A Practical Joke

The story of the shooting in Norfolk of a "horned" rabbit of the Californian species, which was reported from Simcoe recently, may be driving natural history students to revise their theories, but the horned hare story is a hoax pure and simple.

The rabbit which caused the uproar is a very small individual of the species, weighing less than 10 pounds. It was shot by "Tim" Savage, the general Postmaster of Waterford. Just who suggested the horning of the head has not been disclosed, but it is openly announced that the horns were secured from the head of a calf belonging to Joseph McMichael, and this gentleman, directed by the Postmaster, who practiced setting diamonds in other days, set the horns in place.

It is assumed that O. M. Duncombe, V. S., gave expert instructions as to where the workman would get best footing for the planting of the horns. The "fake" was brought over to Simcoe after it had been displayed in Waterford. It was put on exhibition here in the store window of Charles Terhune, where space was granted George Pearce of The Simcoe Reformer for the purpose, and it was set up with due care that close inspection would be impossible.

But the blunt calf horns could not be camouflaged. No there are no horns on Norfolk rabbits in Norfolk, as has been said, from Bow Park Farm at Burford, are abundant and becoming a menace.

Never for many years were urban rabbit-hunters so welcome in the country as now. These giant rabbits, however, baffle dogs. They lope along in 18-foot bounds at leisure and take fences easily.

NEW MAGAZINE AGENCY

The Record Stationery Store is headquarters in Jarvis for the following well-known and popular magazines: "The Cosmopolitan," "Good Housekeeping," "Harper's Bazar," "Hearst's International," "Motor" and "Motor Boating." These journals are at the head of their respective classes. The February numbers of "The Cosmopolitan" and "Good Housekeeping" have arrived. Secure a copy now.

Correspondents' Attention!

Every week we receive news from our local representatives too late for publication in the current issue. All copy of this description should be in our office not later than Tuesday p.m. We appreciate your valued assistance but try and get your budget in on time please.

BORN

GOODLETT—At Delhi, Ont., on Friday, January 19th, 1923, to Mr. and Mrs. Fred. Goodlett, a daughter.

Special Notice to Our Readers.

In future issues of THE RECORD all notices of Births, Marriages, Deaths, Engagements, Announcements, Cards of Thanks, etc., published in "The Record" will be charged for. The minimum rate per insertion will be 50c. In case of Cards of Thanks and Engagement Announcements charges will be governed by length of notices, 50c being the minimum. When Engagement Announcements, Wedding Invitations or Memorial Cards are printed by us, the notices will be given free gratis. While this may seem to be a new thing to our readers, we would remind them that there are very few newspapers in Ontario today who do not make a charge for the above classes of announcements. The Toronto Globe's minimum charge for notices mentioned above is \$1.00 per insertion.

RESCUED FROM OCEAN

Canadian Ship Was Found in a Sinking Condition.

Helpless in Terrific Storm, the Pumps Had Been Manned for Three Days and Night. When Liner Saw Distress Signal—Sailors Were Young Men and Made Gallant Fight.

NEW YORK, Jan. 29.—The tale of an heroic rescue at sea and of a desperate battle with the elements to keep a sinking vessel afloat until help arrived, was told Sunday, when the steamship Empress of Scotland arrived, with Capt. Aaron Kerley and his crew of five, of the tiny schooner Clintonia, of Lunenburg, N.S. The rescue was effected Friday. Totally helpless in a terrific storm, the Clintonia, bound for Halifax from Fortune Bay, Nfld., was in a sinking condition when it was sighted by the Empress.

Three days and nights she had manned the pumps. Capt. Kerley said: "We had given up hope and were completely exhausted when we sighted the steamer. We hoisted the distress signal, but even after we were sighted, did not believe that we could be saved before my ship sank." From a cutter crew manned the lifeboat of the Empress, and several ribs were broken by the waves when Officer McMurray put off for the Clintonia. "The schooner was sinking rapidly as we rowed for it," McMurray said. "The crew was clinging to ropes and every wave broke over the tiny craft. The sea was so heavy that we could not go alongside, and the men were compelled to jump into the swirling waves. We had some trouble in picking them up and all were utterly exhausted and half-dead when we got them in the lifeboat."

