How is this for a "muddy" joke:—"The purest water in Great Britain is that of Loch Katrine, which has but one-quarter pound of soil suspended in one thousand gallons. In the same quantity of Dunville water there would be about a quarter of a ton."—Dunnville Gazette.

In its issue of February 25th Toronto Saturday Night has a very able article on "Canada and its Railway Problem," by J. L. Payne, formerly statistical expert of the Department of Railways and Canals. Mr. Payne has produced a very able article indeed, and we regret that we are unable to reproduce it in its entirety, to lack of space.

The funeral of the late Mrs. Nancy Fallis, of Brantford, relict of the late Mr. J. D. Fallis, took place on Saturday last. Just exactly eight years ago to the hour the late Mrs. Fallis followed the remains of her husband to the family burial plot in the Brantford cemetery. The deceased lady was well-known in Jarvis where she had a host of friends and acquaintances.

The Ontario Government at its present session is introducing a Blue Sky Law for Ontario. It is surely time that a step was taken in this direction, as many millions have been taken out of the pockets of our people by promoters of "Get-rich-quick" flotations. It is said that in United States alone that over \$500,000,000 a day are being fleeced from the public by the sale of worthless and fraudulent securities.

The Jarvis "Beugals" journeyed to Simcoe on Friday last and played a game of hockey with the Simcoe "Clerks." The local boys won by a score of 7 to 1, and had complete mastery of the game all stages. All the Jarvis players acquitted themselves well and special mention might be made of the defence work of E. Duncan and H. Johnson, while M. was conspicuous on the centre forward line. The following was the line-up for Jarvis:—Goal, "Curly" Underhill; defence, E. Duncan and H. Johnson; forwards, M. Church, centre: P. Mitchell, left wing; R. Smith, right wing; Subs., G. Harris and N. Johnson; Referee, Geo. Duncan.

### The Late Mrs. Wm. Start

This week it is our duty to chronicle the death of Mrs. Wm. Start which occurred on Monday, February 20th, 1922. The deceased had been in ill health for some time but her illness did not cause alarm among her friends until a few days ago. She caught a severe cold which developed into pneumonia and she passed away as peacefully as a child.

The deceased was born in Walpole in 1868, her maiden name being Ethel May Mitchell, eldest daughter of Mr. and Mrs. John Mitchell. In 1911 she was married

to Wm. Start also of Walpole. Mrs. Start was of an exceptional kindly nature which made for her a host of friends, and in her death the community loses one who was really a true friend and neighbor. In the neighborhood she will be greatly missed but even more so in the home where she was always alert to the needs of her family. Besides a sorrowing husband and son, she leaves to mourn her loss a father and mother, one sister and four brothers to whom the warmest and most sincere sympathy goes out from a multitude of relatives, friends and neighbors.

The funeral services were exceptionally beautiful among which was a wreath from her husband and son, a pillow from father, mother, sister and brothers; sprays from Mr. and Mrs. Geo. Yule and family, Mr. and Mrs. Chancy Misner and Mrs. James McDonald and family.

The funeral took place on Thursday to St. Ann's church cemetery and was attended by a large number of relatives and friends. The pall-bearers were: Chas. Columbus, Chas. Montague, Wesley Carpenter, Edward Wright, Chris. Montague and Alfred Webb.

### Jarvis 12, Hagersville 9.

The first of the home and home games between Hagersville and Jarvis in the Southern Counties League, which were ordered played as a result of the Jarvis' protest being sustained, took place in the Jarvis Arena on Monday evening of this week. The result was a victory for the local boys by a score of 12 to 9. All of the Jarvis' team played a good game and it would be unfair to mention any member specially. The return game takes place at Hagersville to-night and as total goals count, it looks like a win for Jarvis. Their lead of three goals should make it safe for them. To-night game will likely be the last our team will take part in.

### Free Text Books in Our Schools

Free education should include free text books. This should be the rule throughout Ontario, as it is Toronto and some other cities. The burden is thus lifted in part from the shoulders of a man with a family, because it is shared by business concerns and ratepayers who have no children of their own. And that is desirable. If is a very moderate additional tax upon bachelorhood and childlessness. The Ontario legislature is about to consider proposals which would result in free text books. In some suitable form they should become law.

It costs Toronto only a little more than \$60,000 per year to provide free books for the children of its public schools, and \$42,000 would cover the "high" also. The cost in the public schools is considerably less than one-tenth of one mill of taxation.

### Cayuga Ties Port Dover

Before a crowd of six hundred hockey fans, who had plenty of opportunity to cheer, the Cayuga team played the locals to a tie, 5 to 5, in the first of the home-and-home games for the championship of the Southern Counties League and the Kohler Cup. The Cayuga team arrived late on a special train at 8:30 and the game did not get started until 9.15.

It was the fastest game seen here this season, with neither side able to score in the first period. A large number of our enthusiasts accompanied the Cayuga team.

The line up was as follows:—Port Dover—Goal, Davidson; defense, Colley and E. Leany; centre, H. Leaney; wings, Mitchell and Parker; subs, McDonald and Morris.

Cayuga—Goal, Golden; defense, Kelly and McSorley; centre, Kohler; wings, Bunn and Heaslip; subs, Kohler and Barry.

Referee—Goldie Procter.

Owing to the absence of the rector, Rev. G. B. Wreford, who was conducting services in one of the Hamilton Anglican churches, the local services were taken by Mr. A. Hodgson. Good congregations were present at both services.

**Wesley Methodist**  
The morning service was taken by the pastor, Rev. T. Smitherman, who took for his subject: "The Transfiguration," and in which he gave a very able address. At 7 p.m. Rev. D. W. Snider, of Toronto, who placed before the people congregated the aims and objects of the Lord's Day Alliance. The speaker portrayed very vividly the necessity of properly observing the Sabbath and urged his hearers to do their utmost to have the Lord's Day kept as it should be.

**Knox Presbyterian**  
The morning service was taken by Rev. D. W. Snider, B.A., of Toronto, who represented the Lord's Day Alliance. Mr. Snider gave a very interesting address and gave facts and figures to show what the Alliance was doing along the line to help teach the people the right way to use the Sabbath.

In the evening Rev. A. W. Hare took as his subject "The Problem of Innocent Suffering," using as an example the trials and sufferings of Job. He handled this subject in a very able manner and it was a real treat to the congregation who had gathered for the evening service.

### Card of Thanks

Mr. Wm. Start and son Billie desire through the columns of the Record to express to their friends and neighbors their appreciation of their kindness shown them in their recent bereavement.

### The Royal Wedding

Princess Mary made a democratic marriage; or at any rate she has married out of the blood royal. And that is conceded to be a considerable step towards the democratic ideal. But the time has not quite come when a princess can order her wedding with that freedom of choice which belongs to humbler society. On the contrary, the despatches have told us of whole libraries which have to be searched for records of past ceremonies in order that no traditions or precedents might be violated. Tradition is still "best man" and precedent is still "bridesmaid" at royal weddings. The mere flesh and blood creatures who nominally occupy these positions are secondary in their importance to the iron of ancient custom and the rock of established procedure.

But even rocks have been worn away, and metal has been known to crystallize and break. The trappings of the court, the veneration for gold braid, the measuring of human beings by the number of titles they wear—these things are on the wane. Some day a princess may astonish the world by demanding just the same kind of wedding that other girls have.
