**The Mail Carriers**

The present system adopted by the government of this country in respect to the contract letting of Rural Mail Delivery is a decidedly wrong one. At present the representatives of the rural mail contractors are presenting their case for the government's consideration. Their demands are "That the contract system be abolished and that the carriers be engaged permanently at a uniform rate of \$70.00 per mile." They state that under the present contract system there is a tendency to underbid the existing holder of the contract.

It was a mistake in the first place to have instituted the present obnoxious contract system of having this work done. Many of the men who put in bids when contracts are asked for have had no experience whatsoever in the making out of estimates; and tenders, and consequently have no adequate knowledge of the service required and the consequent expenditure into which they will be involved. This system of contracting has since its inception been the cause of a great deal of hardship to the contractors themselves. It is stated that last year one hundred and twenty-five government Rural Mail carriers were sold out of house and home, principally through the expenditures which the successful tenders of Rural Mail contracts have sustained for horse-shoeing, food for horses, repairs to wagons, etc. One unfortunate carrier who formerly had a comfortable home in Barrie was practically stripped of all his earthly good by the seizure and sale of same to meet the demand of his creditors.

While the contract system may be quite suitable for the public works department, where the tenders are men of experience, it is not any more applicable to the country mailman than it would be for the city postman. A fair standard of returns for the labor involved should be figured out and adhered to. The present economic system yokes in our land is en-passant and a new arrangement should be introduced that would not involve gross injustice and hardship on our public servants. Then again a great deal of the rural mail carrier's work is performed under great difficulties. All the roads in our country are not paved and the mails are to be delivered whether the weather be wet or dry, fine or stormy. The carriers are not allowed any consideration for the state of things that a heavy deluge of rain in summer or a tremendous snow storm in winter may force them to face. The roads become impassable for the horses but still H. M. mails must not be delayed. Horses are frequently severely injured and sometimes have to be destroyed. Many of the rural mail boxes have the wrong names (caused by a change in ownership of the farm); some have no name on at all; some are on one side of the road and some on the other, sometimes the box is located where the mail driver has to dismount from his wagon.

There is at present an expensive inspection system and one that does not give the adequate returns to the country that it should. Many of the inspectors' time is too much taken up with the managing of the letting of contracts. If the present system were abolished, these inspectors would be free to devote

their time and energy to improving the service. They could look after the proper placing of the boxes, could report portions of the road that were in a bad condition and see that the proper authorities were notified in that regard; they could encourage good service or criticize failure to discharge the duties properly. It is greatly to the credit of our rural mail drivers that out of over 1500 only six have been found guilty of misdemeanors against the law. Rural mail delivery in the republic to the south of us has been an institution for many years. Uncle Sam pays the carriers \$75.00 per month and each one is given three weeks holidays each year. They are government employees in the strictest sense of the word and have no fear of anyone else underbidding them and taking their job from them. In their appeal to the government at Ottawa our Canadian carriers ask for only the ten statutory holidays.

We hope that the King administration will carefully consider the request that is being made to them by the rural mail carriers, and that these men will be properly placed in the ranks of government employees; that the present unsatisfactory contract system of rural mail delivery will be abolished. Let the government appoint these men with the assurance that as long as they dutifully and faithfully perform their duties they will be protected from those who would, in order to get the positions, work at a lower rate. The contract of tender system is a back number and has no place in the 20th century life of our country.

**The Story of the Year of the Nanticoke Woman's Institute**

May 31, 1921, to May 31, 1922

Before beginning the story of our year it would be well to pause for a moment to consider what we as an Institute stand for. Our motto conveyed in a word its lofty object: "For Home and Country," and here the field of activity is unlimited and the Institute should, and I believe it is the desire of every member to improve the lot of all in the community by doing those things and affording those opportunities which cannot very well be provided through individual effort.

The June meeting was held at Hickory Beach in the form of a picnic. Mr. Bilger gave a very interesting talk on his work, "Child Welfare." There were forty present and all had a delightful time.