"It was a ticklish task getting back to the Empress," he continued. "We finally got alongside, but it was so rough we had to abandon the lifeboat. It was badly crushed, and we could all get aboard and later, in splinters a few minutes later."

The Clintonia, meanwhile, had sunk. Capt. Kerley had fired it before he left to prevent it becoming a dangerous derelict. The crew of the schooner lost every article except the clothes they wore, but were anxious and eager to get on shore when they arrived. None suffered any ill-effects from the three days of exposure.

All of the wrecked schooner's crew are under 20 years of age and unmarried. Capt. Kerley said. They were given \$400 by the passengers of the steamer. They will return to Newfoundland after filing a report of the disaster with the British consul.

ONE PRISONER FREED.

Was In New Orleans When Mount Forest Robbery Occurred.

NEW YORK, Jan. 29.—Floyd Nolan and Lewis Austin, held here in connection with the robbery of the Royal Bank of Canada at Mount Forest, Ont., on December 15 last, were arraigned before J. S. Commissioner Hitchcock Saturday. Two alibi witnesses were examined. They were Capt. E. J. Smith and Sgt. A. Prados, of the New York police force. They were released and until Monday. On this testimony it was conceded that Nolan could not have participated in the robbery of the Canadian bank, and he will doubtless be discharged when Commissioner Hitchcock closes the proceedings. Austin and Nolan were arrested at the Pennsylvania Railroad station here on Dec. 27 last as they were about to leave for Memphis, Tenn. As \$4,600 in cash and \$6,700 of the war bonds which the police allege was part of the loot stolen from the Canadian bank, were in the possession of Austin, a charge of complicity in the Mount Forest burglary was preferred against the men and extradition proceedings against them were instituted.

Both men were identified last week, from photographs, by two residents of Stratford, Ont., as having been seen in Stratford on the day preceding the robbery of the Standard Bank in that town some time prior to the Mount Forest affair.

Charged With Abduction.

STRATFORD, Jan. 29.—Charged with abduction of his own two children, William F. McLarty was arrested in Hamilton Friday night at the request of Stratford police. Detective Tarr went to Hamilton and brought him back to face trial here, the charge having been laid by his wife before Magistrate Makins. It is stated that religious differences appear to be responsible for the case, and that the children are being cared for at a Hamilton institution. It is learned that Mr. McLarty is a Roman Catholic, while his wife is said to be a Protestant. Domestic unhappiness arose, it is said, over the manner in which the children were to be educated. The father wanted his children brought up in the Roman faith, while the mother insisted that they be brought up as Protestants.

Trying to Free Axe Editor.

MONTREAL, Jan. 29.—A third effort to free John H. Roberts, the Montreal editor, who is serving a year's sentence in Quebec Jail for violating the privileges of the Provincial Legislature, was halted Saturday morning before Mr. Justice Alderd, when the crown attorneys pleaded that the Montreal Court of Appeal has no jurisdiction to consider a petition for a writ of habeas corpus because Roberts is detained at Quebec.

Monarchists at Munich Burn Versailles Treaty in Public Square.

Munich, Jan. 29.—A group of monarchists gathered in the public square and burned the Versailles Treaty.

HOME FOR THE ARMENIANS.

Soviet Has Offered Them Territory in Russia.

LAUSANNE, Jan. 29.—So far apart have the Turks and the Allies drifted that Lausanne is confronted with the probability that the Near East will be adjourned without reaching an agreement essential, at least, is the view taken by practically all the delegates. With their traditional tenacity, the British are clinging to the hope that the Turks will sign, but in this they stand alone. The French Premier has acted in no uncertain manner in this new crisis which threatens Europe; he has telegraphed to Mustafa Kemal Pasha at Ankara earnestly counselling moderation in the interests of Turkey and the good of all Europe. Working on the assumption that at least temporary adjournment is in prospect, the conference leaders already are laying plans to prevent what the world might call a rupture of the conference. Efforts will be made to induce Turkey on Wednesday to advance the peace essential parts of that treaty in principle. The conference will then be temporarily adjourned and experts of each delegation will be left in Lausanne, thus never losing official touch with each other.

