The Latest Local News

Mothers' Day on Sunday.
Hogs are selling at \$15.00 per cwt. Subscribe for your local paper. 12 months for \$1.50.
A little tulle, a part of silk;
A little skin, an ethereal milk;
A little strap, how dare she breathe!
A little cough—"Good evening, Eve."

A pretty good firm is Walsh & White. And another is AASH, Kesty & Kesty. And still another is Deo & Duim; But the best is probably Grin & Baret.
A Walpole resident recently received a card from a local railway agent: "Sir, please send without delay, for the case of books disposed to you, which is lying at this station and is waiting for you."
"You're under arrest," exclaimed our local constable, as he stopped a motorist who was passing through Jarvis one day this week. "What for?" inquired the driver. "I haven't made up my mind yet. I'll just look over your lights, and your license and your numbers, and so forth. I know I can get you for something."

The annual meeting of the Women's Missionary Society of the Wesley Methodist church will be held in the School Room, on Tuesday afternoon, May 16th, at 2:30 p.m. After the yearly report has been given the society will be reorganized. A large attendance of members is requested. All ladies of the congregation are cordially invited.
Recently at the farm of Mr. Thomas Ingalls, Lot 22, Con. 13, Gray township, a Holstein four-year-old cow, gave birth to a two-headed calf with eight legs, two tails and weighed 150 pounds. This is a rare curiosity to the vicinity in which it happened and also to Veterinary Jas. Anderson, of Brussels, who was present at the time of birth.
MacConnell & Hickie, who have the contract for the building of the New Highway here is busily engaged on the job. Motor trucks are now being used to haul the stone from Hagersville and the work is rapidly progressing the stone which forms the base of the roadway. The head office of the contracting firm is located in Pittsburgh, Pa. in the J. A. Stewart's store.
One of our local ministers had asked one of his members to lead in prayer. It was a new experience, to disappoint his new pastor, he complied. Twenty minutes later found him praying. The congregation was becoming restless. Finally, from a nearby pew, there came a loud and devout "Amen." Unbending hit knees, the supplicant exclaimed "God bless you friend! That's the word I've been trying to think of ever since I started."

A dyspeptic farmer of Townsend recently called on our local physicians in order to procure relief from his particular ailment. The doctor prepared a fairly large brown pill and gave it to his patient with the remark that if he could keep it on his stomach it would give the desired relief. The following day happening to meet his patient he asked him how he was feeling and if he had been able to retain the pill on his stomach. The astonished M.D. received the following answer: "Well the pill was all right as long as I kept awake, but every time I went to sleep it rolled off."

On Wednesday Mr. Jas. Miller underwent serious operation and is reported to be progressing favorably and that in a short time will be restored to his usual good health. Mr. Miller is in his 90th year.
Haldimand Bee-Keepers Meet
A very well attended meeting of the above association was held at the Council Chambers, Cayuga, recently. President in the chair. The following members were elected as recommended for inspection of apiculture:—A. E. Hoehall, Dunnville; R. F. Holtermann, Hagersville; Mel. Sherk Selkirk; Karl Hartwell, Fisherville; Jas. Armstrong, Chedoke; R. K. Bishop, Canfield.
A resolution was carried "That in or-

der to assist in locating all bees that may be affected with foul brood, it is desirable that everyone keeping one or more colonies of bees be required to register the same. It was also resolved that the thanks of the Haldimand Bee Keepers' Association be tendered to Hon. Manning Buxton Minister of Agriculture, for giving this association an opportunity to recommend inspectors to apiculture. We would further respectfully urge that a much larger grant be given for the purpose of more extensive inspection work.
R. F. Holtermann then took in hand the question of raising. The best method for the introduction of queens, the desirability of stimulating feeding for the production of young bees, the best comb foundation and how to put it in the hive, and subjects of a hundred nature were introduced and answered, the members present taking part.
A field meeting was decided upon for June 6th at 1:30 p.m. The apiculture will be that of Mr. Holtermann. It is in the woods on the farm of Mr. Charles Reinhold, with entrance through the farm of Mr. Walter Ebert, the 7th con., lot 6 Haldimand. To this the public are invited. This closed one of the best attended and profitable meetings the association had had for some time.

Mother's Day and Mother's Love
Some people love the north wind
That from the Arctic blows,
Some love the tang of winter, just
With all its hardships and its snow.
Some love to greet the bitter blast,
The blizzards wild and free;
But there are none that can compare
With mother's love for me.
Some love to greet the breezes
That waft from lands afar;
From storied and from old lands,
Where wonderous relics are.
Some smile when come the breezes
That blow across the sea;
But these can n'er compare
With mother's love for me.
Some love the rolling prairies
Where vast wheat fields expand,
And songs that whop their joyous way
From far off "Sunset Land."
They greet its coming with a smile
And hear its voice with gladness;
But there's no song that's sweeter
Than mother's love for me.

