## Business Change

Arrangements have recently been completed whereby the present management gives up this publication and kindred interests with the close of this month. Saturday, January 31st. The business is being taken over by a group of local and community men, formed into a Joint Stock Company, the clientele of which it is impossible to give at the present time, but which will be announced later.

During the past eighteen years that the present owner of The Record has directed the interests of the paper, the utmost of harmony has existed between the proprietress and the town's business associates. True, there have been times when differences of opinion have arisen, but these, although causing some little bitterness at the time, have been more or less subsequent to the conducting of a newspaper office. The forbearance which our patrons have received our shortcomings and the uniform kindness tendered us in times of difference, have oftentimes touched us deeply, and although it is impossible to express our gratitude in the inadequate medium of printer's ink, nevertheless it touches us deeply, and we can truly say we will treasure the past relationships.

In the incessant work relative to the publishing of a newspaper and the success thereby attained, we are neither proud nor ashamed, having always conducted the paper's policy according to our convictions. And to those who have helped us whether in corresponding or otherwise, we concede our grateful thanks and appreciation.

In mentioning the above we make bold to ask our patrons that they give the same, if not more, enjoyable patronage to our successors as has been accorded us, and, if so, we feel sure that the coming management will improve on our work.

We would ask that all our subscribers look at their label on their paper and if in arrears to remit the amount due immediately so as not to cause unnecessary delay in balancing our books. We would also ask that all those having accounts against this office to send us the same as soon as possible. All letters in reference to the foregoing should be addressed to Mrs. Edith Rogers, Jarvis, Ont.

## Card of Thanks

Mrs. Wm. Thomson and Family wish to thank their friends and neighbors for their kindness and sympathy during their recent bereavement.

Announcement has been made that a plant is to be established in Brantford for the manufacture of Bluebird electrical appliances. Local capital to the extent of \$200,000 has already been subscribed and the new company promises to employ 1500 hands within two years.

Winsted, Conn., Jan. 19—During the tolling of the Methodist church bell Saturday in celebration of the inauguration of constitutional prohibition, a man passing along Main street stopped and asked the reason. "That's the funeral dirge for John Barleycorn," he was informed. "Hanged if I knew he was a Methodist before," mumbled the man, and went on his way.

A successful annual meeting of Chalmers' church, Walpole, was held on Monday evening. The report showed a balance of \$152.34 in the General Fund after the first quarter of 1920 of the minister's salary had been paid. There was also an increase of \$67 in Missions. The organist, Miss Annie Keen, was presented with a purse and address. At the close of the business session a delightful supper and pleasant social evening were indulged in.

War on the entrance examinations was delayed by the Urban School Trustees Association in its last day of the meeting in Ottawa last week. Led by Mrs. Ada Courtois, Toronto, a lively discussion showed that the entrance examination system had few defenders. General applause greeted the assertion that 50 per cent. of the children in Ottawa schools were moved up into the high schools on the advice of the principal, based on a knowledge, based on a knowledge of their assiduity in study, record in classes and general ability. Mrs. Courtois moved a resolution, and which was carried, to abolish the entrance examination so far as it affects city school boards or other boards of education.

## Opening Hospital

The formal opening ceremonies in connection with the Haldimand War Memorial Hospital will be held at Dunnville on Tuesday of next week, Feb. 3rd, at 3 o'clock. The Provincial Secretary, whose department administers the hospitals of the Province has been invited to be present. The Dunnville Women's Patriotic Society will serve refreshments from 3 to 6 and from 7 to 9 o'clock. Miss Isabel M. Elliott, the Superintendent of the Hospital and her staff of nurses, will receive the visitors, while Mayor Edgecombe will be master of ceremonies of the formal proceedings.

While special invitations are being sent to the Members of Parliament and the Legislature, the Warden and County Council, the County officials, the doctors and those who in their generosity have made such handsome contributions to this great philanthropic enterprise, the Hospital Board of Governors earnestly desires the presence of every man and woman residing in Haldimand County who can make it convenient to inspect the hospital next Tuesday.

After operating for a couple of months before Christmas it was apparent that a few changes could be made to make the Hospital more commodious, consequently the place was closed, and carpenters, painters and decorators have been at work ever since. As a result we feel confident that there is no finer or better equipped hospital in Ontario than this one, and it is in every way worthy as a Memorial to keep forever green in our hearts the sacrifice of our boys from Haldimand who lie overseas.

Remember the date—next Tuesday, Feb. 3rd, and be sure and call and inspect the Hospital between the hours of either 3 and 6, or 7 and 9 o'clock. Out of town visitors, who cannot be present during the above hours, will be welcomed at any time on Tuesday.

Our Mail Route man on No. 5, Simcoe, had some experience in travelling over snow banks on the Town Line between Woodhouse and Walpole, the result was he upset a couple of times and breaking his harness up somewhat. What is the matter with our Commission man, is he snowed in?

## Yes, It's a Real Winter

(Smithville Review)

The little old snow shovel is earning its keep this winter. And it's on the job every day in the week too. Yesterday, when hundreds of men were snuggling down for another snooze, friend wife arrived and remarked gleefully "it's time you were up, there's a ton of snow to shovel."

And the worst of it was a regular blizzard blowing in Sunday. The snow had fallen heavily during the night, and it was badly drifted in places.

In the meantime the chap that used to go around telling about the open winter we were going to have has lost caste. He told us last fall, that the chipmunks were 'nt storing provisions to any extent; that the muskrats were not bothering to build heavy houses; that the fur on the groundhog was thin—all of which were infallible signs that the winter was to be balmy and summer-like. And after raising our hope here we have two feet of snow, a thermometer frozen to death, and coal at a dollar a cent.

However, we smile when we think of those seventeen or more citizens of Smithville and district who went South last winter when we really did have a mild 'un, and now they are sticking it out in a nineteen hundred and froze to death winter, and shovelling snow between storms to keep 'em warm. It is to laugh.

Guelph will have daylight saving a gain this summer.