The July meeting was held at the home of Mrs. S. R. Marr. Mrs. W. H. Evans gave an interesting and full report of the convention held at Jarvis, and as the meeting was to take the form of a Thimble Tea the remainder of the afternoon was spent in exchange of ideas in needlework, sewing and crocheting. Owing to the absence of our President, Mrs. Ashton Evans, second Vice-President, took the chair.

The August Meeting met at the home of Mrs. Ashton Evans. It was agreed that we send \$10.00 to Queen Mary Hospital for Consumptive Children. Mrs. John Meade gave a paper on "First Things First in Women's Clubs," and Mrs. S. R. Marr gave a reading, both of which were much enjoyed.

The September meeting was held at the home of Mrs. G. S. Field. It was decided that we send \$5.00 to "The Navy League." In Mrs. S. R. Marr's paper: "Equipping The Kitchen," many useful ideas were given, and afterwards discussed by the members. Mrs. W. H. Evans gave a splendid paper on: "The Value of Congenial Companionship." Miss Jean Oakes' piano solos were very much appreciated. Also the very instructive paper given by Miss Mabel Thompson: "How to interest Teen Age Girls and Boys." The roll was responded to by recipes for marmalade made of Canadian fruit.

The October Meeting met at the home of Mrs. George Volkes. A letter of appreciation was read from the Nursing Sisters. Two splendid papers were given by Mrs. A. Oakes on "Health—The Value of Outdoor Life" and "Dress—Its Uses and Abuses" by Miss A. Livingstone. The roll call was responded to by an amusing story.

The Pie Social held on "Armistice Day, November 11th, was a great success. Supper served from 6.30 to 9 p.m., followed by short program and dancing. The proceeds amounted to \$39.25.

The November Meeting was held at the home of Mrs. W. L. Evans. It was unanimously agreed on that we send \$10.00 to the Sick Children's Hospital and \$10.00 to the Children's Aid Society of Haldimand. The Secretary was asked to write for "Blue Books." Mrs. W. H. Evans' paper: "Stumbling Blocks Along Our Path and How We May be Prepared to Meet Them," brought out many good points, after which a reading by Mrs. Stamford Volkes was given: "The Ultra Clean Woman."

The December Meeting met at the home of Mrs. A. Oakes. An appeal was then read for the Muskoka Hospital and it was agreed that we send \$15.00. Misses Eibel Butcher, Frances Evans and Jean Oakes kindly furnished instrumental selections. Mrs. George Volkes gave a demonstration on the Dining Table. This was followed by an excellent report of the Annual Convention held at Toronto by Miss Julia Evans, after which Mrs. C. Field gave an illustrated lecture on: "Beautiful Buildings of the World."

The January Meeting was held at the home of Mrs. S. A. Thompson. Miss Elva Walker favored the Institute with a vocal selection, and Miss Helen Lindsay with an instrumental selection, which were much enjoyed by all. Miss Jean Oakes gave an interesting paper on: "Empire Day." This was followed by music by the Trio. A paper was also given by Mrs. G. S. Field on: "The British Empire and its Component Parts." Mrs. Field dealt with the Patriotic side and brought out some splendid points. Miss Eva Thompson then gave a vocal selection. The roll call was responded to by minute speeches on great persons of the Empire. At the close of the meeting the trustees and teachers met to discuss "Hot Lunch" at the school, and it was decided to begin by serving hot cocoa. The school board to furnish the milk, cocoa and sugar.

The February Meeting was held at the home of Mrs. G. S. Field. Miss Carrie Jackson read Mrs. Harold Evans' paper on: "How Institute Members Can be a Help to Our Schools," which was very interesting and instructive. Miss Jean Oakes then favored the Institute with an instrumental selection. Mrs. S. R. Marr then gave a paper on: "Schools—Past, Present and the Ideal of the Future," bringing out splendid ideas on what is being done. Miss Mabel Thompson's paper was very sweetly: "Come Out and Play." Then followed a paper on: "The Adolescent Act"

The St. Patrick Tea held on March 17th was in every way a success. Six medium sized tables and one small table were decorated in green for the occasion and loaded with goodies. The proceeds were \$26.53, and the amount realized from quilt tickets, \$14.50. Everyone thoroughly enjoyed themselves.