Late Saturday Bolsheviki Russia assumed the role of good Samaritan by officially informing the conference that Russia stands ready to provide a national home for the Armenians. M. Tchitcherin sent a note to the three presidents of the conference in which he said that despite industrialization throughout Russia in the manner in which their delegates have been treated at Lausanne, the Russian representatives decided to give notice of Russia's intentions to arrange a considerable number of Armenian colonies on its territories. The note said that details of the project will be the subject of special negotiations between the representatives of Russia and Ukraine, and qualified representatives of the Armenians.

In conference circles it was considered that Russia had played a clever diplomatic stroke. Moscow, it is frankly conceded to-day, even by Russia's opponents, has contributed constructively to the solution of the grave question before the conference. The Armenian delegation to the conference announced that they would gratefully accept the Russian offer.

CANADA'S OLDEST V.C.

Sergt. George Richardson Passed Away in London.

TORONTO, Jan. 29.—George Richardson, Canada's oldest Victoria Cross, had one of the most interesting and varied careers of any soldier who had the honor of winning the Victoria Cross. The oldest soldier died Sunday night in Westminster Psychopathic Hospital, London, where he had been an inmate for several months. His body is being brought to Toronto, and the veteran will be buried with full military honors. Born on August 1, 1831, near Daralanna, County of Cavan, Ireland, he was the youngest son of John Richardson, a linen merchant, and Nancy Harvey.

TO WED POLA.

Famous Canadian Loses His Heart to German Actress.

DELMONTE, Cal., Jan. 29.—Pola and "Charlie" are engaged. In other words, Charles Spencer Chaplin, the screen demon with the educated feet and trick moustaches and Pola Negri, the sinuous actress, are booked to take the hymeneal hurdle. Unofficially the phenomenon has been persistently hinted at heretofore, but Sunday morning announcement of the forthcoming nuptials of the film comedian and pert Pola was made by "Charlie" himself, so it is safe to assume that the marriage bells soon are to begin their tinkling. Just how soon "Charlie" is to become the lord and master of the fair Pola is a matter of conjecture. "Charlie" gave no hint of the date or place of the coming wedding, but contented himself with informing the wide, wide world that Pola and he were headed for the altar. Entered U. S. Illegally. DETROIT, Jan. 29.—Wesley Smale, 26 years old, and Frank Hagford, 20 years old, both of Oshawa, Ont., charged with violating United States immigration laws, are held at the county jail for Federal authorities in Detroit for \$1,000 bail. Sylvia Devarria, 19 years old, and Irene Murton, 19 years old, both of Toronto, are also held as witnesses against the youths. The four were arrested by immigration officers Friday as they stepped off the Windsor ferry. Smale pleaded guilty to violating immigration laws when arraigned before U. S. Commissioner Hurd, Saturday. Hagford pleaded not guilty. Bail was fixed at \$1,000 each. Smale, the girls and he, planned a visit to his brother Herbert, living here. Smale said he and Hagford drove from Oshawa to Toronto, where they met the girls. He then suggested the four visit Detroit.

Case Against M.P.P. Dropped.

CHATHAM, Ont., Jan. 29.—A breach of promise case which was started against Wilson A. Crockett, M.P.P., by Mrs. Cordelia E. Wilkins, a widow of Highgate, came to a dramatic conclusion after the examination for discovery. Mrs. Wilkins brought suit to recover \$25,000 damages, claiming that Mr. Crockett promised last New Year's day to marry her. The final outcome of Saturday's session was that the case was withdrawn by the plaintiff.

Salt the Fleas.

The best means of controlling fleas in most instances is very simple. Fleas usually originate in the basement of the house, or in some covered place such as wood sheds and stables, to which hogs, dogs, or other such animals have access. The remedy is to give the basement, shed, or other breeding place a thorough cleaning, burn the litter, and then sprinkle the floor or ground in the building or shed with common salt. The salt should be sprinkled thickly enough almost to cover the ground and should then be wet down with water. It should not be wet sufficiently to

MAY RETAIN THE RUHR

Want Valuable Territory as a French Province.

France Can Supply Fuel Workers and Miners, and Unless the Germans Submit, It Is Possible That They Will Be Expelled From the Country—Britain Is Being Watched With Anxiety.

