### OUR BOYS' AND GIRLS' CORNER

By Aunt June Registered According to the Copyright Act TO EVERY CANADA

Dear Boys and Girls:

Don't forget I have changed my address and am waiting to hear from you at my new home. A good many here, but I am waiting for more, so that I may tell you all about our preparations for the real good time we are going to have this winter in our cozy corner. Just address all my letters to AUNT JUNE.

34 King William Street, Hamilton

Dear Aunt June:

I have been a weekly reader of your Boys' and Girls' page for some time and always enjoyed it very much. I would like to join your Helpers' League of Service. I go to school every day when I come home at nights I put the hens in, get supper, wash the dishes and do my homework. I am enclosing a three-cent stamp for a badge, which I would like to re-

## WORRY AND WRINKLES

Despondency is a thing of evil results. Worry produces nothing but wrinkles and wretchedness. Let the reader put a note on her bureau, on her desk, and at the head of her bed, just two words,

truly the cause of worry than outside troubles. The nerves are to a woman's body the telegraph system which surely warns her of any trouble in the feminine make-up. Doctor Pierce's Favorite Prescription is the ideal woman's tonic for such conditions. When a woman complains of backache, dizziness or pain-when everything looks black before her eyes-a dragging feeling, or is troubled with nervousness, she should turn to this "temperance" herbal tonic, known as Dr. Pierce's Favorite Prescription. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., will send a trial size of "Favorite Prescription" tablets for 10c. Also write Dr. Pierce for confidential advice and you will receive the medical attention of a medicalist, wholly without fee no charge whatever.

Reasonable care should be and deliver it to the tissues of the child in words and tone. Of course the conversation cannot always be regulated to suit the child; but when gen it is dark. the childish ears are wide open, let the words heard be helpful rather than harmful. Disputes of any kind are not good things for a child to hear. And to give an exhibition of temper is the quickest way to lose influence

over a child. Children pick up words an use them often before they grasp their meaning. The word may be a good one to use or not; but in either case let the mother explain the meaning to help the child decide whether the new word

should become part of his vocabulary. New words are very real affairs to a child, since they stand for ideas. The steady improvement that follows their parents who explain the right way to use these words are making the ideas P. Rolston, South River, Ont., who clear in the childish mind and the child's confidence in his parents is strengthened. He looks up to them as wonderfully wise people who can help solve all his difficulties.

A simple explanation that the new word is a foolish slang, or a useless expression, and that people who really know good words would not think of using it, will be much more effective than the sharp reprimand to "never let me hear you say that again."

By sensible managemnt a child can eggs to the next farm—our telephone words, or can be made to see that it is ridiculous for him to use them. When this treatment is used, the child likes to use correct words; and will never get the idea that although he must use certain expressions at home -away from it he can talk as he pleases. The home standard is the natural one for him to follow, and

## RICH, RED BLOOD **NECESSARY TO HEALTH**

When the Blood Becomes Weak and Watery a Tonic is Needed to Build It Anew.

Why are we being continually told that food, health-giving blood must be bright red? What has color to do with the quality? Just this-the oxygen in the air is the great supporter of all organic life. One function of

You will see, therefore, that there are two prime requisites of health. pure air and bright red blood-the pure air to furnish the oxygen, the rich red blood to carry it where it is needed. Dr. Williams' Pink Pills make your blood rich and red because they increase its power to carry oxygen, actually making it so much more able to carry increased life and strength to every organ in the body.

Pale anaemic people whose nerves are on edge, whose cheeks are pale, and who tire out easily, should try Dr. Williams' Pink Pills, and not the use. A case in point is that of Mrs. J. says:-"About two years ago my system was in a badly run down condition; and I kept growing worse all the time until I could hardly do my housework. I had severe headaches, and pains across my back and under my left shoulder. I did not sleep well and would feel just as tired when I got up in the morning as when I went to bed. Life seemed a burden. I had taken doctor's medicine for a long time, but it did not meet my case, at least it did me no good. Then as a result of reading about Dr. Williams' Pink Pills I decided to try them. When I had taken a couple of boxes 1 felt much better, and when I had taken five boxes more I felt that I was again a' well woman. I have not since felt any return of the trouble and I advise all women who are broken in health to give Dr. Williams' Pink Pills | Galilee. father and mother are his supreme

Self-command is necessary to one who would command others (v. 9). Illustration.—Every business man knows that it is the self-controlled man who alone can make a successful manager of others. The same principle is shown, even with inanimate things. Complaint was made that the public was paying no attention to the automatic signals that had been set up to control bridge traffic.