The March Meeting was held at the home of Mrs. J. Frank Jackson. An appeal was read for "The Russian Relief." \$10.00 was voted to them. Miss Jean Oakes gave an instrumental selection. This was followed by a paper by Mrs. S. A. Thompson on: "House Rootings and Cuttings." A very interesting paper on: "Nature Study," was given by Miss Pearl Jackson. A very entertaining paper was prepared by Miss Mabel Thompson on: "The School and Home." Then followed a discussion led by Mrs. J. F. Jackson on "Home Training." Miss Pearl Jackson favored the Institute with an instrumental selection.

The April Meeting met at the home of Mrs. W. H. Evans. Miss Julia gave a reading on propaganda: "Made in Canada," and Miss Eva Thompson read an article on the: "Foreign Element." Miss Werner very kindly played several instrumental selections, which were much enjoyed. The roll call was responded to by quotations from Canadian authors.

The May Meeting was devoted to business. In closing we must not forget to mention the Flower Committee and the splendid work they have done in bringing cheer to the sick.

The following is the list of those who received flowers during the year: Mrs. J. T. Hallam, Mrs. Ed. Field, Mrs. Margaret Evans, Misses Beatrice and Blanche Field, Mrs. Fred. Martin, Mrs. Thos. Snowden, Mrs. Edgar Meade, Mrs. Percy Buck, Mrs. Ira Evans, Miss Jean Oakes, Mr. Urban Hind, Mrs. Warren Jackson, Mrs. Chas. Martin, Mr. Frank Field, Mr. Chas. Stone, Mr. Wallace Corrigan, Mrs. George Evans, Mr. John Sharp, Mrs. Elizabeth Wood, Mrs. Marshall Lindsay, Mr. Freeman Field, Mr. and Mrs. F. A. Pratten, Mrs. Margaret Evans, Mrs. S. A. Thompson, Mrs. Wm. Slack, Mrs. Alice Banfield.

And now we come to the close of a very rambling and incomplete story. We all feel I am sure that we have had a successful year, and by each one doing her very best surely the new year opens with even greater possibilities. We would do well to remember these few lines of poetry: "I cannot do much, said a little star. To make the dark world bright. My silvery beams cannot struggle far Through the folding gloom of night; But I'm only a part of God's great plan, And I'll cheerfully do the best I can." F. Eva Thompson, Secretary.

Alfalfa and Clover, Peas, Oats and Corn Cut Green Make Excellent Nourishing Food — Weed Seeds Spread by Manure — What to Plant in a Late Garden.

When the pastures dry up in June, July, August or September, the shrinkage is noted in the milk can and on the ribs of all the live stock. No grass, no milk, no beef, or at least not enough to be really profitable, is a condition both undesirable and too frequent in the experience of many farmers.

Live stock to be profitable must be fed liberally. Maintenance rations — dry pastures are nothing more — never make beef or milk, and never can be profitable.

The farmer who provides green or succulent feed to carry his live stock at full capacity during any period of pasture shortage is not only making his operations profitable, but he is preventing losses that liberal feeding alone can prevent.

The farmer who takes time for the forelock and provides a summer stock does not worry about drought, knowing full well that his stock feed reserve is standing ready. Peas and clover in the spring, and alfalfa in the next best thing, provide ample green crops that are palatable and succulent to do what the pastures fail to do. A few pounds of green peas and alfalfa or green clover, in addition to the dry pasture pickings make for contentment, a full milk pail and thrifty young stock.

How to Carry Over Ten Cows. A farmer has ten cows he should figure on the crop from one half acre providing ample green feed to carry them ten days. Peas and oats mixed one and a half bushels of each, and sown as early as possible in the spring, and followed by a second seeding ten days later, will provide for twenty days of an early drought.

An area of alfalfa near the feed-yard is especially useful during July and August to keep the stock going until the early crop is ready. Sweet clover is more useful as a pasture plant than as a crop plant that may be cut and taken to the feed rack. Clovers, peas, oats and corn will furnish all the succulent feeds that are necessary providing of course that the stockman undertakes their production in due time each spring. Grow a few additional acres for green feed this spring, and if drought occurs you will be fortified against it. — L. Stevenson, Secretary, Ontario Department of Agriculture, Toronto.
