Took The Cash

The knot was tied; the pair were wed, And then the smiling bridegroom said Unto the preacher: "Shall I pay To you the usual fee to-day, Or would you have me wait a year, And give you then a hundred clear, If I should find the marriage state As happy as I estimate?" The preacher lost no time in thought, To his reply no study brought; There was no wrinkle on his brow; Said he: "I'll take three dollars now."

Before carrying out a threat to poison your neighbor's dog you should read the following extract from the Criminal Code of Canada: "Everyone is guilty of an offense and liable, on summary conviction, to a penalty not exceeding \$100 over and above the amount of injury done, or to three months' imprisonment with or without hard labor, who willfully kills, maims, wounds, poisons or injures any dog, bird, beast or other animal, not being cattle, but being either the subject of larceny at common law, or being ordinarily kept in a state of confinement or kept for any lawful purpose." In the case of cattle, the attempt to poison them or to "place poison in such a position as to be easily partaken of by any such animal" renders the offender liable to two years' imprisonment.

Friendship—Yes! But—

"The Bill will not let in Canadian wheat, but will save to the American farmer the right to raise a bushel of wheat instead of transferring that right to Canada."—Mr. Fordney, in introducing the Fordney Emergency Tariff Bill which has shut millions of dollars worth of Canadian foodstuffs out of the United States market.

"If we are to build up a self-sustaining agriculture here at home, the farmer must be protected from unfair competition from those countries where agriculture is still being exploited."—President Harding. The very spot chosen to deliver this speech—Minnesota—shows that Harding had the Canadian North-West in mind.

WHILE ties of friendship unite Canada and the United States, the attitude of Uncle Sam is that of "Business First", and Canada cannot and should not hope for any consideration from the United States where the interests of the farmers and business people of that country are involved.

Uncle Sam has built the Fordney Tariff directly against Canadian agriculture, and new additional Tariff proposals are now under consideration to shut out from the United States Canadian goods of every kind.

These measures are due to the insistence of the American farmer that the United States market shall be retained exclusively for him and that the influx of Canadian farm products into that country must cease. They are also due to a like insistence of United States manufacturers and workers, who have seen their country develop tremendously and grow rich under a Protective Tariff, and who believe that a still further increase in Tariff is the only means of assuring continued prosperity.

CONTRAST THE ATTITUDE OF THE UNITED STATES LEADERS WITH THAT OF CANADA'S WOULD-BE LEADERS, CRERAR AND KING

Crerar proposes to allow American goods to enter the Canadian market free of duty.

King proposes that the present reasonable Tariff on the products of the American factory and farm shall be greatly reduced, and that the home market of the Canadian farmer and manufacturer alike shall be thrown open to our Southern neighbour, in the face of the United States Emergency tariff, which practically shuts out Canadian farm products from these markets, and also in the face of the permanent tariff now under consideration at Washington, which gives every promise of being even more drastic than the Emergency Tariff so far as our products are concerned.

In view of the attitude of the United States, what folly it is for Crerar and King to propose throwing open the Canadian market to a flood

FRIENDSHIP WITH THE UNITED STATES? YES, BY ALL MEANS! BUT—

let us defend our home market, our industries, our farms, our workmen, our homes by the same methods as are used so effectively against us. Let us work out our own destiny—that of a strong, self-contained nation within the British Empire group of Nations, courageous, masterful, self-reliant.

PREMIER ARTHUR MEIGHEN Will address a mass meeting in Simcoe on Wednesday afternoon next, November 30th.

Let All Get Together

Hardly a week passes but some good citizen has a suggestion to make for the betterment of the town. No sooner is the suggestion made than some other good citizen objects—principally because he does not like the first person. It is human nature and we are just as human here as elsewhere. But there is a better way—a way that is quite as human and more humanizing. Forget your antipathy toward the man and think only of his suggestion—of what it will do for the town—of what it will mean to you as a citizen of the town. Very few good citizens think exactly alike. Many are diametrically opposite in their convictions, in their tastes, in their likes and dislikes, but there is a common ground upon which we may all meet and bury our animosities. That is the common good of all—the betterment of our community—the fostering of the welfare of our collective citizenry for the benefit of each individual citizen, and for the benefit of ourselves. It is the point of prosperity—the grave of adversity. It is the point we should seek and find.—Exchange.
