The Reticence of Revelation

Sometimes people are apt to wonder why so much concerning God, religion and the soul is not made clearer to the common mind

Why is there so much mystery surrounding religion, calling forth unprofitable and clouded debate? Could not the world have had a fuller, simpler, plainer message concerning God, the soul and the future of man?

Why were these wonderful blessings denied them? Was it because God did not care for their comfort or advancement? That could not be

This same principle can be followed into the academic life. Parents cannot reveal to children all they would like to tell them

When we come into the realm of religion the same principle holds good. No other religion but Christianity shows such a steady historical progress

When we come into the realm of religion the same principle holds good. No other religion but Christianity shows such a steady historical progress

When we come into the realm of religion the same principle holds good. No other religion but Christianity shows such a steady historical progress

When we come into the realm of religion the same principle holds good. No other religion but Christianity shows such a steady historical progress

In Christ we are brought out into the fuller light, for He came to bring life and immortality to light through the Gospel

This reticence in revelation explains the incarnation. Many people have wondered why Christ did not come earlier in human history

We are told He came in "the fullness of time." Had the incarnation been sooner it would have been premature

The question comes how may a person possess a deeper experience of Christ's presence? That deeper knowledge is undoubtedly gained by a life lived in fellowship with Christ and submission to His will

Spiritual illumination springs from a redeemed and sanctified soul. "Blessed are the pure in heart, for they shall see God"

The average layman would not be prepared to grasp the scientific truths presented. "The natural man receiveth not the things of the spirit of God"

Win The Opening Game

Jarvis Baseball Team Off to a Good Start—Defeat Cayuga by 5 Runs to 4

On Wednesday of last week our baseball team journeyed to the county town and played the opening game of the season

The local boys put up a good game. Wagner pitched a wonderful game, having 16 strikeouts to his credit, which constitutes a record

During the past ten years (1911-1921) the Ontario Agricultural and Experimental Union has conducted co-operative experiments in weed eradication

Another good formula is made by mixing one part slightly sour milk and two parts of coal oil

Another pest that infests rose bushes is what is known as the rose slug, a silmy green caterpillar, about one inch long, that eats the leaves and also eats into the flower

When to Spray. In applying any of these solutions, any spraying necessary in chilly weather should be done in the morning

Samuel Ding, of Hartleton, Pa., recently honorably discharged, was known as the champion eater of the American army

GETTING RID OF PESTS

How to Deal With Some Persistent Rose Enemies

A Remedy at Hand for Every Assailant—In Cold Weather Spray in the Mornings—Generous Cows Need a Good Grain Ration

Spraying with water under pressure with a fine spray is a good preventive for the various pests that infect rose bushes

Another good formula is made by mixing one part slightly sour milk and two parts of coal oil

Knox Church Notes

Sacrament of the Lord's Supper Sunday, June 4th, at 11 a.m.

Preparatory Service on Friday, at 8 p.m., conducted by Rev. D. E. Foster

The Communicants' Class are asked to come if possible on Friday evening

St. Paul's Church Notes. Next Sunday, Whitsunday, there will be a mid day celebration of the Holy Communion

The Adult Bible Class will be held in the School Room on Friday 8 p.m.

The subjects of the sermons next Sunday will be:—Morning, "The Descent of the Holy Ghost." Evening, "Spiritual Gifts."

Children not attending any Sunday School will be cordially welcomed at St. Paul's every Sunday at 10 a.m.

Members of the Hagersville Branch of the Woman's Auxiliary joined with the local branch in the monthly devotional meeting held in St. Paul's School Room

Irving conducted the opening exercises of devotion and gave a brief address

Mrs. Burwash presided over the business meeting, which included a report from Mrs. Ward, one of the delegates to the annual meeting at Hamilton

Mrs. E. A. Irving was unanimously elected Honorary President of the Jarvis Branch, and expressed her thanks for the honor thus conferred upon her

Mrs. Graham, of Hagersville, on behalf of the visitors, thanked the local members for their hospitality in providing a substantial lunch. A very profitable and enjoyable time was passed

"First-Class" Slings. Unlike many slang terms, "A 1" has an ancestry which is distinguished

Here the higher classes of vessels are marked "A," and the figure "1" following the letter shows that the equipment is complete and efficient

The French have a similar expression, "C'est un homme marquis a 1." He is a man marked with an "A." This is not derived from the same source as our own slang phrase

British Prime Minister. The office of British Prime Minister pays no salary, but the man who holds that office can make himself any sort of Minister he wishes

Indirect Income Should Appear In Farm Accounts

Labor income is not the limiting factor in determining how much the farmer shall have to eat, but it is the determining factor for the wage earner in the city

Food, fuel, and shelter are primary requisites of life, and the farm furnishes its proprietor a good proportion of these necessities

These things that the farm furnishes directly toward the living expenses of the farmer's family enable him to live even though his crops are poor

This indirect income from the farm is often underestimated, often unrecognized, unless provision is made for accurately recording it in the farm accounting system

What to Plant in Late Gardens. Carrots, beets and celery for winter use may be planted in the latter part of June

Golden bantam corn to keep up the supply for late summer. Early string beans and peas to provide substitutes for meat

Fresh and crisp vegetables as the means of saving canned products for winter use

Seed sown in mid summer should be planted in freshly stirred soil and somewhat deeper than in spring
