Handshakes Tell Tales.

The practice of grasping lands is no recent innovation of etiquette. This gesture dates from antiquity. The custom, however, of shaking hands or iginated during that productive period which we know as the Middle Ages.

The handshake is not such a futile formality as one would suppose. Symbolic, in the first instance, of peace or friendship, it is also a valuable guide from to character.

The different kinds of handshake are many and various-far too numerous for the variety of forms to be noticed black here. There are, nevertheless, a few definite types of handshake which act heard the forest chant a story to its as an efficient guide to the personality of those who give them.

There is, first of all, the firm, vigor ous, hearty grip of friendship, indicawoke as midnight turned upon its tive of peace and good will. The key note of this handshake is confidence More often than not it is given by a hard, almost horny, hand—a true sign, wrote Shakespeare, of the brave mind

Then there is its antithesis - the lan Lost echoes searching up and down guid, lukewarm, flabby touch. This handshake is one which reveals ner vousness and indecision, irresolution of mind, and infirmity of purpose.

So clear a sign is it of character or, rather, lack of character-that "things" that rock in empty chairs more than one applicant for a post has lost his appointment by offering One secret sound was stranger far to the shrewd, discerning employe the timid, halting handshake. It is heard a laugh that had been left never given by the man of mettle and determination.

There is also the brief, hasty hand shake, offered usually by the perso of restless, animated temperament and denoting an intelligent, active

this handshake does at least conve "Boys," said a teacher, "can any of a meaning more ably and more

The handshake.
