Flax Seed Production

The Colonial Secretary has requested that publicity be given to the fact that an arrangement has now been made with the Wayland Company of Winnipeg, to carry out the British Government's programme for flax seed cultivation in Canada. It is represented that the present situation in Russia and the greetly increased national demand for aeroplane fabric make it essential that every effort should be put forth to increase the cultivation of flax within the British Empire. Great importance is attached by the War Office to the success of Colonel Wayland's efforts to the end that the cultivation of flax seed in Canada receive all possible skill Jarvis, on Wednesday, May 29th, at 2.30 and care from the farmers concerned.
