D. Fisher, of Charlotteville, has sold to a Hamilton group the portion of his lake front property known as Fisher's Glen, and it is likely the place will be developed into a public summer resort.

Buy Your Coal Now

A survey of the coal situation by the Commission of Conservation proves that a coal shortage next winter, and possibly next autumn, is almost a certainty.

During the week ended May 24th, the output of anthracite was only 1,679,000 tons. It is production is 65,000 tons less than the week preceding, and is 328,000 tons less than the corresponding week in 1918. While the production is falling off, retail dealers in the United States continue to be deluged with orders from customers who are insistent upon prompt deliveries.

Up to June 7th, of the present year, the total production of anthracite was only 33,348,500 net tons as compared with 42,858,000 tons in the corresponding period of 1918, a decrease of 9 1/2 million tons, or 22 per cent. It is a fair assumption that the production during 1919 will be less than 80,000,000 tons, whereas the production in 1918 was 99,514,334 tons. If this prediction be verified, there will be a shortage of 20,000,000 tons, or 20 per cent.

The shortage is due to a number of causes, not the least of which is the migration of tens of thousands of Juro-Slavs, Czech Slavs, Hungarians, Poles and other Europeans who are returning to Europe.

In addition, if there is such a serious shortage, we may confidently expect much higher prices for anthracite. Therefore, the Commission of Conservation advises consumers to purchase their winter supply of hard coal at the earliest possible date.

Sandusk W. I.

On the afternoon of July 28th, Sandusk W. I. held their annual meeting at the home of Mrs. J. E. Pond. Mrs. W. H. Evans of Manticoke, gave a splendid paper on "The Ideal Woman" which should prove a stimulant to higher and better living. Miss Wicks of Nanticoke added variety to the program by a humorous reading on Boys. Mrs. Hunter, of Toronto, who sacrificed two sons for our liberty spoke on "Our Citizenship." Mrs. Hunter surely believed in her goods and delivered them with eloquence, enthusiasm and a grace befitting woman-kind. She urged the woman to live up to their highest privileges and said we could not separate our religion and our patriotism. Righteousness exalteth a nation. She said, Canada had no room for the man or woman who cared only for themselves. Every man and woman owed a debt to their country and showed how women could help a nation through such organizations as the W. I. She also on the public health and said, that in 1918 one million men were killed in war, in the same year the same number of people died of tuberculosis. Surely there was work along that line for women.

After the singing of the National Anthem the Sandusk ladies spent a social hour with their Nanticoke friends during which time lunch was served and a spirit of sisterhood, sociability and helpfulness was plainly evident.

Varency W. I.

A special meeting of the Women's Institute was held at the home of Mrs. Chas. Buck on June 24th, 1919, about fifty being present.

The program consisted of recitation by Miss Irene Jaques which was rendered in her usual pleasing manner.

An address by Mrs. W. H. Evans, Nanticoke, "Saving Steps" in which this important point was brought out that all household improvements which can be provided to conserve a women's strength will greatly to her power and efficiency. Graphophone music by Mrs. Webb. Reading by Miss Clara Bain, "My Philosophy" which was much approved by the speaker. Mrs. Hunter, Brampton, Ont. Mrs. Hunter then gave an address on "Our Greatest Asset. The children," which was listened to with great interest by all. Mrs. Hunter strongly emphasized the support of every woman on "Establishing of Mother's Pensions", "Abolishment of the Liquor Traffic", and the "The Children's Aid Society."

The meeting was brought to a close by singing The National Anthem after which the ladies served Ice Cream, lemonade, cake, etc.

Mrs. Hunter while here was entertained by Mrs. W. Doughty, Jr.

Falls-Biggar

A happy event took place on Thursday, June 19th, at the home of Wellington Biggar when Miss Lillian, his eldest daughter, at high noon was married to Mr. Thomas A. Falls, of Walpole. Miss Blanche Biggar presided at the piano and in a most pleasing manner played the wedding march while Mr. Biggar conducted his daughter to an artistically arranged arch under which the marriage took place. The bride was beautifully gowned in a Mauve Silk with touches of cream and carried a sheaf of white bridal roses while her hair was adorned with rose buds. The house was suitably decorated with ferns and roses for the occasion. Only a few of the relatives and friends were present to witness the ceremony. This was performed by Rev. G. E. Smith. A delightful wedding lunch was greatly enjoyed by all and from the well laden tables the inner needs were well looked after. Several large proportioned cheques and other costly presents indicated the high esteem in which the happy couple were held by their many friends. During the afternoon the happy couple left on a motor trip to Hamilton, Niagara and other points.—Hagersville News.

Wheat Pest Now

The wheat crops in Haldimand county never looked finer than they do this year, and it is to be hoped that the grain will be harvested without any serious drawbacks. But the "wheat joint worm" which has ravaged Middlesex county crops considerably, has made an appearance in this district, though the damage caused is not of any great extent as yet.

The worm cuts down the stalk at the first joint, thus cutting off the flow of sap to the head of wheat. We have a sample spear of wheat at this office which looks perfectly formed in every way, but there is not a grain of wheat beneath the husk. This is the first known appearance of the worm in this county, and Mr. George Wolts of the Department of Agriculture, believes its ravages are very wide spread.—Advocate.
