## An Revoir

With this issue Chas. Brock, who has been manager and editor of the Record for the past two years, having tendered his resignation, severs his connection with this office. He also relinquishes the several other duties connected therewith, such as foreman, job and ad man, compositor, pressman, devil, etc. He is returning to Caledonia to accept a more humble position with Brer. Sawie of the Sachem staff. In leaving he wishes to thank all patrons and friends for the most courteous treatment during his stay here, and also wishes the Record every success in the future.

## Business Change

Percy Armstrong has sold out his butcher business to Thos. Harris, and there will now be but one shop. In giving up the business Mr. Armstrong wishes to thank his numerous customers for their generous support. It is Mr. Armstrong's intention to enlarge his present estate space and carrying on a fruit store and ice cream parlor.

The country roads which have been scraped are in excellent shape for wheeling. But we notice some of the roads have not had the scraper on and there's no better time than just now to do the work. The road west of the village needs it badly.

Master Arthur Harvey, son of Mrs. John Harvey, of Walpole, had the misfortune to break his leg a week ago Sunday. Dr. Leatherdale, of Jarvis, was summoned and reduced the fracture and at present he is doing as well as could be expected.

The Norfolk county council went on record as anxious to have the provincial highway which terminates at Jarvis, continued so as to connect up Hamilton with Port Dover. In this case, the widening of the Plank Road will take off much good farm land.

The public are warned while motor licenses should be procured Jan. 1st, the time has been extended to Feb. 1st. After that date those driving cars without the new 1922 licenses will be prosecuted, and this warning is given to save trouble and expense.

Elisha Farr, jr., of Woodhouse, who has just returned from a three weeks trip to Florida says that he was surprised with the splendid development of the country in the Gulf Peninsular. It looks, he says, 50 per cent more prosperous than six years ago.

Considerable egg rivalry has developed among Elmira hen fanciers. It is stated that W. W. Martinson has a pen of eight white Wyandotte pullets of the John S. Martin bred to-day strain, with a record for the past three days of 21 eggs, for the past seven days 43 eggs, and for the past 21 days of 114 eggs.

Mrs. Arthur C. Lea, of Simcoe, died very suddenly Tuesday evening. Shortly after six o'clock she complained of feeling ill and then collapsed. Mrs. Lea never regained consciousness and died about 9.40 p.m. Death was due to cerebral hemorrhage. Her maiden name was Clara Smith, being a daughter of Rev. John T. Smith. Besides her husband and adopted daughter, Edna, she is survived by three sisters and one brother.

## Rural Wisdom

The St. Mary's Argus-Journal points out that rural districts are purchasing to-day, despite business depression, Government, municipal and high class bonds in ever-increasing quantities. The Victory loans are given the credit for changing the character of the investments of the Canadian farmer. They taught the nature and the value of bonds. In the past the favorite form of investment in the farm districts has been the mortgage, but to-day it is high grade bonds.

Judging by the statistics given at the meeting of the Western Ontario United Boards of Trade at Woodstock, urban residents might take a lesson from their rural cousins as to investments. One speaker estimated that from \$20,000,000 to \$40,000,000 was lost yearly in Ontario through investments in wildcat securities. It is safe guessing that most of this money came from the urban centers. It has always been the habit to jibe at country "hicks" being taken in by "gold brick artists," but as a matter of fact the real "rubes" are in the cities. Country people never invest or speculate in the foolish manner their city relatives do. Any legislation such as is proposed by the Boards of Trade, and it is apparently necessary legislation, will be largely for the protection of the city "sucker."

**BABY CHICKS**—It is cheaper and more satisfactory to buy ready hatched chicks. We guarantee safe delivery of vigorous, pure bred, husky chicks of all breeds. Write for free booklet and prices. **THE CANADIAN CHICK HATCHERY, Ltd., Dept. C. N., Hamilton, Ontario.**

## Agricultural Society

**Date of Jarvis Fall Fair Fixed For September 28th.**

The annual meeting of the Jarvis Agricultural Society was held on Saturday, January 21st.

The financial statement submitted showed a balance on hand of \$350.00. It was decided to hold a one day fair, and if possible in conjunction with the Walpole Rural School Fair.

A meeting of the Directors of the above society was held in the Insurance Hall on Wednesday last when Geo. L. Miller was re-engaged as Secretary and Treasurer for 1922.

## London Barrister Dies Suddenly in Naples

Charles H. Ivey, senior member of law firm of Ivey, Elliott & Ivey, London, Ont., died suddenly Friday in Naples, Italy, in his 67th year. Mr. Ivey left for Italy about three weeks ago on a trip for his health.

Deceased was born on a farm near this village and was a son of the late Richard Ivey, and had practiced law for many years in London.

Of a family of five children one brother and one sister survive, namely, Thomas, of Carmen, Man., and Mrs. Bryce Allen of Jarvis. He is also survived by two sons and two daughters. His wife pre-deceased him November 28th last.

The remains of the late C. H. Ivey will be brought home to London about the middle of February. They will be placed on the Adriatic sailing from the Italian city on February 1 or 2. Miss Isabel Ivey, who was on the trip with her father, left Naples Sunday for England, from where she will sail for home on the first ship available.

## Fire Insurance Co. Meeting

The annual meeting of the Walpole Farmers' Mutual Fire Insurance Company was held on Saturday last in the Music Hall. The attendance was small but the Treasurer's report for the year was very satisfactorily explained.

