Nanticoke Resident Passes
There occurred at the home of Mr. and Mrs. C. M. Field, Lot 10, Co. 1, Walpole, on Thursday, Nov. 23, 1922, the death of one of Nanticoke's oldest and most respected citizens in the person of the late Miss C. A. Wadsworth, in the 77th year of her age, after an illness of only a few weeks. The deceased had resided on the farm where she passed away for 67 years, and was well and favorably known by many. Besides a large number of nephews and nieces one sister, Mrs. John Waddell, of Brantford, and one brother, Mr. John Wadsworth, of Walpole township survive. While the world is poorer through her removal, it is richer for the influence wielded by the deceased during her long life spent in this district.

A Musical Triumph
The Famous Musical Eckardt troupe of entertainers have been with us again and as is their custom scored another triumph. On Monday evening they gave one of their entertainments in Jarvis Music Hall and from start to finish there was not a dull moment. They are unique in that they are practically the only company able to put on the arts they do and their instrumental numbers, which were in a

UNITED LINES LIMITED APPOINT
GEO. D. AVERY MANAGER—J.
W. AVERY ELECTED TO THE
BOARD OF DIRECTORS

A step to in closer touch with the people who travel and ship over its Lines has been taken by the United Lines, Limited.
The policy of keeping closely informed on the requirements of the people from a transportation standpoint was adopted by the United Lines at the outset of the organization, in offering those along its routes an opportunity to become stockholders of the Company, and also by appointing Divisional Directors at important points. The new policy, however, of actually appointing an active Manager in the territory, and in addition a member on the regular Board of Directors means a step further in being taken to actively get in closer relation with the Company's patrons.

As a start in this latter direction Mr. George D. Avery last week appointed Manager of Lines South of Hamilton, with headquarters at Caledonia. Offices of the Company have been opened at Caledonia with Mr. Avery in charge.
Mr. J. W. Avery of Caledonia has also been elected to the regular Board of Directors of the Company. It is plain that this corporation is endeavoring to render the traveling and shipping public a high class and valuable service.

DIED
WADSWORTH—In Nanticoke, Walpole Township, Lot 10, Co. 1, at the home of Mr. C. M. Field, on Thursday, Nov. 23, 1922, Miss C. A. Wadsworth, in the 77th year of her age.

Send in These Personals
He comes into the office with head erect, a smile on his face, a true ring in his voice and occasionally an order in his pocket, so he is always welcome.

He also calls us the "great family journal." We pass up the first adjective being compelled to by modesty but lay claim to the second.
We are a family journal as far as Jarvis and surrounding districts are concerned, and gladly tell all the happenings which interest us as a family especially now the winter season has arrived and there is more time for reading in the cozy angle, and the car is more or less an object of confinement.

The great majority of people know that on a weekly such as ours with a limited field, a large staff of newsgatherers cannot be maintained, so oblige others by sending in that personal. Don't hesitate because you may think some person else has sent it in, better tell it twice than not at all.

Why Phone Operator Repeats Number Asked
After you remove the telephone receiver from the hook and ask Central for a number, you will notice that she repeats the number in a questioning voice.
Her repetition of the number in such a tone calls for an acknowledgement from you that she has correctly heard the number.

It is to avoid the possibility of calling the wrong number that Central repeats the number given to her as she hears it.
The subscriber is expected to confirm the operator when she repeats the number, if she has the correct number. If not the caller is expected to repeat the number desired. In this way the percentage of wrong number calls will be reduced to a minimum.

So when Central correctly repeats the number you ask for, just say, "yes," or "please," or to make some similar acknowledgement of its correctness. By adherence to this rule the service will be made surer and swifter.

Card of Thanks.
Mr. and Mrs. C. M. Field and family, of Nanticoke, wish to thank their friends for their many kindnesses shown them during their recent bereavement, and also those who sent floral tributes.

Beware of the Knecker.
Beware of people who are constantly belittling others, finding flaws and defects in their characters or slyly insinuating that they are not quite what they ought to be. Such persons are dangerous, and are not to be trusted. A disparaging mind is a limited, rusty, unhealthy mind. It is a jealous mind; it is positively painful to it to hear others spoken well of, praised, or commended for any virtue or good point. If it can not deny the existence of the alleged good, it will seek to minimize it by a malicious "if," or "but," or try in some other way to throw a doubt on the character of the person praised.

Family Reunion at Stock Show
Over three thousand direct descendants of the First Highway Engineer will hold a reunion in Chicago, Dec. 2th to 9th, at the International Live Stock Exposition. They are all members of the ancient Bovine family, which history credits with laying off the streets of some of the oldest towns and cities in the world.
