The Cash Hardware

The Sherwin-Williams Standard Of Value For Exterior Painting

USE S.W.P.

when you paint your house and you'll get the paint with easiest, spreading qualities, greatest covering capacity, and greatest durability.

Always full measure—most economical. Stands sun and rain, wind and snow. Made for use in all climates.

Cost per gallon is a false basis from which to measure paint value.

The three all important points by which every paint should be judged are—"covering capacity," "weather resistance" and "durability."

Judge S. W. P. on that basis and it is the biggest paint value you can get.

"Cover The Earth" label is everywhere regarded as a guarantee for goodness.

Call and get prices and color card.
