

## Exemption Tribunals.

Exemption Boards have been chosen in such a way as to make them absolutely independent and removed from all influence. There are over 1,250 boards throughout the country, each composed of two men, one appointed by the county judge in the district concerned and one selected by a joint committee of the Exemption Board to decide after having received full information in each case.

Exemption will be granted to those who can establish that it is in the national interest that they remain in civilian life. This is for the Exemption Board to decide after having received full information in each case. The grounds on which exemption may be claimed (which are similar to the grounds recognized in Great Britain and the United States) are as follows:—

- (a) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is habitually engaged.
- (b) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications.
- (c) That it is expedient in the national interest that the man should, instead of being employed in Military Service, be engaged in other work in which he is being educated and trained.
- (d) That severe hardship would ensue if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position.
- (e) Ill health or infirmity.
- (f) That he conscientiously objects to the undertaking of combatant service and is prohibited from doing so by tenets and articles of faith, in effect on the sixth day of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he in good faith belongs.
- (g) That he should be exempt because disfranchised under the War Time Election Act.

No Claim for Exemption should be put forward unless one or other of these grounds in fact exists, and no loyal citizen should assist in, or allow himself to be made a party to, any Claim for Exemption unless thoroughly satisfied that it is made in good faith.

Exemption may be applied for by the men selected themselves or by their parents, near relatives or employers. Application for exemption must be made on printed forms to be found at every post office, which are to be filled in and left with the postmaster if exemption is desired. The postmaster will forward the form to a Registrar, who will send it to the appropriate Exemption Board. In due time, then, the Applicant will get notice as to when he must present his case before the Board.

Issued by The Military Service Council.

## Can You Feed More Live Stock

If so You will be Interested in Conditions under which Freight Charges will be Paid for you on Car Lots

The Ontario Department of Agriculture is anxious that the splendid crops harvested this fall should be used to best advantage. In many cases this can be done by feeding a few more head of cattle or sheep for breeding purposes. The Department therefore calls attention to the announcement of the Federal Minister of Agriculture offering to pay freight shipment on car lots from Eastern Stock Yards to country points.

Please note these facts:

Individually or in cooperation with your neighbors you can purchase a carload of heifers or ewes or both combined and have them shipped from any eastern Stock Yard to your station without any cost of freight charges. You will be required to make a declaration that the stock is for breeding purposes only.

Any farmer or drover can purchase a carload of cattle for feeding purposes on the Winnipeg market and have them shipped to any country point in Ontario upon payment of only one half the usual freight charges.

Feeding at the Toronto Stock Yards available at Reduced Rates and expert assistance is at disposal of farmers.

"Every effort should be made to bring the surplus stock of some sections to the surplus feed of others. All indications point to a steady demand for the meat supplies of this country for some time to come."—Sir William Hearst, Ontario Minister of Agriculture.

The District Representative will assist you in organizing a cooperative car for your district if desired or in giving any other information.

GEO. L. WOLTZ, Dist. Rep. for Haldimand.

## Important Freight Concessions on Stock

Mr. Geo. L. Woltz, local representative of the Ontario Department of Agriculture is co-operating with the Honorable Marquis Burrell in carrying out the plan recently announced, by which important freight concessions apply on carload shipments of cattle and sheep and also on stockers and feeder cattle to country points.

Ontario breeders will be particularly interested in the Free Freight Policy included in the Minister's announcement. Under this policy female cattle under two years of age and ewes three years or younger may be shipped from any Canadian Stock Yard to local points without the payment by the purchaser of freight charges on the same. By arrangement with the Railway Companies twenty-five per cent of these charges will be rebated by the railroads and the remaining seventy-five per cent will be collected by the railway companies direct from the Dominion Live Stock Branch. The shipper will be required to make a bone side farmer and that the stock so returned is for his own use or that of his neighbors and is for breeding purposes only. Representatives of the Dominion Live Stock Branch, who are now employed in connection with other work at the different Stock Yards, will be prepared to render assistance to shippers in assembling their consignments if so desired.

Farmers who are in a position to handle additional cattle for feeding purposes this winter or for finishing on grass next summer will receive a rebate of twenty-five per cent of freight charges paid on any carload shipment which they may purchase on Eastern Stock Yards. This rebate is being granted by the railroad companies following regulations made by Mr. Burrell regarding the need of making the fullest use of Ontario's abundant supplies of feed in increasing the beef supply of the country.

Owing to scarcity of feed in many parts of Western Canada this Fall there has been a heavy run of stocker and feeder cattle in the Winnipeg Yards during the past few weeks. In view of the fact that feed conditions in eastern Canada are so satisfactory and the demand for feeding is so general the Dominion Department of Agriculture has agreed to pay 50 p.c. of the freight rate paid on carload shipments of feeding cattle from the Winnipeg Stock Yards consigned to country points in Eastern Canada. This concession will be applicable to both drovers and farmers alike. Shippers consigning to Eastern Stock Yards from the Winnipeg Yards will not be entitled to this reduction, however.

The District Representative will be glad to furnish any further information desired and assist farmers in arranging for co-operative shipments if desired.
