Coal Oil Heaters

Any Chills In Your Home?

PERFECTION Oil Heaters are to-day driving cold out of the living room, den, bedroom, dining room or bathroom, day or night, in more than 500,000 homes.

The little heaters measure about twenty-five inches in height and twelve inches in diameter. They are light in weight and easy to carry from room to room. They burn coal oil, the ideal fuel. It's the one fuel which is everywhere available, easily to handle safely, low price and efficient, (that is it produces a great deal of heat at low cost). They are easy to operate and easy to care for.