Washington, April 28.—Charges that hundreds of millions of dollars worth of duplicated Liberty bonds are in circulation were made in the House to-day by Representative Royal S. Johnson (South Dakota), Republican.
Representative Johnson, despite persistent official denials of such reports, which have been circulated since the recent drastic Executive order discharging Bureau of Engraving and Printing employees, declared that the bond duplications would run as high as \$400,000,000. This amount, he said, the Government would have to make good.
Johnson's speech created a sensation in the House and led to demands for a sweeping investigation by Congress to establish the truth or falsity of the constantly recurring charges.
The bond duplications, Johnson declared, were originally discovered by J. W. McCarter, formerly Assistant Registrar of the Treasury Department. Mr. McCarter, he said, informed higher officials of the Treasury Department, during the Wilson Administration, of his discovery, but was told to keep his mouth shut or lose his position.
Johnson mentioned E. C. Leffingwell, former Assistant Secretary of the Treasury, as one of the officials to whom McCarter took his information.
Mr. J. W. McCarter formerly resided here and is a native Jarvisian. Since making the discovery of the wholesale bond forgery he has resigned the position that he held in the Treasury Department of U.S.

THE NEWS OF 25 YEARS AGO
The following items are taken from "The Jarvis Record" of May 12, 1897:
Walpole Council met on Monday.
Division Court was held here yesterday.
Arthur Brown, Hamilton, spent Sunday in town.
Dr. Bennett has erected a great little fence in front of his residence on Main Street.
J. W. Brough, editor of Grip, will leave in afternoon on Wednesday night.
It looks as though Jarvis might be connected with Simons and other points by telephone this summer.
Place the cover over the square
Lap the square gently by;
Keep your fingers, oh, you hold heads,
Soon will come the festive fly.
Tree planting is becoming epidemic in Jarvis this spring. Jack Park took the fever the other day and planted some in front of his dwelling place.
C. E. Brough occupied the pulpit of the English church, Cayuga, Sunday and Sunday week, owing to the illness of Rev. M. Bushnell, the incumbent minister.
The sudden death last Thursday of Mrs. Wm. Deane, on the lake shore near Nanticoke, of apoplexy, will cause a feeling of sorrow to many friends throughout the county. She, with her esteemed husband, were the first settlers of the township of Walpole. Her remains were interred in the Chesapeake cemetery on Saturday afternoon, and were followed by a large concourse of friends.
The Jarvis Cornet Band, accompanied by a number of friends, serenaded Wm. Parkinson's twins last Thursday evening. The boys say they received a splendid reception from Mr. and Mrs. Parkinson and that should another pair of twins make an appearance in the family they will be most happy to serenade again. Wild music and fan the whole blessed night.
Faith, the by-gone opinions did win.
What an elegant time at the serenade they had.
Of Parkinson's foine little twins.

PLEASE EXCUSE US
We regret this week that the "Record" is not up to its usual standard from a news standpoint. Our new Linotype, which is being installed, is not yet working in its regular capacity, and the result is that we are in this situation. We anticipate being able to normal all difficulties shortly, and will then be enabled to give our readers more and better news than ever before.

Churches
St. Paul's Anglican
Rev. Arch-Deacon Irving officiated at both services. Two able services were delivered and goodly sized congregations were present. Remember the services next Sunday. A welcome is extended to all.
Knox Presbyterian
Rev. A. W. Hare occupied the pulpit both morning and evening. The morning topic was "A Daughter of Canaan," and an attentive audience heard a helpful sermon. In the evening the minister preached on John Knox. His favorite text was: "This is life eternal that they might know Thee, the only true God and Jesus Christ whom Thou hast sent."
Wesley Methodist
At Wesley church the pastor at the morning service traced the principle of sacrifice as outlined in the old testament from Abel and its development under the Levitical dispensation and finding its consummation in the supreme sacrifice of Jesus Christ. Paul in Romans 12:1 makes his plea for a Living Sacrifice to those of his day and us.
"We are all blind until we see
That in the human plan
Nothing is worth the making if
It does not make the man."
"Why build these cities glorious
If man unbuilded goes,
In vain we build the work
Unless the builder also grows."
A large number of the young people remained for sacrament.
In the evening the pastor took for his subject of discussion "Moses and His Life" and gave the assembled congregation a real treat by the manner in which he described on the greatest men that ever lived.

