New Pest Invades Corn Fields

The European Corn Borer, now fairly
common in several of the American
States, is very liable to be imported into
Ontario, and farmers are asked to co-
operate with Government officials in
readily reporting attacks of pests of a
suspicious character.

The Borer attacks corn, potatoes, oats,
flowers, and garden crops, and is particu-
larly injurious to sweet corn.

It is recognized by holes in the stalks
of the above mentioned plants with saw-
dust-like material issuing from them in-
dicating the presence of the borer or
caterpillar. In the case of corn, broken
tassels also show where the borer is at
work.

If the infested stems are split open the
caterpillars will be found at work. These
are often found just above the roots. The
insect spends the winter as a caterpillar
in old stocks of corn or other food plants
and changes to a reddish-brown pupa late
in the spring. The pupa soon turns into
a moth.

All persons are urgently requested to
keep a constant lookout for this most
dangerous pest and report immediately
all suspicious cases to Geo. L. Woltz,
Agricultural Representative, Cayuga.

recently at the Winding Hill Woodhouse,
with Mr. and Mrs. A. W. Walker.

Municipalities in Ontario hereafter
may, by passing by-laws, limit the sale
of temperance beers to the holders of
standard hotel licenses. At present res-
taurant keepers in almost every city and
town are selling beer of less than 2 1/2 per
cent. There is little control of its sale.
An order in Council has been passed and
published in the Ontario Gazette which
says cities, towns, villages and town-
ships may pass by-laws "for granting the
exclusive right of re-selling in the
municipality malt products commonly
called temperance beers, to keepers of
standard hotels licensed under the On-
tario Temperance Act." Such laws
may be passed after September 1st, 1920.

The latest available Game Laws of
each Province including the International
Migratory Birds Act are included in
ROD AND GUN IN CANADA for August.
This issue of Canada's sportsmen's
monthly contains seven live-blooded
stories of adventure with canoe, gun,
rod and trap in Canada. In addition to
these stories of fact and fiction there are
the usual high class Guns and Ammu-
nition Department for the "gun crank";
the Angling Department for the Walto-
nian and the Kennel and Conservation
Departments for the admirers of the
canine and lovers of true sport. A.
Bryan Williams, the well-known big
game hunter takes the reader on another
"leg" of the hunting trip into the hills of
British Columbia, after sheep and goats.
ROD AND GUN IN CANADA is published
monthly by W. J. Taylor, Limited,
Woodstock, Ont.

Constipation Cured By Christian Science

Seventy five people out of one
hundred can be cured by Christian
Science methods, which prove the
great power of the Mind over the
Digestive Apparatus and the fre-
quency of Nervousness as a cause of
Constipation.

When these methods fail
Hacking's Kidney and Liver Pills
are recommended. They are purely
vegetable and do not Grip or Irri-
tate; many people have found them
excellent for Headache, Dizziness,
Bad Breath, Coated Tongue, Loss of
Appetite, Indigestion, Gas on the
Stomach, and many other evils that
are due to Constipation.

Where there is Extreme Nervous-
ness and you are "all run down" and
"tire easily" it would be just as well
to take

Hacking's Heart and Nerve Remedy
along with these Pills. This com-
bination goes well together and re-
stores the good health of your
younger days. The Heart action be-
comes normal, the Nerve take on
new Life, Power and Vigor and the
"human machine" becomes full of
"pop" and vitality.

If you are tired of sickness and
have lost the Power, Ability and
Nerve Force to do your daily work
and your Nerves are all shattered
just give these two Remedies a trial
and we will positively guarantee
beneficial results. Go to your dealer
today and ask for Hacking's, and do
not take any other kind for if you
do you will be fooled right at the
start and you will not get the results
that we guarantee. Hacking's Limit-
ed, Listowel.

Appropos of the high cost of living here
is a little receipt worth trying. When
boiling corn do not salt the water in
which it is boiled. When the corn is
removed, add a little sugar to the water
and boil down to a syrup, which will be
found to be delicious.
