#### To The Electors Of the County of Haldimand

Ladies and Gentlemen:

At a large representative and enthusias tic Convention held in the Court House, Cayuga, I was unamimously nominated as a candidate for election to the Legislative Assembly at the coming election for the Province of Ontario,

The farmers of Outario have felt the the handicap of not having their calling tures, etc. represented in the Legislature to anything near the extent to which its importance is Your repair needs will receive entitled, and having organized United Farmers' Clubs throughout a large part of the Province, they have decided to place a number of candidates in the field. OUR WORK IS GUARANTEED This is considered necessary owing to the present unsatisfactory conditions in the R. A. McCarter Block farmer unable to secure much needed help but owing to educational, social and economic cenditions at present existing his own sons and daughters are seeking other callings, and the farms of Ontario are in many cases being left in the hands Epworth League and Prayer Meeting of the older people. This unsatisfactory state of affairs, accompanied by the fact that many farms are already abandoned, produces a condition that if not checked can only end in disaster to the whole Province. From the advice criticism and blame

given to the farmer through the daily press, it is evident that the rural problem is not comprehended, if not entirely misunderstood, and the farmer has come to Friday-Adult Bible Class in the to realize that they must solve the problem for this purpose there is no disposition to become merely a power unto themselves, and a law unto everybody else. While endeavoring to better their own position, there is no desire to see others suffer. We ask nothing for ourselves that we are not willing for others to have also, and we deplore the efforts put forth to set the people of the towns and villages at varience with us, for we realize that in our Our Rally Day in connection with our afforts we need their sympathy and co-Mr. and Mrs. Wesley Jennings, of register Miss Bessie Thompson of Dundas, prizes at the school fare held at Water- and villages are producers as well as coner consumer than the average town or The pupils of our school secured 26 village family. differences, misunderstandings and prejudices in the melting pot of this reconstruction period, and to add thereto a huge desire for better conditions, an ardent longing for better relationships and a clearer understanding together, with a great hope for justice and trnth, and let the refined, unalloyed product be unity, fraternity and good will,

The forces with which we have to contend are ignorance, organized greed and entrenched selfishness, an economic condition which makes it possible to pay wages which will command the labor re quired, and then through costly living conditions to take the amount back again and leave the worker little. if any, better off than before. The farmer is as much the victim of costly living conditions as any other class. We welcome investigations of our business capacity to make

undue profits. It behooves the people of the conutry at this time to stand united and firm and be able to show their determination that profiteering and graft will no longer be tolerated, and that the taxes necessary o meet the requirments of our enormous public debt shall rest most heavily upon

those best able to pay. 

advocate: 1. That thrift and hard work, which alone can save the situation be applied to every department of the public service. 2. That patronage, with its costly evils, be entirely abolished, and that all

appointments and promotions be made on qualification alone. 3. That all public utilities be owned and operated for the public welfare. 4. That a valuation of all lands held