Wesley Church Notes
At both services in Wesley church on Sunday a woman's choir will lead in singing.
Mr. Wm. Machell at a recent meeting was re-elected for Sunday school superintendent.
The young people's class are meeting at the home of William Robinson on Friday evening for reorganizing and election of officers.
On Monday evening last at the Branch meeting Mr. W. J. Hamilton was elected to attend at the Legman's sessions to Conference in June at St. Catharines. J. W. Bailey chosen special delegate.

Mr. W. E. Doupe and family, late of Toronto, are newcomers to our town. We welcome this addition to our people.

Canadian Weekly Newspapers Take Stand Against Doubtful Stocks
"Canadian weekly newspapers are being inundated with cop for half-page and even whole-page advertisements of United States oil and mining companies along with tempting offers of commissions on sales made in their respective neighborhoods. To their everlasting honor, be it said, all are turning down these questionable advertisements. We inquired of the Canadian Weekly Newspapers Association regarding this, and are informed that the weekly newspapers have been forwarding these intended advertisements to the central office as they arrive, along with comments which show that the editors are determined to provide no avenue by which their hard-earned savings should be lost to them. The editors are of the opinion that most of the money sent out of the country in payment of oil and mining stock of this kind will never return, and that a reputable newspaper could therefore not afford to sell its space to such companies. "Saturday Night" has throughout its existence fought the army of the "get-rich-quick-at-any-cost" in the interests of its readers and all Canadian citizens. It therefore welcomes recruits to the fight from whatever source, but particularly from weekly newspapers, whose intimate relationship to their districts makes an attitude of this sort of peculiar value. In spite of the attention continually being drawn to these gentry by "Saturday Night," we hear daily instances of men, apparently hard-headed, falling for the siren song of the oil-stock salesman. Just to-day we heard of a wealthy farmer who parted with one thousand dollars of good Victory Bonds during one of the campaigns only after continued and oft-repeated persuasion. He has a reputation in his countryside for being able to hang on to a nickel with a tighter grip than any of his neighbors. Yet at last reports he has put ten thousand dollars into a Texas oil well and is surrying about with Apostolic ardor among the farmers of his district, urging them to seize the chance of their lives to become wealthy. We don't know his success. In the meantime, more power to the weekly editors."—Toronto Saturday Night.
Ed. Note.—This is the class of investment that we recently warned our readers against.

THURSDAY HALF HOLIDAY
During the months of June, July, August and September the business places of Jarvis will close at 12 o'clock noon on Thursday of every week.
"The Record" Complimented
A valued subscriber of the "Record" and formerly a resident of Jarvis, but now engaged in his profession at Toronto, in sending his renewed subscription, has the following to say:
"I wish to compliment your editor on the improvement he has made in the paper. The addition of the editorial column is welcome and I trust the editor will find time to personally write articles for same."
A Natural Gas Commission
That a Commission of five members will be appointed to supplant George F. Henderson as gas referee, is the advice received by Ald. F. J. Mitchell, of Windsor. Mr. Mitchell sees in this the winning of a 2-year fight with the Union Natural Gas Co. The new tribunal is to be composed of five representing consumers, producing companies, distributing companies and farmers on whose farms gas wells are located. A fifth member is to be chosen by these four. In case of disagreement he will be appointed by the Department of Mines. While no announcement of the appointment of such a tribunal as above-mentioned has actually been made by the Drury Government to date, it is understood that such action is definitely contemplated.

FINAL NOTICE TO AUTO OWNERS
Our attention has been drawn to the constant infringement of By-law No. 61, a by-law referring to the parking of automobiles on the streets of Jarvis and also limiting the running of the engine wheel and regulating the lights thereof.
The following are the sections of the by-law:—
1st—All persons shall park on the West side of Main Street Northward from Talbot Street and on Talbot Street on the North side from Main Street on and after six o'clock p. m.
2nd—And no person shall be allowed to put out the lights nor allow the engine to continue running unless in charge of some person of such auto at any time.
3rd—Any person offending against any of the provisions of this by-law shall be liable upon conviction thereof, to a fine not exceeding \$5 exclusive of costs, and in default to be levied on his or her chattels, and in default of such goods and chattels to be imprisoned in the common jail for any period not exceeding five days.
The by-law was passed by Jarvis Council on the 7th day of February, 1922.
It is important that all who come under the penalties of this by-law should take notice, as in future it is intended to see that they give proper respect to the rules regarding automobiles while in the confines of the village, and no exceptions will be made to anyone.
