**Address and Presentation  
To Rev. Father Cleary**

At the close of the service last Sunday  
in St. Patrick's church, Caledonia, which  
was the first appearance of Father Cleary  
in his church since his return from St.  
Joseph's Hospital, on behalf of the con-  
gregation, Mr. Wm. Salkeld read the fol-  
lowing address to him, whilst Mr. T.  
O'Reilly handed him a substantial cheque:  
REV. FATHER CLEARY:

Dear Father,—We, your parishioners,  
learned with regret and apprehension,  
also with dismay, the sudden necessity  
of your immediate operation, which  
necessitated your removal from our  
midst. During this period of anxious  
moments which you yourself would have  
to bear alone, you were always in our  
thoughts and coupled with our prayers  
for an immediate and complete recovery.

We now learn that the operation was a  
success and we hope permanent, and  
that you will live many years enjoying  
better health and physically stronger to  
carry on the labours of your parish.

While we wait yet to know and feel  
our sympathy, we also quite understand  
how hard it is to be able to combat the  
expenses which these operations entail,  
we, on our part, would like to make our  
feelings more substantial.

Kindly accept our contributions in the  
same spirit as donated, along with our  
wish that your sufferings will depart for  
evermore.

Contributed by undersigned parishes:

WALPOLE

Caledonia, Feb. 5, 1921.

In reply, Father Cleary, who was taken  
wholly by surprise, gave expression to  
his heartfelt and sincere thanks.

He said he felt he could not sufficiently  
express the deep feeling of appreciation  
for this very thoughtful kindness con-  
ferred on him. He thanked all for their  
thoughtfulness and prayers during his  
illness and to-day he said comes coupled  
with your prayers and good wishes your  
substantial cheque. We thanked them  
from his heart and promised in grateful  
return their goodness to him to re-  
member them each day in the Holy Sac-  
rifice of the Mass and to pray Almighty  
God to shower upon them His choicest  
blessings.

Within the past few weeks the peace  
and quietness of our little village has  
been disturbed with thefts and such like  
during the midnight hours, but this week  
we report an alarming experience of a  
different nature. This occurred about  
eight o'clock on Monday evening when a  
number of persons, mostly in female  
attire, entered the home of Mr. and Mrs.  
Silas Snyder, who were taken so by sur-  
prise and having no firearms handy, nor  
any chance of escape, gave them sole  
possession of their home. They seemed  
to be in no hurry to leave nor of attract-  
ing the attention of any who might be  
passing, and after invading the whole  
house entered into amusements the fore-  
part of the evening and about midnight  
partook of a lunch which would have  
tempted the appetites of anyone, after  
which they tripped the light fantastic  
until morning when all dispersed, wishing  
the host and hostess "bon voyage" for  
the rest of their life and with very pleas-  
ant recollections of their 43rd wedding  
anniversary.

Elimination of the scrub sire, eradica-  
tion of diseases, and the improvement  
of marketing methods are the three  
factors in order best calculated to im-  
prove the prospects for the live stock in-  
dustry.

## THE PARK GROUNDS

"Well, What are We Going to do  
About It?"

Now that we have purchased the land  
for a town park, what are we going to  
do about it? Shall we rise to the op-  
portunity and make of it something  
worth while, or shall we continue to do  
as we have all winter so far, ask about  
every second person we meet "Well,  
what are you going to do about it?" As  
a town or community this evasion gets  
us nowhere.

It has been decided to hold a fall fair  
on the park grounds, a board of director,  
has been appointed to carry on for the  
present year and arrangements are un-  
der way to have the old fair buildings  
moved to the new site for fair purposes.  
This can be done at small expense  
and could be made to serve in the same  
capacity that it has in years gone by,  
and, to say the least, it would still be  
as unsuitable and unsightly as it always  
has been for the purpose for which it  
was used, viz., an agricultural hall.

Now, let us suppose this same hall is  
placed on the park ground then remodel-  
ed, without interfering with the roof as far  
as it goes, into a skating rink. We  
would then have a place of amusement  
for the children and the young people of  
the town for the winter months. This  
building finished with a cement floor  
would make an ideal place for the hold-  
ing of the school fair and fall fair and  
other purposes and would bring in some  
revenue to help in the upkeep of the  
park.

I feel sure that a building of this kind  
on a park nicely fixed up for all kinds  
of summer sports would be greatly ap-  
preciated by the young people, both inside  
and outside of the town, and would  
really be an asset, the real value of  
which would be hard to figure in dollars  
and cents.

The financial part of this little under-  
taking can be taken care of by the town  
without inflicting hardships on any one.  
We have abundance of proof for this  
statement if we look back over the last  
few years and take note of the vast  
amount of money used by this little  
town in financing our different under-  
takings, victory bonds, etc., amounting to  
the aggregate of hundreds of thousands  
of dollars. In this little undertaking it  
matters not what our calling, be it cler-  
ical, professional, business activities,  
laborer, retired farmer, male or female,  
nor forgetting our boys and girls, we  
can here stand on common ground, viz.,  
to make our little town a better place to  
live in. What are we going to do about  
it? Shall we get together and put this  
thing through with a bang, or will we  
turn the ground we have bought into a  
general common and go around as we  
have been doing in the same old-care  
way, which is only another way of say-  
ing we will finance anything that comes  
along if it is thousands of miles away,  
but when we attempt to help ourselves  
we fall down.

odist Men's Banquet, recently held in  
the Methodist church at Welland, his  
subject being "Relationship of the  
Church to the Present Day." His ad-  
dress was much enjoyed and was full of  
inspiration. Over two hundred men  
were present. Tables were spread with  
all the good things any person could  
wish for. There was grand music and  
various solos and other speeches made  
the banquet a grand success. Dr. Col-  
bee was in the chair.

liam Gage. Mr. A. E. Ames was unani-  
mously elected vice-president. Plans  
are being prepared for the erection of a  
new Muskoka Free Hospital to take the  
place of the buildings recently burned,  
and a careful survey of the whole situ-  
ation is being made with a view to car-  
rying on the work in the most efficient  
manner.
