SUCCESS IN PRAIRIE TREE PLANTING

Sixty million trees planted on farms in the Prairie Provinces in twenty years is the record of the Thee-planting Division of the Forestry Branch of the Department of the Interior. What this means to the farmer, and even e particularly to his wife, is told distribution system, under which the former property and made their homesteads more cheerful and homelike. Many deciare that the former property and cheerful and homelike. Many deciare that the former property are use of wrong kinds of trees and lack gether it is a very encouraging and of information, farmers, twenty years enthusiastic booklet, and the pictures

answers the question. Considering estry, Ottawa. only financial benefits, he shows that there are now, as a result of this distribution, at least 40,000 successful shelter belts. The owners estimate these as worth to them from \$500 to \$5,000, with an average of \$1,000, but where Magna Charta was signed?" placing a value of \$300 only on each | Voice from the Back-"Please, sir, belt, this means a total value of \$12,- at the bottom."

000,000. This is at least \$11,200,000 organized in 1901. Mr. Ross goes on to point out that the chief value is the indirect one by which comfort and beauty is brought to prairie farms.

The second part of the book consists of forty letters, selected from several hundred, in which prairie dwelfers on farms existered from the Red River to the feot-hills of the illustrated pamphlet, Forestry cess. Men and women tell of how Branch Bulletin No. 72, "Success in their groves have added mousemus of dellars to the value of their farms, of Provision be made for the eventual all others on entering Confederation, and photography in connection forestry patrol work. The Birthday of Canada

The mother looked forth from her, "She gives to her makers of music fertress-

The high, white cliffs by the sea-Her old eyes adream with memories And visions of years to be. She called to the dawn-winds, tossing

The purple and silver spray: "O Winds of the World, come hither, And list what I have to say.

"At home on my seagirt island,

Unshaken by weal or woe, I bide by my well-worn doorstep While the centuries come and go; But my daughters and sons are many;

I have reared them as best I knew, And sent them forth with my blessing Wherever the four winds blew.

"There is one they have crowned with the maple. And this is her natal morn-Is it dream, or the sound of her

singing Far over the blue waves borne?-I love her with deep affection, But this I would learn from you-O Winds of the World, give answer!-Is she pure? Is she strong? Is she

true? The wild winds laughed as they listened.

And shook out their sea-grey wings. "O Mother of many children, O source of a thousand springs, Fear not for your queenly daughter; We have looked in her lovely face, And found it the revelation

Of the light of an inward grace. "As sturdy and straight as the pine trees

That girdle her northern hills, As pure as her limpid we ers, Or lilies abloom by her rills, Are the sons and the bonnie daughters Go, tearry my heart's best blessing.

taught. And the print of her high identa

That harp in a myriad keys The thrill of her own heart-throbbings, Her serrows, her ecstacies.

A passion of beauty, illusive, On mystical mountains of dream, She gives to her poets and painters-And ever they follow The Gleam.

With joy she has greatly labored, Nor eaten her morsel alone. Of the precious gold of her corn-lands She has scattered from zone to zone. Wherever the four winds wander

The hungry have blest her name-Yea, strangers, at cost of her life blood,

She has saved from sorrow and

"Go, list to the winds of Flanders, And list to the winds of France, Caressing the crimson poppies That sway in a dreamy trance:

Go, kneel on some cross-crowned hilleide And whisper her name-not more-You will learn of the fame and glory She has won on an alien shore.

"Yet never her hands are folded, And never her feet are still. She looks where the far heights

And climbs with a steadfast will. And blossoms of peace are springing Wherever her foot has trod,

For her eyes have visioned the spiendor

Of the light on the hills of God."

The mother grew glad as she listened In the dawn-light crimeon and gold. "I knew it, I knew it!" she whispered, "The story the Winds have told. She has borne and cradled and O Winds of the World, I pray. To your Queen of the Western Ma-1
