September Wedding

MOYER-JONES

The marriage of Marjorie Irvine, only daughter of Mr. and Mrs. J. Hill Jones of Jarvis, to Mr. Herbert Ardagh Moyer, of Kitchener, took place (to-day) Sept. 10th, at St. Paul's Church, the Rev. J. Hirst Ross assisted by the rector, Rev. G. R. Wreford, officiating.

Precisely at one o'clock, to the strains of Mendelssohn's Wedding Mtrch, played by Miss Frances Newell, the bridal party entered the church. The bride, who was given away by her father, looked charming in a draped gown of Ivory Duchesse Satin trimmed with pearls, the train being lined with pale pink crepe and the bridal veil of Brussels net wreathed with orange blossoms. The bouquet carried was a shower of Ophelia roses. The bridesmaids were, Miss Laura Belt gowned in mauve Georgette crepe and Miss Dorothy Kent in mauve Georgette crepe, both wearing black picture hats and carrying pink roses. Mr. T. D. Forsythe was best man and Mr. C. W. Moyer and Captain A. D. Proctor were ushers.

Mrs. Samuel N. Robinson, cousin of the bride, sang "Because" by Guy D. Hardelot, while the register was being signed.

The reception was held at Maplehurst, home of the bride's parents, the bride's mother wearing a gown of grey flon's crepe and small hat with mount of Ostrich, carrying a bouquet of sweet heart roses. Following the reception, Mr. and Mrs. Moyer left for a motor trip through the Berkshire Hills, the latter wearing a gown of navy blue chequered Taffeta with hat trimmed with eagle feathers and blue velvet motor coat with black fox furs. On their return Mr. and Mrs. Moyer will reside in Waterloo.

Walter-Henning

A very pretty wedding was solemnized at the Methodist church, Jarvis, on Wednesday, September 3rd, when Lucy, second daughter of Mr. and Mrs. Wm. Henning, was united in marriage to Mr. John Walter, only son of Mr. and Mrs. Chas. Walter of this place.

Promptly at 3 o'clock the bride entered the church on the arm of her father to the strains of the Wedding March, played by Miss Elva Walker, of Nanticoke. During the signing of the register Miss Myrtle Norrie sang "Because".

After the congratulations Mr. and Mrs. Walter left for a trip to Toronto and other points east.

Mr. Steven Allen has improved the appearance of his town property on Main street by the erection of a verandah to the front of the house. Needless to say the addition makes a great improvement to the property.

Wednesday of last week Mr. Lea Marshall met with a painful accident at the Black Creek Creamery. A bottle of sulphuric acid burst and the contents were spilled all over his clothes which were practically burned off him. He was severely burned and is, now carrying his arm in a sling.—Port Dover Maple Leaf.

Card of Thanks

Mr. and Mrs. E. A. Wright and family and Miss Jennie desire, through the columns of the Record, to extend to their friends and neighbors and also the choir of Knox and Chalmers churches their deepest appreciation for their kindness shown them in their recent bereavement.

U.F.O.—U.F.W.O.

The second point is Education.—Principal Scott used continually to draw attention of his students to the root meaning of that word—"The act of leading forth."

Now the question is how do we purpose to educate ourselves along the lines necessary to fit us for wise action.

Why? Surely past history of the Farm situation, and present condition show the dire need of our understanding, our real condition, our importance, our responsibility and how to measure and how measure up to these into a somewhat adequate degree.

We will therefore confine this letter mainly to "how" this Education is to be achieved.

It will not help us grown-ups materially, to improve our schools, though that is absolutely essential for the proper training of these rural boys and girls who will be the men and women of to-morrow.

We do not intend to overlook that phase. But for ourselves, this training must come through ourselves—"There ignorance is bliss 'tis folly to be" BLISSFUL.

Indeed after our rude awakening to the fact that greater than any personal right, or liberty however sacred is the nation's claim on her citizens we must get to work. If this was true in war time much more is it true in peace time for peace is greater than war. And the arts of Peace can accomplish far more for the uplift and betterment of the human race than it is possible for war to accomplish, men and women in all walks of life will give to these arts the same energetic action.

We must educate ourselves, develop ourselves, cease to live only in the narrow plane upon which we have allowed ourselves to become well nigh fixed.

Organize for a definite purpose—Education—read everything we can find which will enrich our lives and widen our own vision.

Three papers at least should be in every Farm Home, your home paper unless it is antagonistic to the aims of Organized Farmers, yes whether it is or not, for you can mould local opinion if you wish, the official organ of the U.F.O., "The Farmers' Sun", and for a view of the wide scope of the Farm movement the Grain Growers Guide. Take more if you can but these three by all means.

Then have a live Secretary who keeps in constant touch with Central and gets the bulletins, pamphlets etc., etc., which our leaders are putting out for us. Mind you that office is ours. It exists solely for our benefit, and deserves and should have, must have, our enthusiastic support if we are to accomplish anything.

Embrace every opportunity to hear our speakers, they are practical Farm folk every last one of them and are "sent out" to you by those whom you at convention elected to be at the head of your organization. They come or are "sent" to you only on request, and never with a stereotyped message, which some wishes you to hear.

They talk upon the platform whose planks you examined and approved in convention, the whole system is democratic. One likes to emphasize that.

Tom, Dick and Harry, has been organizing us so long and telling what he thinks we ought to know for so long that we can hardly grasp the great big truth that this U. F. O. and U. F. W. O. is the Farm Folk organizing themselves to further their own interests, as a great factor in the nation's interest and prosperity.
