Scientists seem to have exploded the
theory that hoarding large supplies of
nuts by squirrels predicts a hard winter.
Like some human animals, their eyes
are likely larger than their stomachs,
and in like measure, they possess no
instinctive prescience as to the weather.

into Geo. Yule's last Saturday morning,
but an owner was found Tuesday morn-
ing. The outfit had been stolen at
Courtland on Friday evening, and after
being driven this far had been turned
loose. The owner got trace of it and
came and returned home with it yester-
day morning.

A heifer purchased by P. E. Arm-
strong turned ugly while being brought
down from the station on Monday and
managed to get out of the wagon, badly
demolishing the rack. It was snubbed
to a tree in front of Dr. Leatherdale's,
and finally its feet were bound together
and the critter was loaded on a stone-
boat and taken to its destination. It at-
tracted considerable attention as it sure
had its "mad" up.

The many friends of Miss Ella Owen
tendered her a miscellaneous shower in
the Music Hall last Thursday evening
in honor of her approaching marriage.
A large number of useful and costly ar-
ticles were received. Dancing was in-
dulged in until well after midnight and
a most enjoyable evening was spent by
all present.

Another shower was held in the Hall
on Monday evening in honor of Miss
Eva Church whose marriage took
place to-day. A large number of
friends were present and the bride elect
was the recipient of many beautiful and
useful gifts. The Cayuga orchestra
provided the music for dancing and a
very pleasant evening was spent.

Government Candidate

**Mark Senn, a Prominent
Farmer of Oneida Town-
ship Chosen.**

At the Liberal and Conservative Con-
vention which was held in the Court-
house, Cayuga, on Monday, Mark Senn,
of Oneida Township, was unanimously
chosen as the standard bearer for Hal-
dimit County in the Federal election.
Telegrams were read from F. R. Lalor,
M.P. for Haldimit, positively declin-
ing the nomination owing to ill health,
and also a letter from Mrs. Lalor.
Eight were nominated, but all with-
drew in favor of Mr. Senn. Donald
Sutherland, M.P. for South Oxford,
spoke at length, reviewing the course of
the Meighen Government. A vote of
confidence in the Government was car-
ried. A vote of regret was also passed
at the death of the late president, F. J.
Ramsay. A vote of confidence was also
passed in F. R. Lalor, and regret ex-
pressed for his unsatisfactory health.

Officers of the association elected
were:—President, H. T. J. Gardiner;
First Vice-President, Dr. Jacques; 2nd
Vice-President, Mrs. (Dr.) Berry; 3rd
Vice-President, Mrs. Chas. Reichheld;
Secretary-Treasurer, W. J. Robb.

Morrow's Old Livery Barn Destroyed By Fire.

About seven o'clock last Friday night
the villagers were aroused by the cry of
"Fire!" the scene of the conflagration
being the large stables and barn, known
as Morrow's old livery barn, which
were owned by P. E. Armstrong. The
fire burned fiercely and also de-
stroyed Ed Hart's barn adjoining. It
was feared for a time that other build-
ings might fall victims to the flames,
but fortunately it did not go further.
E. F. Jones' chicken house in the rear
of his lot was burned and considerable
damage done to his fruit trees. A num-
ber of vehicles and an automobile which
were in the barn were also burned. The
origin of the fire is unknown. We un-
derstand that Mr. Armstrong had some
insurance on his buildings and contents,
but Mr. Hart had none on his barn.

Visitors from New Zealand

Mr. and Mrs. W. Todd Smith of Auck-
land, New Zealand, spent Saturday
afternoon and Sunday in our village,
the guests of the Williamson family,
Mrs. Smith being a cousin of Messrs.
James and Wm. Williamson. The vis-
itors left their home a year ago last
April and since that time have been
travelling—South Africa, France, Italy,
and the British Isles. Mrs. Smith is
interested in Y.W.C.A. work being Vice-
President of the Association in New
Zealand, and the representative of that
country at the World's Conference for
Women at Christiania, Norway, in June
of this year. They were leaving Ham-
ilton on Monday for Niagara Falls, New
York, Washington and Chicago and ex-
pect to sail from San Francisco for home
the latter part of December.

