TEN MILLIONS ADDED TO CANADA'S GAINS Removal of Cattle Embargo

Will Benefit Farmers and

Transportation Companies. A despatch from London says:-The removal of the embargo on Canadian cattle will mean a gain to the Canadian farmers, railways and steamship compnies of almost ten million dollars a year. This is the estimate made by the experts who assisted the Canadian Ministers in the recent conference on embargo removal with the British Ministers. They point out that where the Canadian breeders now receive only two to three cents a pound for cattle sold to the United States, or less than cost in many cases, the throwing open of the pound. It is estimated that science and of their associates. There next one. they will ship at least two hundred thousand head annually to this side, which will mean a minimum sum of five million dollars in the pockets of Canadian farmers. It will also bring about two million dollars yearly Lloyd George Cabinet, who has agreed to the treasuries of the Canadian railways and a correspondingly large sum to the Canadian Merchant Marine.

Ottawa 8-Year-Cld Clothes Haileybury Baby

A despatch from Cobalt says:—The local Relief Committee has received a baby's sweater coat from Ellen Wood, 368 Slater Street, Ottawa, which that eight-yearold maiden knitted with her own hands after spending money to buy the wool. The dainty little garment was presented to Violet Pearl McLeod. daughter of Mr. and Mrs. F. J. McLeod, Haileybury, who was exactly four days old when the figures in the present political situafire swept across the country. tion.

GRAIN VESSELS CROWDING THROUGH THE LOCKS Canada's big grain crop will keep both shipping and railway lines busy until well on into next summer. In the meantime, the grain vessels are hurrying their big cargoes east in an effort to get as much out of the west as possible before navigation closes. The picture shows part of the constant procession through the canal locks at Sault Ste. Marie.

Big Business.

One idea of big business is that which reckons profits entirely in terms of material gain. It considers merely
