CREONOID
Makes the
How-house Sanitary

A perfectly sanitary hen-house means profitable hens! It's merely a matter of keeping the interior of the hen-house free from lice, flies, mites, etc. This is easily done with Creonoid—a sanitary product which no vermin can stand.

Creonoid also protects your chickens being protected by flies and increases their yield of milk.

Ask your dealer for it.

Used to Protect

Animals from flies and mosquitoes. Remember a can of Creonoid in July and August will pay its cost many times over by increased milk production.

E. T. CARTER.
