Jumpy Nerves!

If you get startled easily or "jumpy" or "nervy" at the least little thing, it means that your Nerve Force is weak and spent.

Your Nerves control every Mental and Physical process that takes place within you—if the Nerves were cut leading to the Heart that organ would never beat again. Without the Nerves you could never see, taste, smell or hear again for it is upon the Nerves that every sense depends.

If you wish to build up and strengthen the body you must put new life into the millions of nerve fibres that lead to the Heart, the Stomach, the Kidneys, the Liver and the other organs. This you can quite easily do by taking a six box treatment of Hackings Heart and Nerve Remedy. It will take away "that tired feeling," banish those pains in the head, increase your appetite, help you to sleep better, eat better and live longer.

What is a few dollars in comparison to your health, we offer you a sovereign remedy for your illness in Hacking's Heart and Nerve remedy. The road to Health and Happiness is yours if you will but believe it. This wonderful preparation will change you from a Weak, Nervous or Anæmic person to one full of Life, Vitality and Animation. It will bring back the Roses to your Cheeks by increasing circulation and purifying the blood. Better get a few boxes, now, when you think of it, but be sure to get Hackings. Price 50c a box, 6 for \$2.50. Sold by all dealers or by mail, postpaid. Hackings Limited, Listowel, Ont.
