The Story of Our Year—May 31, 1920, to May 1st, 1921.

OFFICERS FOR THE YEAR.

Mrs. S. A. Thompson, President.
Mrs. David Craig, Vice-President.
Mrs. Stanley Field, Sec'y-Treas.
Mrs. Harold Evans.

Once again we bring our year's work to a close, and, as it were, turn over a new leaf. We all feel that our work has been worth while, even if we have not accomplished as much as we anticipated.

During the year 7 papers were given, 4 readings, 1 report, as well as humorous readings and vocal and instrumental solos.

The June meeting was held in Jarvis on June 18th. We had the speaker, Miss Jean Grant, who spoke on the advantages and possibilities of our Institute, which was very much enjoyed by all.

The July meeting was to have been in the form of a picnic at Hickory Grove, but owing to the illness of Mrs. Evans no meeting was held.

The August meeting was held at the home of Mrs. Stanley Field. The President expressed sorrow at the loss of a friend and member in the person of Mrs. R. J. Evans. A paper on Canadian Authors was read by Miss Eva Thompson and the instrumental solo by Miss Frances Evans was much appreciated.

Owing to wet weather the September meeting was not very well attended, however those who were present enjoyed very much the splendid paper given by Mrs. Harold Evans on pictures we all should know, also the very interesting paper by Mrs. Stanley Field on Hospitality—past and present.

The October meeting was held at the home of Mrs. S. A. Thompson. Miss Helen Lindsay rendered a very pretty vocal selection, also a very instructive paper on Care and the storing of Bulbs was given by Mrs. S. A. Thompson. The Roll call "Why I am thankful" was then responded to by all.

The November meeting was held at the home of Mrs. Stanford Vokes. It was decided that we donate \$5 to Sick Children's Hospital, \$5 to the Navy League and \$5 to the Children's Aid Society. Mrs. W. H. Evans gave an excellent paper on the Prince's motto—I serve. The report of the convention held in Toronto was then given. Then came the lunch contest. The decision was given to Mrs. G. Vokes for having the best school lunch. Many dainty and appropriate gifts were exhibited as "Ideas for Xmas."

The December meeting was held at the home of Mrs. G. S. Field. A pork and bean supper was discussed, and a reading on Xmas 1920 gave us the real Xmas spirit. Miss Jean Oakes and Miss Butcher added much to the afternoon's enjoyment by instrumental solos.

The January was held in the form of a pork and bean supper in the Town Hall. Supper was served from 6.30 to 8.30 followed by games and a short program. All reported a good supper and and a very enjoyable evening. The receipts were \$51.75.

The February meeting was postponed on account of illness at the home of the President.

The March meeting was held at the home of Mrs. Frank Jackson. Several items of business were discussed, after which a very instructive paper on Education and what it means was read by Miss Mabel Thompson. Miss Alice Wicks' paper on What our Institute can do to improve beauty of School grounds gave us some splendid ideas. The Misses Pearl and Carrie Jackson kindly furnished instrumental solos.

The April meeting was held at the home of Mrs. Ira Evans. The reading given by Mrs. Warren Jackson on "The wife says charge it" contained much good advice. The remainder of the afternoon was spent in patching a quilt.

During the year the Flower committee sent several bouquets of flowers to the sick which, judging by the notes sent by recipients, proved them veritable rays of sunshine.

And so we bring this very incomplete story to a close, and we are confident that the new year holds still greater possibilities for our Institute work.

Precautions Against Bovine Tuberculosis

A few years ago the United States breeders of pure-bred cattle, recognizing the necessity of more effective measures for the control of tuberculosis, arranged a conference with officials of the Animal Industry at Washington, the result of which was the adoption of what is known as the Accredited Herd Plan, meaning that the herd had been thoroughly tested and found entirely free from any symptoms of Tuberculosis. The plan proved so successful over a thousand herds being accredited in a brief period, that a decision was arrived at to adopt the system in Canada. Regulations were promulgated which came into force in September 1919, and have proved gratifyingly successful, a number of herds having been accredited, while many others are under test. There is now an agreement between this country and the United States that cattle from accredited herds may enter either way, without detention or test. Under the Municipal Tuberculosis Order, passed at Ottawa some years ago, and the more recently adopted Accredited Herd Plan, compensation is paid for

Rockford

A Baptismal service was held in the church last Sunday evening and a goodly number of the young people were baptised.

Our pastor, Mr. Shaw, will preach a sermon to the old people next Sunday evening. An effort is being made by the S. S. to have as many old people as possible to attend the S.S. in the morning.

Miss Ramona McLaren and Grace Wride spent Sunday with Miss Erie Gilbert.

Miss Mary Hambly of Hagersville, spent over Sunday at her home here.
Mr. and Mrs. Hoskins of Jarvis spent Sunday with Mr. and Mrs. Ralph Kenney.

Owing to the rain on Tuesday of last week the Garden Party was postponed until Friday evening, July 8th. The same entertainers that were announced on the bills will be present and furnish an excellent program.

On Even Terms.

An old codger, disliking the remarks of the chairman at a political meeting, shouted: "Young man, I was a Conservative before you were born."
"What of that?" came back the chairman. "I will be a Conservative after you are dead. Sit down!"

The Thermometer.

Invention of the thermometer has been ascribed variously to Galileo, Drebbel, of Holland; Carpi and Sanctorius, of Italy, the latter in 1610, but the work was crude until more recent years, when it was perfected and the instrument was given to the world in many forms.
