A Decided Success

The U. F. O. and U. F. W. O. garden party held at the home of Mr. Fred Lindsay on Thursday night last was a decided success. During the day it threatened rain, but in the evening the moon shone forth in all the beauty of its fullness and brought joy to the entertainers and audience alike. The program was of a very high order and was furnished by the Macgregor Concert Bureau, Caledonia. Mr. J. V. Fradenburg, County President, occupied the chair in his usual good manner. The Elgar Ladies Quartette was well received and heartily enjoyed. Mrs. Gordon Livingston sang beautifully. Mrs. J. A. Wallace, President of the U. F. W. of Ontario, is a pleasing speaker and gave a splendid address. The native Hawaiian instrumentalist, was admired by all. Bob Wilson, humorist, was given a good reception. Miss Macgregor was the accompanist. R. J. McMillan, of Seaforth, was given a good hearing and gave a fine address. After singing the National Anthem the audience dispersed not forgetting that the latch string on the door of the U. F. O. and U. F. W. O. hangs on the outside. Proceeds amounted to near \$500.

Simcoe Man Gored By Infuriated Bull

George White, of Simcoe, who has been engaged in farm work with Roger Gundry, of Marburg, was gored last Friday morning by a two-year old bull which he was leading from the stable. Though the animal was dehorned, it crushed White severely about the chest and ribs before he was able to get away.

The Springvale Gas and Oil Company have struck another good well on the farm of Abram Haller, 13th Con., Walpole. This well is reported to produce an even better flow of gas than the one recently put down on the farm of Mr. Solari, which was considered to be extra good. They are now drilling on the farm of Wilbert Reynolds on the same concession. The Company have now a good supply of gas for sale, and have applied to the Hagersville Council for a license to sell gas into the village.

A schoolgirl was required to write two hundred words about a motor car. She submitted the following: "My uncle bought a motor car. He was out riding in the country when it busted going up hill. The other 180 words are what my uncle said when he was walking back to town, but I know you wouldn't want me to repeat them."—London Opinion.

Very few boys today are learning trades, and the question arises, who will take the place of the carpenters and masons and printers and plumbers and other tradesmen of the present day when, in the course of a few years, they retire from the field? One result will be that the public will have to put up with a great deal of indifferent work. Another will be that the young man who, differing from his fellows, has taken pains to learn a trade will be in great demand and will receive splendid wages. The boy of today who sees ahead a few years has a great opportunity of making himself worth while.

A good laugh is sunshine in any house, but a silly, simpering laugh is only a tallow candle imitation of the sunlight.

Cayuga, August 11, 1921.
To the Warden and Members of the County Council:

Gentlemen—We, your Home Committee, beg leave to submit the following report:

We have examined the accounts for maintenance, find them correct, and would recommend the same to the Finance Committee for payment.

In making a tour of the premises we noted improvements re new fences, gates, etc., and at the present time Mr. Brown is having the cornices on the Home repainted, and we recommend some painting be done to the outbuildings. We also beg to report that the silo is in a very bad state and unfit for further use, and recommend that it be replaced with a new wooden structure, or probably concrete.

All of which is respectfully submitted.
J. E. Yocum, Chairman.

Report adopted as read.

Bradford-Glenny—That the report of the Road and Bridge Committee be received and read, carried.

To the Warden and Members of the County Council:
