GIRL IN  
CANADA

My Dear Boys and Girls:  
A little visitor has just been on my window sill. I was writing a letter when I felt that someone was moving outside the window, and looking up where the branch of a tree. I most taps against the window pane I saw Mr. Squirrel swinging himself down from the tree branch on to the ledge. He did not stay very long—not even long enough for me to put out a handful of nuts which I always have saved up for such a visit. There are many trees up and down the road in which I live, and this particular little friend has a merry time running up and down the branches and jumping from tree to tree. He was soon off again, and in a very few moments away in the farthest tree on the other side of the road, but now I have put out a little store of nuts ready for his return, and hope that tomorrow he will come again and find them. You who live in the country must see many of such little friends, but to one who is living in a city like Toronto the sight of Mr. Squirrel on a city street is a great pleasure.

### LETTER BOX.

**Dear Aunt June:**—I am a little girl eight years old, and I've been reading your Boys' and Girls' Corner for some time. I would like to be one of them too, and receive a badge. I wash the dishes and sweep the floor and mend my little baby brother. He is getting awful cute. He is a year and nine months old and is beginning to talk. I've three brothers and one sister. My two brothers and one sister, but we don't get there very regular in winter time. We've quite a ways to go. I have for a pet a white cat. I call her "Duffie." She is a good mouse. My sister's name is Ruby, she is three years old; her and I get along fine. I have a dog named "Jewel." I call her "Jewel."

**Dear Aunt June:**—Your letter is most interesting. You have given me so much news about yourself. I am sure you love the baby brother. I am glad you have some pets, and that Santa Claus was so good to you. I am sending you a badge, as you are a true Helper.

**Dear Aunt June:**—We get the paper every week, and I read the Boys and Girls' Corner. As these letters are always interesting, I thought I would like to join the club. I am thirteen years old and am in grade nine. I passed my entrance last summer. I am going to be a school teacher. I have been in bed since Tuesday with the cold, but I got up Thursday afternoon and am all right now. I have made home work, so I can't help my mother much on school days, but I do the supper dishes, make my bed, and tidy up my room and go for the milk at night, also my errands. Today I scrubbed the kitchen floor and my bedroom floor, cleaned three lamps, went to the post office, did some shopping, carried three pails of water and went for the milk. I will have to close now, as all the ink is used in my pen. I should like other club members to write me.

**Dear Kathleen:**—Your letter is one of the newest in my box this week.

**PLEDGE FOR HELPERS.**  
"Do a little kindness to someone every day.  
Scatter rays of sunshine all along the way."  
I pledge myself in the service of my King and Country to do my best in my daily work, whenever it may be, to help others whenever possible, and to endeavor in every way to make myself a good citizen.

Name.....  
Age.....  
Address.....  
Date.....

It is always a pleasure to receive such a clean, nicely written letter. I am glad you have got over your bad cold and welcome you to our League of Helpers. Your list of good deeds is a long one, and I am sure you have earned the badge.

**Dear Aunt June:**—I have been reading your Boys' and Girls' Corner and think it just splendid. I have decided to join your true Helpers' League of Service. I am a boy of eleven and I am going to school every day. I have only about three acres to go to school, and come home every day for dinner. I am in the Senior fourth class, and I am going to try the entrance this summer.

I feed the cattle and put them in every evening. I have one pet and I give her the best of my milk. I like her very much. We have a nice team. We call the black one "Harry" and the bay one, "Sandy." I carry in wood and water for mother. I also keep house when all are away. In summer time I help papa to draw in the hay and many other chores. I have two pigs, a cat and a dog. I call the cat "Ber" and the dog "Topsy." I like the dog best.

**THE FARMER'S MERRY SON.**  
**Dear Farmer Lad:**—What a lot of pets you have! I should like to see every one of them especially Harry and Sandy. Being a boy, I suppose you would like the dog best of the other two pets. I am glad you do so much to help mother and father, and hope you will be proud to wear your badge.

**Dear Aunt June:**—I help milk, wash dishes and help carry in wood. I have the letters from others and thought I would write.

**CLARA COUSINS.**  
**Dear Clara:**—Won't you tell me what kind of little girl you are? You did not tell me your age or about your school. I see you are a true Helper, however, so I am sending you a badge and look forward to another letter some day.

**Dear Aunt June:**—Just a line, as I saw other boys and girls writing letters to you. I live on a farm and my father is a blacksmith. Sometimes I go to the shop and help him to bolt tires when he is not horseshoeing. My mother has been sick.

**Taffy was a Welshmaid,  
Taffy wore odd clothes,  
Taffy had a stove-pipe hat  
To shade her little nose.  
I went to Taffy's house,  
Taffy wasn't in,  
Taffy'd gone to church, instead,  
Which surely is no sin.**

Read two other Welsh poems.  
Right side down along train. Right side down along stream.

so I have had to do most of the work, but my grandmother came up a few days ago to help me. I can milk, harness a horse, bake, and do most all the housework. Sometimes I go to the barn and feed the cows. I have been sick for a long while with blood poisoning and did not get better very quick and cannot go to school for a long time. I was in the senior third class.

**Dear Eva:**—I am very sorry to know that you have been ill and hope you will soon be able to go to school again. You must be very neat and helpful indeed to mother if you can do most of the house work and cook. I am sending you a badge at once, and wish you the best of success and good health.

**Dear Aunt June:**—I was looking over the Boys' and Girls' Corner. I like to read your letters very much. I would like to join your Helpers' League of Service, and I am enclosing a three-cent stamp for a badge which I would like to receive. I go to school every day, make my bed, help clean the lamps and help washing and ironing. I dress my grandmother quite often, as she has rheumatism and cannot walk.

**CATHERINE STEWART.**  
**Dear Catherine:**—I am very glad to welcome you into our League. You do quite a lot of helpful deeds outside of your school work. I wonder how you like ironing. I should like to hear something about the place you live in, St. Peter's. The name sounds as though it might be interesting. I am glad your grandma has such a helpful little niece.

**Dear Aunt June:**—I have been reading the letters for some time and thought I would like to get a badge. I think it is real nice to have a few columns in the paper for the boys and girls to show each other how to help their parents and friends. I will mention a few things I do to help: I help to wash and iron. I wash and wipe the dishes, make the beds, sweep the floor. I have to go to school. I am in the entrance class.

**JEAN CAMPBELL.**  
**Dear Jean:**—I am very glad you like our corner. You are a true Helper. I hope you will be successful in passing your entrance when the time comes, and that you will like your badge and wear it often.

**Hepworth.**  
**Dear Aunt June:**—I would like to get a badge and thought I would write. I am 12 years old and in the fourth class. I clean out the stables and pump water and do many other chores. I also split the kindling. Wishing you luck.

**PAUL ANDERSON.**  
**Dear Paul:**—Thank you for your good wishes. I am sending you a badge. I am always glad to welcome boys into our corner. Perhaps you will tell me more about your home country next time you write.

**Mt. Egin.**  
**Dear Aunt June:**—I have been reading your corner, which I enjoy very much. I want to join your Boys' and Girls' Corner. I help mother by washing dishes, sweeping and many other little things. I also help out doors. I just love horses and love driving them, which I do very often. I have one horse which I call "Molly" and a cow, "Babe." I would like to receive one of your badges. I just love snow, don't you, Annie, for it always means lots of fun for the boys and girls. If I don't soon run away, I will write my welcome out. May I come again? Hope to receive my badge, also see you? I cannot write very good or

myself very good. Hoping the corner has every success.

**"FUDGE"**  
P. S.—I am twelve years old. I am in the fourth book.

**Dear Fudge:**—I am delighted to hear from you. Certainly you shall be included in the Corner and have a badge. I like to hear about the sisters and the work you do to help, and especially about the babies. Yes, I do like the name of Francis very much. St. Francis, you know, was a very beautiful character—a man who loved little children and birds and flowers; so your baby boy is named after a very fine character.

**Southampton.**  
**Dear Aunt June:**—Mamma showed me the letters to you in the paper, and I think it is great fun to read them. I would like to be a member too. I am seven years old and go to school. Our teacher gives us a "star" each week for being good, so I have got one every week so far. I put down feed for the cows and carry in wood for mamma, and when she is out milking I put the separator together.

**KARL WM. NICKASON.**  
**Dear Karl:**—I am glad you find interest in reading our corner. How proud you must be of getting a star each week! If you will look out for the little pledge, you can send it in next time it appears in the paper. I hope you will continue to be a true Helper and will like your badge.

**Toronto.**  
**Dear Aunt June:**—I have been reading your Boys' and Girls' corner for some time and would like to become a member. I am eleven years old and in the senior third class at school. We have manual training every Thursday and I have made a string box, match scratcher, and I am starting a fish line winder. We have a summer cottage on Lake Ontario. I help my mother and grandma with the garden. I wash the dishes and look after my sister Mary, and sometimes run errands after school.

