A stone about the size of a potato was
thrown through the plate glass window
of Mr. Jonathan Porter this morning and
was heaved with such force that it rolled
through the shop into the dining
room. The culprit who did the deed
was not seen and is as yet unknown. A
heavy fine should be given to the guilty
one, if found, as whether done by deli-
berate intent or accident, if the person
is not man enough to face the music, he
should be taught that plate glass prices
are on a war schedule and are not to be
a weekly luxury to country tradesmen.

Lethong-Snyder

A quiet and very pretty wedding was
solemnized in St. Paul's church, Jarvis,
this Wednesday morning, at 8 o'clock,
when Ethel May, only daughter of Mr.
and Mrs. Gideon Snyder of this place
was united in marriage to Mr. Argyle
Lethong, who has recently returned from
overseas. The service was conducted by
the Rev. J. Hirst Ross, L. Th., Rector of
the parish. The bride, who was given
away by her father, was dressed in her
going away gown of Navy Blue trimmed
with grey, and hat to match.

The happy couple left on the ten
o'clock M.C.R. express for Detroit where
after a short honeymoon they will reside
at 108 Rosslyn ave., N. Hamilton.

Both of the young people were well
and favorably known here. The bride
was a leading worker in the Anglican
church, where she has occupied the po-
sition of organist for a number of years.
She was also identified with the local war
organization, and was an ever ready help-
er in all worthy undertakings and her re-
moval from the village will have a va-
cancy that will be extremely hard to fill.

The groom was a member of the 173rd
Highland Battalion of Hamilton and be-
fore signing up for service was employed
as engineer at the local grist mill.

The whole community will extend to
the happy couple the sincerest of best
wishes for success in their new home.

the pleasure of meeting during his brief
stay here. Mr. Bradshaw states that he
is doing very well in the "Ambitious
City" and is eagerly looking forward to

St. Paul's Anglican church here, has re-
ceived and accepted a call to St. John's
church at Cayuga, and will preach his
farewell services on Sunday, June 29th.

Rev. Ross, who has filled the rector-
ship of the Parish here for the past sev-
en years, has endeared himself to the
whole countryside by his unusual ver-
satile attainments. A splendid mixer,
a fine speaker, a theologian of a high or-
der, his removal is universally felt to be
a distinct loss to the village and com-
munity. It is the universal wish of the
village people, irrespective of creed,
that the best of this world's goodness
will be his where he is placed.

As yet no appointment has been made
to the charge here.

Going Along Nicely

The contractors, Messrs. MacConnell
and Hicklin, who are building the road
from the westworth town line to Jarvis,
are getting along nicely since the weather
conditions has improved. They have a
long strip ready for the top dressing be-
tween Caledonia and Westworth. If the
weather keeps favorable this piece of
road should be open for traffic in a month's
time. This week the road from Hagers-
ville to Caledonia will be started, work
commencing at the Hagersville end. The
contractors had a lot of hard luck when
they first started, as it rained every day,
and they claim they will have the whole
contract finished this year. The work so
far done is very satisfactory.—Haldimand
Advocate.

I am leaving in a few days for Reed-
ley, California, and tradesmen will
please take notice that my new address

under the impression that I am being
helped to leave Jarvis by the kindness
of a friend, but if the said person will
come to me I will inform them where I
have raised the money to go with.
Signed—MRS. J. HELWIG.

Natural Gas Cannot be Stored

WEATHER
PROBABILITIES—Fine and Warm

Nature provides the only practicable storehouse for
natural gas.

Artificial containers would add too greatly to the
price of the gas.

The gas you burn in your stove to-day was only
a few hours ago lying deep in the earth, where it
has lain undisturbed for ages.

But because it comes to you so easily and so
cheaply be sparing in your use of it. It is too
precious to waste.

Although natural gas is cheap, do not
waste it, the supply is not everlasting.
