BOMB USED BY ENEMY

Hamilton Italian Pursued by the Black Hand.

His Home Was Blown Up by an Unknown Gang and Many Buildings in the Vicinity Were Damaged, But No One Was Injured By the Outrage.

HAMILTON, Ont., Sept. 19.—The home of Diczno Napoli, 32 Simcoe street west, was badly wrecked at 1.30 o'clock Sunday morning, when a heavily charged time bomb, placed at the front door by members of a local Italian Black Hand gang, exploded. The occupants of the house escaped injury, but the home and surrounding buildings were badly damaged.

It was the second unsuccessful attempt of the gang to take the life of Napoli. When he resided on Ferris street a bomb was exploded at his front door, but Napoli and his family escaped, although the house was damaged. Detective Sayer, who is working on the case, believes that it is the work of a Black Hand gang, and referred to the threatening letters which the owner of the place had received. Napoli hasn't the slightest idea of whom the guilty party or parties might be, and is unable to furnish the detective with any important information bearing on the case.

Called to the scene immediately after the report, the police found only the remains of the shell and splinters of wood and glass, which were strewn about the street for a distance. Adjoining houses were damaged, windows being broken and curtains and blinds were torn down. Napoli, his wife and two boarders were in the place at the time.

Residents stated that the whole street appeared on fire when the bomb burst into flames. There was a noise of crashing glass and men, women and children rushed out into the street, crying for help.

At the home of C. Smith, 341 MacNab street, 15 windows were smashed, a window sash was torn from a neighbor's house and carried thirty feet in the air. A piece of wood went through a window at 35 St. George street, and landed on a bed where a mother was sleeping with two children. Miraculously, they escaped injury.

Inquiries were made by the police and no one appears to know when the bomb was placed at the home. Apparently, it was not hurled from a motor, as no one heard a machine. It is as though it was put there earlier in the evening and carefully timed. The police are satisfied that an experienced gang are responsible for the trouble.

NOTED FINANCIER DEAD.

R. B. Angus Passed Away in His Ninety-Second Year.

MONTREAL, Sept. 19.—Richard B. Angus, past president of the Bank of Montreal, a director of that institution and of the Canadian Pacific Railway and other large corporations, died at his home at 155 Avenue, near Montreal, in his 92nd year.

Mr. Angus had been confined to his bed since July and was conscious almost to the end and able to recognize the members of his family. The funeral will be held from his late residence, Drummond street, Tuesday afternoon.

In the death of Mr. Angus, Canada loses a citizen who did much for the development of the Dominion by the successful carrying through of the Canadian Pacific Railway, a corporation which held his keenest interest. Last year, in his 91st year, he attended the annual meeting of the company. The qualities of judgment and balance which he brought to all questions were early evidenced in his career as a banker. Starting with the Bank of Montreal, 65 years ago, as a junior clerk, he rose in ten years to be general manager. Later he identified himself with the bank as a director, finally becoming its president, from which position he retired in 1913.

Pupils' Strike Peters Out. VICTORIA, B.C., Sept. 19.—The strike of Chinese school children in Victoria is petering out. Mollified by the promise that Chinese scholars will be admitted to white schools if they speak fluent English, and by the fact that 20 pupils marked for separate schools already have been received back in the ordinary school, the other 200 pupils under high school age, who struck against special schools for Chinese, are filtering back to their desks in the separate schools.

Denies "Red" Teachings. SASKATOON, Sept. 19.—The principles of Bolshevism have never been taught to children by the Ukrainian Workers' Association of Saskatoon, the School Committee of the association declares in reply to charges made by J. W. Stechishin, principal of the Ukrainian Institute. Mr. Stechishin's statement is described as "a jumble of mendacious falsehoods and conscious misrepresentation."

Switchman Is Killed. GUELPH, Sept. 19.—Joseph Hoff, aged 23, a yard switchman on the Grand Trunk, was instantly killed in the freight shed late Saturday when he was crushed by two cars while at work. He attempted to climb aboard one car while it was passing a switch, and before he reached the top another car crashed into him. He was a single man, and a native of New Hamburg, Ontario. MacKinnon is conducting an inquest here.

GREEK THRONE TOTTERS.

Defeat in Smyrna May Have Far-reaching Effect.

ATHENS, Sept. 12.—The throne of King Constantine seemed to be tottering as a result of the rout of the Greek armies and the occupation of Smyrna by the Turks under Mustafa Kemal.

According to reports reaching here, Greek troops who are fleeing from the occupied city openly express their dislike for the king. The troops are said to be in a mutinous mood, blaming Constantine for their defeat.