The Officers and Directors for 1922 are:

President—J. B. McKenzie  
Vice-President—John Mitchell  
Directors—J. J. Parsons, Jos. Awde, Geo. E. Pond, D. McBurney, David Lindsay, J. W. Roulston and J. N. Howard.

Sec. Treas.—Geo. L. Miller  
Auditors—Jas. Williamson and Jas. McKenzie.

The Weather Insurance proposition did not seem to meet with favor.

## Kicked By Horse

Injuries of a serious nature were sustained by Gordon Carr, of Hagersville, when a horse which he was grooming in the stable, kicked him in the face Sunday morning. His nose was broken, and it is feared that he may lose the sight of his right eye. Members of the family heard Mr. Carr shout, and rushed to his assistance. They found him lying on the floor of the stable in an unconscious condition. He was conveyed to St. Joseph's hospital and given treatment. His injuries, although serious, are not fatal.

## Shooting Accident

While out shooting rabbits last week, Albert Johnston, near Cayuga, was accidentally shot in the leg above the knee, while using the butt of his gun to clean the end of a culvert to locate a rabbit. The injured boy was conveyed to the Hamilton hospital, where it is hoped the leg may be saved. He suffered greatly from loss of blood.

## Creamery Meeting

A public meeting of those interested in The Jarvis Creamery and Produce Company, Limited, was held in the Music Hall last Friday afternoon. It was decided that it would be to the advantage of the Company if all intending shareholders would pay in the amount of their subscription not later than 12 o'clock February 4th, and at 2 o'clock on that date a meeting of the shareholders will be held for the purpose of electing a Board of Directors and ratifying what has been done by the temporary directors.

Jarvis needs a creamery, and there is no reason why farmers near this village should not support an industry here rather than help to build up other small towns at some distance. It is simply a question of everyone getting together and helping along a good cause. This is not a question of sentiment or charity, it is a question of business principles, and it is up to the shareholders to make the Jarvis Creamery and Produce Company, Limited, a financial success. This can only be done by the members getting together and working harmoniously, and it is their duty on Saturday next to nominate and to vote for the very best men to act as Directors for the company for the coming year. It depends upon the shareholders whether or not this new project is a success.

## The Warning

The road turned sharply to the right, and, as my fiver rolled, my startled eyes beheld a sight that made my blood run cold. A brand new sign, with message drear, I there perused aghast: "Beware! A man was killed just here, because he drove too fast." I had been ripping off the miles at quite a reckless pace; my fiver scorched, in many styles, as though 'twere in a race. But I was startled by that rede, that message stark and dour, and so I then reduced my speed to fourteen miles an hour. And it so affected me, I wager that it jars a hundred others when they see that warning from their cars. You say in would be wise, indeed, to place such monuments wherever man's love speed has killed poor dippy gents. "Slow down," we'd read upon our way, "Three perished where you ride." "Take care!" another sign would say, "Twas here two speeders died." And thus you'd keep our thought intent on doom and biers and shrouds, and spread a wholesome sentiment among the whizzing crowds. But soon the signs would overlap, and what would then befall? You can't expect the speeding chap to pause to read them all. If warnings would abolish speed, one warning should suffice; we shudder as the first we read, the second cuts no ice. —Walt Mason.

## Demolishes Buggy, Leaves Driver Lying Unconscious on Road

Port Dover, Jan. 30.—A motorist driving with only one headlight struck a buggy in which Mr. and Mrs. Urban Pow were driving on the Simcoe-Dover road, demolished the buggy and threw the occupants out. Mr. Pow was still unconscious when another motorist came along and rendered aid, which the perpetrator of the deed neglected by driving hurriedly on. It is believed that the identity of the guilty party can be established.

## Costs More For Upkeep Of Trucks Than Roads

Simcoe, Jan. 28.—The superintendent of county roads has estimated, after investigation, that there are in Norfolk County 2,600 motor trucks, or about one for every ten of population. At a conservative valuation of \$700 each they represent \$1,820,000. At an average annual run of \$3,000 miles and allowing 74 cents per mile for gas, oil and repairs, the cost is \$265,000, or considerably more than the entire cost of road building and maintenance. His own car cost 10 cents per mile for maintenance, without allowance for depreciation.

## Considerable Reduction on Farm Implementations Was Forecast at Manufacturing Firm's Annual Meeting in Smith's Falls.

Hon. Arthur Meighan, ex-Premier, was elected in Grenville constituency last Thursday by a majority of 1620 over the Progressive candidate.

## Cayuga Creamery

The financial statement for the Cayuga Creamery gives the following figures:—

The value of the plant has increased during the past year from \$8,306 on Jan. 1st, to \$12,562 on Dec. 31st, 1921. The butter sales amounted to \$122,796.48, the total receipts from all sources being \$124,566.48. The excess of receipts over expenditures is \$774. In the expenditures the cream purchased amounted to \$99,265. Cream hauling cost \$7,704.

Considering the unsettled and unsatisfactory business conditions generally, during the past year, the creamery is to be congratulated on the showing they have been able to make in their third annual report.

Hon. Arthur Meighan, ex-Premier, was elected in Grenville constituency last Thursday by a majority of 1620 over the Progressive candidate.