U.F.O. Resolution

The following resolution was unani-
mously carried at a meeting of the
County U.F.O. directors, in Cayuga, on
Tuesday, Oct. 19. The resolution was
sponsored by Messrs. W. A. Houser, J. F.
Martindale, J. A. Sarge and R. E. King:
"Moved by W. A. Houser, of Low-
hanks, seconded by S. S. Winans, of
Canfield, that our candidate, Mr. S. A.
Beck, deserves and has the implicit con-
fidence of all just and upright men and
women in the County of Haldimit, and
is the honored candidate of all the
people who desire good, efficient and
honest government."

Haldimit County Educational Association Convention

Minutes of Convention Held in
Dunnville on Oct. 13 and 14.

The teachers of Haldimit County met
in convention in the Public School, Dun-
nville, on Oct. 13th and 14th, 1921. The
meeting was called to order by the Pres-
ident, Mr. H. C. Branion, who called upon
Rev. A. G. Emmet to take the devotional
exercises. Then followed the minutes of
last convention, communications and the
Treasurer's report, the latter showing a
good balance on hand. Communications
were next dealt with. Following this an
address of welcome was tendered the con-
vention by Mayor Shirton, who in his
usual pleasing manner welcomed the body
of teachers and presented to them the
freedom of the town. The convention
then adjourned at 12 o'clock.

The afternoon session opened at 1.30
p.m., when President Branion gave his
address on "Aims and Ideals of the
Teacher." He emphasized the importance
of intelligence and purity of character in
the teacher, the moulder of plastic minds.

Mr. Thos. Marshall, M.L.A., of Dunn-
ville, then followed. In a particularly
pleasing address he touched on many of
the educational problems of our time.
He told of the reorganization of the edu-
cational system in Scotland, more at-
tention being paid to the health of pupils;
spoke of the length of time devoted to
the training of teachers in different coun-
tries; told of Scotland enlarging the unit
to a County School Board, and of some
advantages of the larger unit; referred
to the high rate in the poorer northern
districts of our province, and mentioned
the suggestion that the government pay
the salaries as in Australia and some
parts of the United States. He spoke of
Consolidated Schools affording enlarged
opportunities for pupils, and to Tech-
nical Training Schools, whose purpose is
to equip the worker better for his life-
work with his hands, as in the Arts and Crafts,
at the same time not neglecting improve-
ments in other lines. He deplored the
lack of original thinking, and felt the
need for a change in the course of study
in public schools. The entrance exami-
nations should not mean the completion of
the education of 80% of the children as at
the present time. As the school age has
been raised, the public school course
must be extended. He closed by point-
ing out that co-operation of the teacher
was needed, and that an awakening
amongst ratepayers and people is neces-
sary for an advance in thorough education.

President Reynolds of the O.A.C.
Guelph, then gave a highly entertaining
masterly address on "The Shepherd's
Trade." At the beginning of the address
he spoke of how attractive country life
was in its intellectual content, and that
one of the benefits of agricultural edu-
cation was not so much to make agriculture
profitable as to reveal the agricultural
content in pursuit of agriculture. "Does
the term 'trade' express the estimate the
public has of teaching? Are the honors
or prizes of teaching those applied to a
trade or to a profession?" he questioned.
He gave amusing illustrations to show
how the teacher's salary compares with
wages paid in other lines. To the faith-
ful herdsman's art belongs intelligence,
courage, and a high sense of duty. The
capacity to be led, and the pupil's power
to imitate afford tremendous possibilities.
The child claims from the teacher know-
ledge, power, culture, purpose, power in
the world, that he may take his place to
build, to know good from evil, to place
right values, to choose wisely and well.
We teachers are shepherds of sheep who
look to us to be led. Consider the prizes
and rewards of faithful shepherding.
Some of these are the results to be seen
in the development of the child, and the
joy of living in the memory of those we
taught. He very fittingly closed with a
quotation from Arnold's Rugby Chapel.

Those taking Summer Courses gave a
short account of each, showing how de-
lightful the course had been and outlining
the work taught. Mr. Branion spoke of
the work at Queen's; Mrs. Narraway of
the Kindergarten-Primary of Hamilton;
Misses Stuebing and Bartlett of the Agri-
cultural Course at Guelph. They thought
that the courses might well be taken by
any teacher with profit.

The evening session was held in the
Assembly Hall of the High School, with
Mr. Branion presiding. Miss Jean Walk-
er, dramatic reader, London, gave selec-
tions from several Canadian authors.
President Reynolds spoke on Canadian
literature, and gave personal references
concerning several of our Canadian au-
thors. Several vocal and instrumental
numbers were rendered by Dunnville citi-
zens, making an evening's entertainment
that was most thoroughly enjoyed by all.
