Any House painted with THE SHERWIN-WILLIAMS PAINT

looks like a new house. S. W. P. is the most satisfactory paint to use. Gives the best protection at the smallest cost.

When you paint, it will pay you to remember S. W. P.

Get it from us

YOU and your home have got to be pretty close companions for the next eight months.

Is this close companionship to be a bright and happy one, with every part of the house gleaming with good cheer and reflecting your good taste in home decoration.

Look ahead. Picture the dreariness and darkness of winter.

Then picture your home when the walls are beautiful with Flat Tone, when the floors shine with Marmot or Floorlac, when the woodwork and furniture stand proudly forth in their new coats of Excello, when the bathroom is snowy white with Sherwin Williams Old Dutch Enamel and the whole house protected with S. W. P. (Sherwin Williams Paints Prepared.)

Whereas the rural population of Ontario has been declining for many years, being now 139,000 less than it was in 1881 and this in spite of natural increase in population, immigration, and the extension of settlement;
And whereas rural life has been rendered difficult and trying, and farm production has been checked;

And whereas rural districts are justly attributable to the unequal to the unequal rewards of farm and town industry, owing to the dominance, in Parliament and Legislature, of privileged urban interests;

And whereas the Provincial public debt has increased at an alarming rate (now exceeding 100 million dollars) and the annual expenditure of the Province has increased almost five-fold in the last 15 years;

We, therefore, the United Farmers of Ontario, deem it our duty, to ourselves and the Province, to seek independent representation in the Legislature, with the following objects:

1. To cut out all expenditures that are not absolutely essential.
2. To abolish the system of party patronage.
3. To limit governmental activity respecting commercial co-operation to legislation facilitating co-operative effort, to the keeping of accurate records, and to general education along co-operative lines.
4. To provide equal educational opportunities for all the children of all the people, by greatly extending and improving educational facilities in the rural districts.
5. To substitute for the policy of expensive Provincial highways a policy of organized continuous road maintenance, and of making good roads for all rather than high-grade roads for a few, the cost of road construction and maintenance being equitably distributed between between city and country.
6. To promote a system of forestry which will maintain and increase the public revenues from this source, protect, and perpetuate our forest resources, reforest the waste places of Old Ontario, and encourage municipalities to engage in reforestation enterprises.
7. To encourage and cheapen Hydro-Electric development and maintain effective public control over it.
8. To enact and enforce such prohibitory legislation against the liquor traffic as the people may sanction in the approaching referendum and as lies within the power of the Province. Prohibition is an integral part of the Farmers' Platform, and the U. F. O. will use its influence in that direction.
9. To extend the policy and practice and the Referendum.
10. To apply the principle of Proportional Representation to our Electoral methods.