**JOHN W. B. MADDOCKS.**  
**Dear John:**—You share with me the pleasure of living in this dear old city of Toronto. I wonder if you go to Brown school, as you seem to live in that district. I should like to see the things that you have made. I think one of the loveliest things for a boy is to be able to make useful things such as you describe. I can imagine how you would enjoy the summer cottage. You are a true Helper, judging by the deeds you mention. I am sending you a badge. Who knows, perhaps one day I shall meet you when you are wearing it, and then we shall be able to know each other right away.

I have heaps and heaps more letters that will all be answered in their turn. Yours lovingly,  
**AUNT JUNE**

### GROCERS TAKING LESS PROFIT ON MANY LINES

### RED ROSE TEA PEOPLE MAKE A FURTHER STATEMENT.

Some of our friends among the grocers, in speaking of our letter to the press on grocery profits, have indicated that apparently it has been construed by some readers to mean that Red Rose Tea was the only article on which the grocer takes a smaller profit, in order to give his customers a higher quality. It was not our intention to convey such an impression, as we know that most grocers sell well known brands of other goods at less profit than they could make on some brands equally well known, and for the same reason that they recommend Red Rose Tea because it naturally came first to our mind and because we knew that grocers were selling it at a less profit than they make on other teas.—T. ### The Ancients At Dinner.

The ancient Greeks and Romans did not sit up at the table as we do, but declined round it on couches, three and sometimes even four occupying one couch, at least this latter was the custom among the Romans. Each guest lay flat upon his chest while eating, reaching out his hands from time to time to the table for what he might require. As soon as he had made a sufficient meal he turned over upon his left side, leaning upon the elbow.

**Sores Flee Before It.**—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Electric Oil. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

**"Rheumatism Routers" relieve Rheumatics.**  
The timber cut last year in Northern Manitoba had a value of \$584,000; the lakes yielded fish to the value of \$163,000, and furs were taken to the value of \$1,367,000.

**Minard's Liniment Relieves Neuralgia**  
Since the discovery of silver in the Cobalt Country, the mines there have produced silver to the value of \$181,570,560.

**A Corrector of Pulmonary Troubles.**  
Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in curing disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

### Mr. Herbert Osborn Tells How Cuticura Healed His Wife

"My wife began to be troubled with itching and burning of the palms of her hands and the soles of her feet. Later the skin cracked and became inflamed, making walking or even standing very painful and preventing sleep at night. Later it became necessary to bandage both hands and feet."  
"She was treated but obtained no relief. She saw an advertisement for Cuticura Soap and Ointment and sent for a free sample. She bought more and after using two cakes of Cuticura Soap and two boxes of Cuticura Ointment she was healed." (Signed) Herbert Osborn, 125 Sherbooke Ave., Ottawa, Ont., Sept. 2, 1919.  
Cuticura is ideal for every-day toilet use. Soap to cleanse and purify, Ointment to soothe and heal.

### CANNOT EVADE TRANSFER TAX

**PROVISION TO BE MADE TO SECURE ACTUAL WORTH OF PROPERTY.**  
If there are any "astute" individuals who have already figured that Hon. Peter Smith's two mill on the dollar property transfer tax can be circumvented by the simple expedient of selling a property for "one dollar" or some other sum much below its real value, they are due to be disappointed.  
"That matter will be taken care of in the legislation to be brought down," stated the Treasurer. "If the actual sale price is not set out in the papers, then the parties may be required to give an affidavit as to the value. Provision will be made for valuing properties so that where any question arises we can get an idea of what property is actually worth."

### AIM TO REORGANIZE PROVINCIAL POLICE

**NEW LEGISLATION GIVES GOVERNMENT AUTHORITY TO APPOINT COMMISSIONER.**  
Legislation giving the Government authority to appoint a Commissioner of Provincial Police charged with the general administration of the law in the province was introduced yesterday by Hon. W. E. Ransay. The bill has been mooted for some time and is generally regarded as a first step to superseding Superintendent J. E. Rogers as the titular head of the police, though the new office, of course, would embrace a much larger jurisdiction than that of the present superintendent. The bill, also gives authority for the extension of the provincial police system by providing for the appointment of a chief constable of each county constabulary and other police officers except in urban centers where regularly organized police forces.

### 20 PER CENT. ON BUSINESS

William J. Eynon, president of the United Typothetae of America, addressed members of the Toronto branch of the Typothetae in connection with the holding of the annual meeting next October of the United Typothetae of America, said if the members of the association were able to make 20 per cent. on their printing business it was about all they had a right to expect. He stated, however, that even if the volume of business decreased, the printing firms should make 20 per cent.
