World's Champion Two-Year Old Jersey

Sadie of Hillcrest, a Jersey heifer, owned by Russell Daley, Selkirk, who commenced her test at the age of 2 years, 306 days, has recently completed her year, producing 13,179 lbs. milk, equaling 886 lbs. butter. This record is the highest ever made by any 2-year old Jersey in Canada, also the highest ever made by any Jersey of that age in the world, who carried a calf 155 days or longer while on test. Sadie carried a calf 260 days. She is due to freshen soon, when barring accidents she will be tested as a 2-year-old. These R.O.P. tests are supervised by officials of the Department of Agriculture, Ottawa.

The Referendum

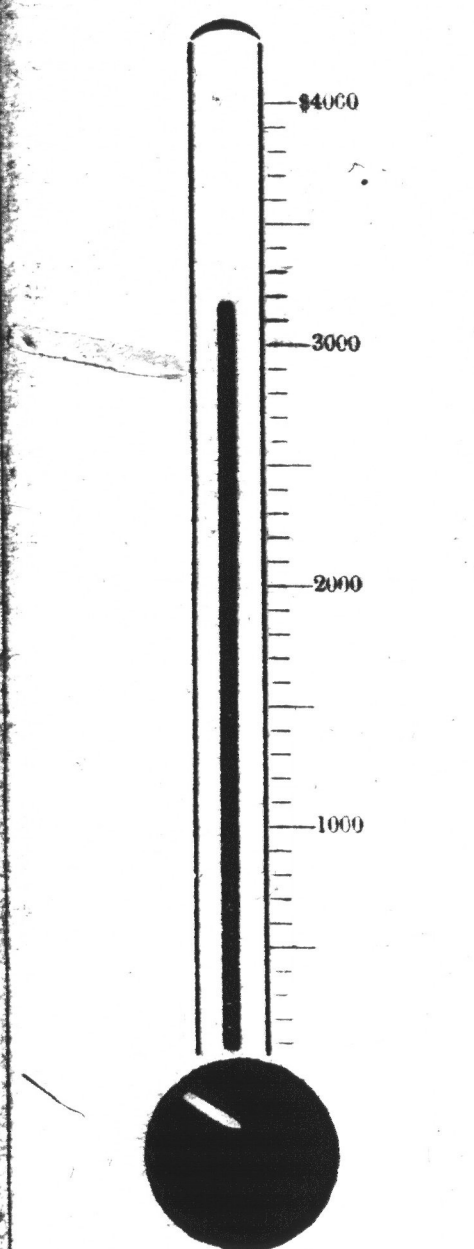

The Referendum on the prohibition of the importation of liquor into Ontario will be held on April 18th. The question to be decided is: Shall the importation and the bringing of intoxicating liquors into the Province be forbidden?

The purpose is to get the will of the people. If there is to be a real expression of the popular will for the guidance of the government it is clear that the people must face their responsibility seriously. Not only should all those entitled to vote be prepared to vote when the time comes, but they should be prepared to vote intelligently. They should study the question for themselves, study it as individuals with the aid of what light or guidance they may be able to get from any source. They should guard against waves of emotionalism which are likely to be set going during the campaign and which tend to make independent thinking difficult or impossible. It is a duty every man and woman owes to the state to register his or her will individually and independently.

It is only in such a way that the voice of the people can express itself and be distinguished from the clamor of the crowd.—Belleville Ontario.

Rink Thermometer

Help to Put it Over the Top Within a Week

A Public meeting has been called for Friday night in connection with the proposed skating rink in the village. The above thermometer shows that the shares already taken amount to a total of over \$3,100, through the canvass made by Mr. Wm. Parkinson. The total amount aimed at is \$4,000, and it is necessary that this sum be reached within the coming week, as the option on the building which they intend purchasing expires very shortly.

The shares are selling at ten dollars each. There is only about \$500 or \$600 more to raise, and surely this amount can easily be secured in the village and neighborhood. Those who have not yet been canvassed are urged to come forward and take a number of shares, so that we may be assured of a rink for next winter.

Let everyone, not only in the village but in the surrounding community, turn out to the meeting on Friday evening and help boost this project over the top. The thermometer will show the result next week. We need a rink in Jarvis as much as the surrounding villages and now is the time to get it.

It may be that some of our former residents still have a warm spot in their heart for the welfare of the "old home town" who have a desire to help along this worthy project. If so they may inform Reeve G. L. Miller of the number of shares they desire to take.

Notice

All those interested in having a Skating Rink built in the village are earnestly requested to attend a Public Meeting in the Temperance Hall on Friday night, April 8th, at 8 p.m.

We must act at once or abandon the project.

G. L. MILLER
Reeve.

Haldimand Rural Deanery

The quarterly meeting of the Chapter of the Rural Deanery of Haldimand was held in Jarvis on Thursday last. Among those present were the Revs. H. W. Brand, A. G. Emmett, T. H. Ibbott, W. A. Kyle, W. P. Lyon, J. H. Ross and G. R. Wreford, and Messrs. C. E. Bourne and A. F. Hodgson. There was celebration of the Holy Communion at St. Paul's Church, and after luncheon at the Rectory a meeting was held with the Rev. J. Hirst, the Rural Dean, in the chair. The chairman spoke of the regret they all felt at the unavoidable absence of the Bishop, who had expected to have been with them that day, but was prevented at the last moment. A vote of condolence with the widow of the late Rev. Arthur Francis, former Rural Dean, was passed standing. Considerable time was taken up with a discussion of the various apportionments for the ensuing year, and a motion was passed requesting the Secretary, the Rev. H. W. Brand, to get into touch with Cannon Davis and the secretaries of the other Rural Deaneries in the Diocese with a view of steps being taken to obtain for the Rural Deaneries better representation on the standing and other committees of the Synod. The proceedings terminated with a hearty vote of thanks to Mr. and Mrs. Wreford for their kind hospitality.

This was followed by an instrumental by Miss Pearl Jackson—"The Maiden's Prayer."

An interesting paper, prepared by Miss Wicks, was read on "What our Institute can do to improve the home of the School and Play Grounds." Miss Carrie Jackson then favored the Institute with a waltz selection—"Sweet and Low."
