Mrs. Hind and daughter, Mrs. (Dr.) Berry, and Mrs. Mellich, of Caledonia, motored here to-day to attend the funeral of the late Garbutt Steel.

Sunday was observed in the churches as Mother's Day. It was observed, no doubt, by a lot of well meaning people who had no intention of slighting father.

Mrs. Chas. Ineson and Mrs. Frank Burkhart were taken to the hospital in Hamilton for operations, the former on Thursday and the latter on Saturday night.

Orloff Fleming, who recently disposed of his farm and chattels has moved to Hagersville and is occupying the house on Main street south owned by Mrs. Jos. Wilson.

On account of the high price of paint and the scarcity of labor, it would not be gracious to urge the painting of dwellings as strongly as on more favorable years. But a few dollars worth of paint still makes a great improvement to a dwelling and neatness adds to the value of a house.

Port Rowan News:—Of all colors, Brown is the favorite for a surname, and of the trades Smith is the favorite. The latest addition to our banking staff is a Brown, a Smith led the newly organized crew to the life-boat station on Tuesday. The sun shines on more Brown's and Smith's in the British Empire than on any other families.

Messrs. Frank and Clifford Caldwell, of Toronto, were in town to-day attending the funeral of Garbutt Steel. They spent their boyhood days in Jarvis and it is about sixteen years since they last visited here. They were agreeably surprised to find that Jarvis had got out of the mud with paved streets.

At the meeting of the Varsity Women's Institute held at the home of Mrs. Thos. Brown on Thursday last many were the expressions of regret in the loss the Institute had sustained in the death of their president, Mrs. A. C. Saunders, who died in February. She was greatly missed, always kind and courteous and a regular attendant at their meetings.

Just at this time the mail order houses are active in flooding the country with big, handsomely gotten up spring catalogues quoting attractive prices on staple articles and making all sorts of high sounding claims for your cash. They do not offer to exchange their goods for the farmers' poultry, eggs, butter or other produce. They don't trust a penny's worth, but make you pay cash with order before you see the goods. They pay no taxes into your municipal treasury, with which our schools are maintained, our roads, bridges or sidewalks are built. No, they do not contribute to our churches, charitable institutions, nor to our poor. Trade at home, and now is the time for our local merchants to get busy and advertise, their goods to the public in the local paper.

Standing Field Crop Competition

To all members of the Walpole Agricultural Society who purpose entering the above competition for White Oats and Fall Wheat must make entries on or before May 25th. Blank forms may be had on application to the Secretary.

Death of Garbutt Steel

Garbutt Macklin Steel, who has been suffering from a lingering illness for over a year, passed away on Monday morning in his 42nd year. The deceased has been a resident of the village all his life, being born here in 1878, the eldest son of Mr. and Mrs. Daniel Steel. He was married fifteen years ago to Helen Aletta McNeilledge of Port Dover, to whom were born two children, Mae, now aged 14, and Winnifred aged 11, who with his wife, father, mother and one brother, Roy, of Buffalo, survive him. Card of Thanks

I desire to thank the many friends and neighbors who so kindly helped me in the long illness of my late husband and in my bereavement.

Quarterly Board Meeting

The fourth quarterly meeting of the Official Board of the Jarvis and Garnet Methodist Churches was held in the Jarvis church school room on Monday evening and was well attended.

Reports from different departments showed them to be well sustained.

The missionary givings for the year in the W. M. S. and Mission Band showed a splendid increase, \$512 being raised this year, while the church and Sunday School give \$800.

For the Connectional fund \$284 was raised and \$2900 for the Forward Movement.

The present pastor, Rev. H. L. Smith, was invited back with an increase of \$150 salary making the salary \$1500, with fine furnished house.

Mr. Andrew Rodgers was re-elected Recording Secretary for the coming year.

The Teacher

The teacher's is the noblest stant a mortal can pursue; and yet to-day we see her hunt for something else to do. She loves her high uplifting trade, and quits it with a sigh, but she can't live on what she's paid, and can't afford to die.

