### Give 22nd June to Allied Cause

Make no engagement for that day save the one with the Nation.

Preparations are rapidly nearing completion for the spectacular task which Canada will undertake on Saturday, June 22nd—that of registering in a single day 5,000,000 men and women.

That the task is a stupendous one is best appreciated when one considers the vastness of the country and the wide stretches that are only sparsely settled. But the importance of the work is such that there can be no thought of anything but unqualified success.

In order to facilitate the work you should plan to be at the registration booth at the earliest possible moment on Saturday, 22nd June. There are a number of questions which you will be required to answer and this necessarily means that a considerable time will be required for each registrant. If there is delay it must be borne with patience, strengthened by the knowledge that the information proposed to obtain is essential to a proper prosecution of the war. Make no engagement for Saturday, 22nd June. Contribute the day to the Allied Cause and help to make the National Registration a success worthy of Canada's great war record.

The management of the Western Fair, London, Ont., are planning this year for a larger and better Exhibition than has ever been held before. They are co-operating with the Government and placing space at their disposal for Exhibits of all kinds. A conference was held between the Executive Committee and Mr. S. Roy Weaver, a representative of the Food Controller's Office, Ottawa, and arrangements are being made whereby an exhibit of very great interest will be put up by that department. The Process Building will be entirely taken up by a Pure Food Show, which will be something new and of fairly great interest. Space in all the buildings is being taken very rapidly and everything indicates a greater success this year than ever before.

Prize Lists, Entry Forms and all information will be given promptly on application to the secretary, A. M. Hunt, London, Ontario.

It having come to the attention of the authorities that some grocers in the country are selling matches bought before May 1, at advanced prices, and professing to have paid war tax upon them, warning is issued to the public that all matches upon which war tax has been paid will bear a special war tax stamp, which will not be found on matches dealers may have had in stock before May 1. Dealers have until July one to dispose of these stocks, after which they may become liable for taxation.
