Recruits Wanted for Production

Just as surely as lack of food is strangling Germany day by day, so plenty of food is winning the victory for the allies. The French armies, for instance, were never better fed than now, for France cannot forget the awful lesson of 1870—the failure of her food supply. To this she attributed the loss of that war.

To feed the French soldiers around Verdun, more than 25,500,000 pounds of food a week were required. This gives a faint idea of the colossal task of feeding an army. Canada and Britain have a huge army of fighting heroes on the line; every man must have plenty of food, in spite of a world shortage. Upon Canada's food production all principally rely.

The Farmers of Ontario Urgently Need Help

The Department of Agriculture appeals to men and boys to enlist in the farm help campaign. The Department appeals to men unfit for military service, or who find it impossible to enlist in the army. Do your "bit" by helping to increase production of foodstuffs. This is your hour of opportunity.

The farmers of Ontario need the help of retired farmers, of men following no occupation (retired), of business men who can spare a portion of their time. We appeal to all who can so arrange their ordinary affairs to plan to help some farmer friend, particularly in seed time and harvest.

Confer with your county District Representative of the Department of Agriculture, or write, "Farm Help Campaign," care Department of Agriculture, Toronto.

The new Forty Bed Pavilion at Saskatoon Free Hospital constructed last fall but which, owing to shortage of coal and the difficulty of securing help, the Trustees were obliged to stand idle during the winter, will be ready shortly. Although one hundred additional beds were added last year, this great hospital again finds itself in providing accommodation for one hundred patients and the addition of forty more beds is anxiously awaited by those in charge.

Keep up the Food Supply and Help Make Victory Sure

"I AM assured that my people will respond to every call necessary to the success of our cause—with the same indomitable ardour and devotion that have filled me with pride and gratitude since the war began."
His Majesty King George

OUR soldiers must be fed; the people at home must be fed. And—in spite of Germany's murderous campaign to cut off the Allies' Food supply, by sinking every ship on the High Seas—an ample and unfailing flow of food to England and France must be maintained.

This is National Service—
Not to the Farmer only—
But to YOU—to everybody—
This appeal is directed

WE must unite as a Nation to SERVE—to SAVE and to PRODUCE. Men, women and children; the young, the middle aged and the old—all can help in the Nation's Army of Production.

EVERY pound of FOOD raised, helps reduce the cost of living and adds to the Food Supply for Overseas.

PLANT a garden—small or large. Utilize your own back yard. Cultivate the vacant lots. Make them all yield food.

WOMEN of towns can find no better or more important outlet for their energies than in cultivating a vegetable garden.

Be patriotic in act as well as in thought.

Use every means available—
Overlook nothing.

SOME GOOD ADVICE

If you have a cough, get rid of it by killing the germ.
If your hair is falling out, stop it.
The hair is the life of the head.
It is the life of the face.
It is the life of the body.
It is the life of the soul.