PARIS, Jan. 29.—Outbreaks of violence at Kreuznach and other places in the occupied area were reported here Sunday. Bayonets and bullets were used in these incidents and at Dusseldorf the threat of bayonets was needed to restore order. Shots were fired at sentries at Hattingshausen, and it is said the French authorities are being urged to take more drastic measures in the Ruhr. It is reported the Government is ready to consider the Ruhr at present as a Franco-Belgian province and organize and administer it as such.

Significant in view of these events is the return of Gen. Weysand, who has been mentioned as possible Rhineland High Commissioner, and Minister of Public Works Le Trocquer to the Ruhr. The Germans are now carrying out a policy of sabotage. Certain railway section men seemed willing to work, but signals have been put out of commission and part of the trackage has been torn up, thus paralyzing traffic as effectively as any strike. It is declared in some quarters that the only remedy for the expulsion of the German railway workers and substitution of Frenchmen on the entire Ruhr system. It is reported the French are ready to do this, if necessary.

Now that France has decided to cut the Ruhr off from the rest of Germany, France cannot get any herself, she is watching Britain with much the same feelings as the allies watched the United States at the beginning of the war. Britain's position is similar in that she must decide whether or not to provide Germany with fuel, food and other materials, thus stiffening Berlin's resistance. It is understood the railway strikes on the left bank of the Rhine have as their object the separation of the French troops in the Ruhr from their own army. It is to counter all this opposition that the French talk of taking over the Ruhr as one of their own provinces. Their procedure in that case would be about as follows: They will bring in their own postal workers and about 150,000 miners. Poles, Czechs, Slovaks, Belgians, Italians and French—to the Government mines they intend to work. They will expel German leaders of disorder and the rest of the workers asked: "Are you going to work or not?" Those who answer no will be dismissed and sent out of the Ruhr en masse. The others will be protected and in case of strikes in other mines, the French and Belgians will still be able to get coal, as the output of the state mines would go only to these allies.

It is contended this will show Germany that France is not bluffing and that she is determined to triumph over her enemies.

R. R. No. 3 Port Dover

It is surprising how far the table scraps and scattered grain will go to ward maintaining the hens.

Here and There

Point Grey, B.C.—The approximate total cost of the new area that is to be developed by the C. P. R. between Thirty-seventh Avenue and Forty-first Avenue, and Granville Street and Maple Street, will be \$155,200, of which the municipality will be asked to pay \$26,446 for the construction of sewers, which will eventually revert to the municipality. This statement was made by Mr. Newton J. Ker, land agent for the C. P. R., at the Point Grey Council meeting.

Winnipeg—"Never in the history of the west has greater despatch, and also in greater quantities over Canadian Pacific lines than during the past season," said Charles Murphy, general manager in charge of western lines. "Up to the present time," Mr. Murphy continued, "there hasn't been the slightest congestion on western lines." As an illustration of prompt movement the general manager said that fully 85 per cent of the amount loaded was moved east of Winnipeg daily.

Winnipeg—Speaking of the record crop movement in the Canadian west during the past season and the part the railways played in the marketing of it, D. C. Coleman, vice-president of the Canadian Pacific Railway, addressing the Kiwanis Club luncheon here, declared Winnipeg was now the greatest wheat market in the world in the point of receipts. He quoted figures showing that shipments for the three months ended November at Chicago totaled \$275,000,000 bushels, Minneapolis \$220,000,000 bushels, while shipments at Winnipeg for the same period amounted to 103,200,000 bushels.

Referring to the shipment of grain over the Canadian Pacific Railway from September 1, Mr. Coleman said an average of 1,016 cars were loaded each day in Winnipeg for transportation east which meant that a loaded train left here for the lakes every 45 minutes during the 91-day period.

Calgary—Very considerable interest has been taken in Calgary and throughout southern Alberta and Saskatchewan in the completion of the gap on the Canadian Pacific Weyburn-Lethbridge branch line, which has just been opened for traffic. It is stated a great stimulus will be given to the manufacturing of clay products in Saskatchewan, making it commercially feasible to use them from the Lethbridge fields for the development of the days in the south-eastern part of the province.

At the present time there is very little being done in the development of the city's lack of capital and lack of technical knowledge have been responsible for this tardiness. The completion of the branch line, however, it is expected, will centre attention to the development of what some people are firmly inclined to believe, will be a new and important industry in the West.
