

# Everyone Who Bought Canada's Victory Bonds Made Money.....

**E**VERY one of the million and a half subscribers to Canada's Victory Bonds knows that he can sell them today for more than he paid for them.

Every one who bought Canada's Victory Bonds has received 5 1/2 per cent. interest per annum—paid twice a year.

Over half a million Canadians who bought Canada's Victory Bonds on the instalment plan saved money that they would not otherwise have saved.

The guarantee back of Canada's Victory Bonds is the same as the guarantee back of a One Dollar or a Two Dollar bill. There is this difference, however, that you get interest on the Victory Bonds and you don't on the One or Two Dollar bill.

Canada's Victory Bonds will always be accepted as security for a loan.

Banks are ready to loan money on Canada's Victory Bonds.

Canada's Victory Bonds may be turned into cash at any time.

There is no other way in which you can invest your money with such absolute security—paying such a good rate of interest.

Canada will soon give her citizens an opportunity to buy Victory Bonds 1919. It will probably be the last chance to buy Canada's Victory Bonds on such favorable terms.

*Prepare to buy as many Victory Bonds this time as you now wish you had been able to buy the last time*

## Keep the Home Fires Burning

Keep the home bright and cheery so it will be ready to welcome the boys when they come back from "over there."  
Music is a vital necessity in times like these. No other agency can so effectively "turn the dark clouds inside out" as the stirring songs born of the terrible war. You can have these songs played by the greatest military bands, sung by the best singers, and join in the chorus yourself, if you have a

## BRANT-OLA

### DIVIDENDS

Our Annual Dividend Policy is the "last word" in life insurance. If the dividends are used to reduce premiums the substantial reduction of the second and subsequent premiums is "felt in your pocket."

If the dividends are accumulated under the P. and M. method they provide for the early maturity of your policy—and in the event of prior decease, the accumulated profits and interest are added to your estate, for example:

Under the P. and M. method Ordinary Life Policies have become fully-paid up life policies in from eighteen to twenty-five years, according to age, thereafter receiving annual cash profits. Ordinary life policies have also matured as endowments.

Twenty-Payment Life Policies have become fully paid up in less than fifteen years, receiving annual cash profits thereafter. They have also matured as endowments.

Endowment Policies have been paid in cash several years earlier than the date set forth in the contract.