It was believed that the Greek Government would do all in its power for the next few days to prevent gathering of large numbers of defeated troops at any one place in order to forestall possible revolt.

The Greek rebek debacle in Asia Minor has already caused the fall of one Cabinet. A new Government, headed by Frankafylakos as Premier and Minister of War and Navy, was sworn in Sunday night. The new Cabinet does not include a single member of the Vanzelos party.

Triumphant Entry. ADANA, Asia Minor, Sept. 12.—Triumphant entry into Smyrna of Mustafa Kemal, whose Turkish armies have taken possession of the city from the routed Greeks, was planned for Tuesday according to word received here.

Massacres Are Feared. CONSTANTINOPLE, Sept. 12.—Anti-Christian feeling, leading to fear of wholesale massacres, because of the victories of Mustafa Kemal, ran high here to-day.

Demonstrations against Christians were staged following condonation of the news that the Greeks had been driven from Smyrna by the Turks.

From Smyrna, according to advices reaching here, Kemal sent a telegram to the League of Nations at Geneva, in which he said he could not be held responsible for massacres because of the excited feeling among the Turks.

It is feared that the allied forces in Smyrna are entirely inadequate to cope with the situation in case the Moslem hordes become unruly.

The historic mosque of Saint Sophia was the scene of a huge demonstration by 25,000 Moslems Sunday. Crown Prince Abdul Medjid Effendi was present and harangued the crowd.

STRIKE WAS HALTED. Threatened Hold-up on Canadian Lines May Be Prevented.

ST. THOMAS, Ont., Sept. 12.—The strike of the Michigan Central shop crafts employees in Canada, called for ten o'clock Monday morning, has been temporarily called off on the advice of Hon. James Murdock, Minister of Labor, and J. A. Franklin, president of the International Brotherhood of Boilermakers. The cancellation took place at nine o'clock on the morning of the expected strike, following the receipt of the wire from Mr. Franklin, who advised that no action be taken until after the meeting of the general executive of the Railway Department of the American Federation of Labor at St. Thomas.

The shopmen were all ready to walk out, determined not to accept the wage reductions. The cancellation, John Lane, general chairman of the local federation stated, will hold for at least two days, and the railway officials are hopeful that the Minister of Labor will have brought about an understanding between the men and the company by that time, and that the strike will be averted.

Some stormy scenes prevailed here before the receipt of Mr. Franklin's wire, James Sise, general chairman of the federation, and John Oswald, vice-president of the M.C.R. Boilermakers' Union, threatening to resign.

The action of the Railway Department in cancelling the strike is regarded as an indication that a settlement is pending in the United States. Railway officials claim that the strike is already broken.

It is estimated that about seventy-five per cent. of the local shopmen would have walked out.

Jury Names Three.

ST. CATHARINES, Sept. 12.—A coroner's jury at Thorold yesterday afternoon found that Adam Solton came to his death August 20 by knife wounds inflicted at the hands of Harry Rutka, Nik Thomas and Nik Rutka.

The two first-named are awaiting trial in Welland Jail on a charge of murder. Nik Rutka is still at large. Tony Solton, brother of the murdered man, who received seven severe wounds when he went to his brother's aid, was brought from the hospital and gave evidence charging both prisoners with complicity in the crime and identifying Nik Rutka's photo as that of the third assailant.

Britain Gets Big Orders for Iron. LONDON, Sept. 12.—As an outcome of labor disputes, Canada and the United States have recently placed orders for 300,000 tons of foundry iron in Great Britain, including 60,000 in Scotland. Scottish ironmasters, whose stocks have been cleared out, are preparing to relight their furnaces in consequence of the orders. At present only sixteen furnaces are operating in Scotland, compared with seventy before the war.

W. S. FIELDING, Minister of Finance.

Dated at Ottawa, 8th August, 1922.

A Safe Investment

One of the measures adopted by the Finance Department to bring the conversion proposals, which are now being widely advertised, to the attention of holders of 1922 Victory Bonds was the mailing to registered holders of a copy of the Ministry of Finance and Offering Circular. Holders were communicated with. Replies were not called for, as those who wish to continue their investment are asked to surrender their bonds to any Branch of an chartered bank, signifying the maturity of the new bonds desired and obtaining receipt on the official form provided. Nevertheless there have been many replies. "Everything has been so satisfactory that I would like the investment to continue," wrote one holder and there have been many letters of the like tenor from persons who became investors in bonds for the first time in 1917.
