mers Wallpaper to

and McIntosh Red are two of the most popular dessert varie ties. These are both in good condition in November, but, while the Fameuse does not keep well, as rule, much after the New Year, the McIntose grown in some districts will keep in good condition until March. Ribston Pippin, Hubbardston and Tomkins King are three more apples of high flavour for November and December or later. Jonothan, while not grown to any grown to any extent m Canada outside British Columbia, is shipped East in boxes. It also comes from the Western States and can be de pended upon until about the New Year, It is a handsome apple of good quality After the New Year

the Northern Spy is, perhaps, the most popular apple in Canada lut as the supply is limited and they can be kept until late in the winter or spring, some of the sorts, which do not keep well much after midwinter may be used first. Among such are Rhode Island Greening, Baldwin, Wagener and Esopus Spitzenburg. For late Winter and Spring, in addition to Northern Spy, varieties which are usually available are Golden Russet or Nonpareil, Stark and Ben Davis, and, in Boxes from the West, Yellow Newton, Winesap, Stayman Winesay and Rome Beauty. Stark and Ben Davis are the least desirable for dessert purposes, and Stark is not acid enough for the best cook ing. There are other good variet

The "Flu" situation remains about the same in Jarvis and vicinity, although the general opinion seems to be that the epedemic has started on the decline. The health authorities, however, have deemed it necessary to forbid the opening of the schools, churches, etc., till after November 10. We are pleased to report that Dr. O. J. Newell is able to be around again.
