next to go was Archer Brand,  
A brave, courageous youth,  
He proved to be a friend we might  
Feel proud of, in truth.

The well known Ira Evans  
Heard his country's call and cried,  
'I will go and save my country,  
And the German be defied.'

The next were Addie and Bert Kindrey  
Well known to you and me,  
They went to save their country  
And keep their people free.

Then the well known Donald Smith  
Said, 'Those Germans are the worst,  
I will go and teach them their right place,  
And he went among the first'

The next was Frederick Lee  
He went among the rest  
Of those who proved true to their land,  
The fairest and the best.

And now all these courageous boys  
Have gone across the sea  
And just to think that they have gone  
There

To fight for you and me  
Now to show our gratitude  
Let's send them all a letter;  
A box of clothes and good warm socks  
Or food that they'll like better.

And they are not the only ones,  
There's been many, many others,  
So let us comfort those they love,  
Their friends and weeping mothers.
