Depend on the Condition of Your Hens
Only properly cared for Baby Chicks make healthy Hens. The first two weeks of a baby Chick's life is the most important period in the bird's existence.

WODEHOUSE BABY CHICK FOOD
is not only made from the finest ingredients but has also a medicinal value possessed by no other Chick Food. Your Chicks fed on WODEHOUSE for the first two weeks will be equal in weight to other birds three weeks old.

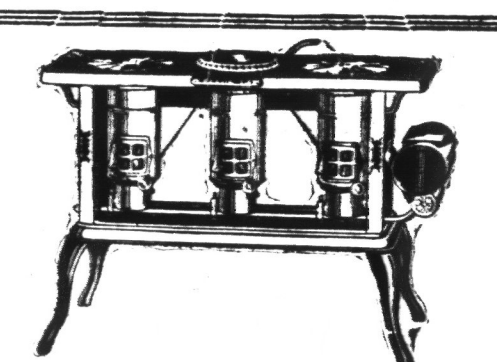

WODEHOUSE CREAMEAL FOR CALVES
The only calf meal made containing milk powder. It is equally nutritious as cows milk. It is economical too, as the milk saved in feed can be used for other purposes. Many stockmen feed Creameal to piglets weaning. Pigs weaned on Creameal are not retarded in growth as with other foods.

This is the time of year when the feeding of **WODEHOUSE ANIMAL INVIGORATOR** is most beneficial to your livestock.

Use **ZENOLEUM** for all disinfecting purposes.
We sell Wodehouse's products because we believe they are the best on the market.