For years she studies night and day, to qualify to teach; and we behold her on her way, and say she is a peach. We hand her nosebags when they're cheap, and call her Buttercup, and say the blessed schoolmarm keep our bulwarks right side up. Without her this enlightened age would sadly be bereft; she guards the priceless heritage our well known fathers left. We hand her taffy with a spade, but when she makes complaint about the measly wage she's paid, we sweat some blood and faint. We may confess to spendthrift ways, hold miser greed a crime; but when the schoolmarm asks a raise, we're going towards every time. And so she's right from the school to seek some other trade, to carve her way with some new tool, a corkscrew or a spade. She can not thrive on nosebags sweet, or flourish on hot air, for she must have a prune to eat, and decent rags to wear.

CASH PRIZES FOR BOYS AND GIRLS

The Honourable S. F. Tolmie, Minister of Agriculture of Canada, has completed arrangements whereby the Canadian Bankers' Association will again co-operate with the Dominion Department of Agriculture in providing liberal cash prizes for boys and girls under seventeen years of age, who exhibit pigs or calves at their local fair, and comply with the rules governing the Competitions known under the title of "The Canadian Bankers' Competitions." The Canadian Bankers' Competitions are proving of no little value in teaching the future live stock producers of this country, the value of type and quality in cattle and hogs, and the healthy rivalry prevailing in the prize ring, together with the reward for merit, makes these Competitions deserving of every encouragement. These Competitions should therefore receive the support of all live stock associations and clubs, as well as of the individual producer.

In the light of the world's normal meat requirements, Canada is short on supply, especially of beef, while our Wilshire sides are still lacking somewhat in uniformity of quality. If therefore, full advantage is to be taken of the present opportunity to expand and develop our export trade in live stock and live stock products, we face the immediate necessity of augmenting our live stock population, and at the same time of largely increasing the percentage of export type and quality. The markets to which we have access are exacting and competitive, and Canadian products must establish themselves purely on merit.

Competitions will be held at practically all the Summer and Fall fairs in the Dominion during the coming season, Boys and girls eligible to compete for the prizes offered, can do no better service for their country than to enter their animals and thereby materially contribute to the production of a better class of live stock. No time should be lost in finding out all about these Competitions. The importance of quick action is apparent when it is understood that the Calves and Pigs must have been fed for a period of at least six weeks by the boys and girls who exhibit them.

Full information regarding the prizes can be obtained from the Manager of any Branch Bank in the locality where a Fair is held, and boys and girls are urged to get in touch with the Manager, who will supply on application a copy of the rules and other information.

ABDUCTION CASE FAILS

Henry Bowerman Dismissed by Judge Hopkins at Cayuga.

Cayuga, May 8.—The case of Henry Bowerman, of Caledonia, charged with the abduction of his niece, Florence Bowerman, came before Judge Hopkins in criminal court at Cayuga yesterday. As the girl was proved to be over age the defendant was dismissed with a severe reprimand and advised not to appear again in this court. The girl will be handed over to an agent of the Children's Aid Society Harrison Arrell, crown attorney, conducted the prosecution, and R. S. Colter acted for the defendant.

Another Egg Record

(Cayuga Advocate)

Mr. Editor,—Seeing that you had in one of your previous editions a record of what 60 Walpole hens did in one month, I thought I would insert one as I kept a record of my pen each month since the 2nd of Feb. when they started to lay. I have 34 pullets, two of which have been sickly quite a period during April. These pullets were hatched out on the 20th of July, 1919. They were nine months old on the 20th April, and the calendar record I send you is correct for April. Those pullets are from Guild's over-lay strain of Leghorns. Yours truly,

T. B. Hayes.

Cayuga, April 30th, 1920.

The laying record to which Mr. Hayes refers, is as follows: April 1, 27; 2, 25; 3, 25; 4, 26; 5, 27; 6, 25; 7, 26; 8, 27; 9, 25; 10, 27; 11, 28; 12, 26; 13, 26; 14, 27; 15, 26; 16, 29; 17, 28; 18, 26; 19, 27; 20, 29; 21, 28; 22, 29; 23, 25; 24, 26; 25, 29; 26, 28; 27, 29; 28, 30; 29, 27; 30, 29.

This makes a total of 823 eggs for 30 days, and certainly constitutes a good record.

All Motor Cars Now

The last buggy has been manufactured in Chatham. The Gray-Campbell carriage concern was taken over some time ago by the Gray-Dort Motors, Limited, and the company is now engaged in the manufacture of automobiles. The Gray carriage factory was a well-known Canadian institution. The last carriage manufactured represented the very latest style in carriages, but it will have to give way to the more popular automobile from this time forward.
