Secured by the West India Trade Agreement and Canadian Ships.

By willingness and ability to provide ships, Canada this year has drawn the West Indies closer to herself and to the Empire. She can make preferential trade agreements with other peoples under the British Flag, without arousing international complications.

Canada possesses men with brains who will make these preferential trade agreements. But to make good these trade agreements we must have Canadian Ships.

Speaking About Men's Suits and Overcoats How About \$21?

We have higher priced suits and overcoats in our large Clothing department. Twenty-one dollars will be "The leading man" in Falls' Clothing show for one week beginning Saturday. It's a low price for really good suits and winter overcoats in these times, but we're tired of high prices, so are you; they've been overdone. It's time to call a halt and we're calling it. But it wasn't easy. It took a militant fighting spirit to overcome conditions that are still far from being normal. We assure you, we wore out more shoe leather than trousers in the process. We had to get around, not sit around. We have canvassed the clothing market as it never was canvassed before, and we will have ready Saturday morning Men's Suits and Overcoats not to be seen in the company of \$21 in the year 1920. All sizes. We are making a \$5 bill act like it used to.
