WILLIAM D. HULF TOR AND MANAGING-DIRECTOR

HereandThere arkin, Commis-Parks, has anceremony is to be held at Vermillion both ends of the road carly in the morning to meet at shat place. The Bruce, of Inverment, that the Nathat the National Park be named "Columbia National Park," and the road leading up the Columbia Valley from the boundary to Golden be named the "Canadian Columbia Highway."

Victoria. - Motorist will have a new circuit trip available with the complet on in May of the nighpowered motor ferry now building at Yarnows. Not only will Island and Mailland be linked by the operation of this craft, but the Cana-cian Pacific will have the steamer "Charme" engaged in the purposafarther forth. The "Charmer" will operate letween Vanceuver and Nanaimo, furnishing accommodation for all types of cars. With the new ferry in service, a new circuit will be made available—from Seattle via Bellingham to Sidney, thence to Victoria over paved road, to Nanaimo over the Halahat, thence by the "Charmery to Vancouver and down the Pacific Highway to the border and Spattle again

The moor forry will have ample height between deck to allow for all classes of cars. During the busy every day. The vessel will be fitted with observation rooms, and open open deck spaces to give tourists every opportunity to enjoy at their ease the fine scenery through the channels between San Juan, Lopez and other islands of the San Juan archi-St. John, N.B. The Capadian Pa-

cific freighter, "Bolingbroke" re-cently brought from London the cargo to reach St. John since the war. She was crammed to the satches with more than 4,700 tons of general merchandise. Capt. E. Landy, who is in command, said that he had never carried a more valuable cargo and expressed great satisfaction that not a single package had been lost. Included in the cargo were silks and other valusble dress goods, dry goods of various descriptions, perfumes and many other expensive commodities. A work for the longshoremen

Vancouver .- Carrying shipment of Canadian apples to the Orient the Capadian Pacific 16,850liner, "Empress of Asia" recently sailed.

On opening the crates in the Oriental ports the consignees of past shipments have found that the apples are as fresh as if taken from the tree. This is partly due to the fact that at this time of the year the perishable cargo only gets one day of tropical heat during the whole voyage across. The "Asia" look approximately 3.0 tons of this commodity in her holds, the largest consignment of apples to go through the Narrows this season for the

st C. P. R. headquarters show that the port of S. John has handled very much mon freight to anuary 19th this seaso, as compared with the corresponding period of last

Exports totalled 200,472 tors of all classes of freight handled by the C. P. R. officials through this port since the beginning of the winter port business. Last year during the same period 46,393 tons passed through St. John; showing an increase of 114,079 to date for the

present year.

Last year's import business during the same per id totalled 27,692, while this year 28,832 tons of import freight hale been recorded, an ncrease of 1,110 for the pesent winter port sea on.

The total inclease in both export and import bus ness for the port's business to date shows 115,210 tons over that handlid during the same period a year [go.

Coant Service, consider-Alert Bay tribe, came down in person to make the gift to the Cana-dian Pacific officials, and in his native tongue expressed the appre-ciation of his followers to the company for the astention given them henever travelling on the Princess

#### Here and There

til. 1860W. Scotland. - The Glasgow Herald says: An agreement has been made between the Government of the Province of Ontario and the Overseas Settlement Committee for certain number of British settlers. The majority, will consist of un-married men, but there will also be a limited number of married men and of youths and girls over 16 years of age. Of the married men, about 206 have already been accepted by the Ontario authorities in London from applicants now dwelling in the Hebrides, where agents on behalf of the Province have been carrying on a special canvass for some time past. The agents are also endeavouring to select from the same islands a number of female farm workers, and there is a proposal that a special ship shall be chartered to sail from the North of Scotland to convey these settlers in a body.

MEDICINE HAT, Alta. - The Moose Hall was recently the scene of what is probably the most important radway function in the history of Medicine Hat. The occasion was a banquet and presentation in honor of Heary Hardy, J. F. Fisher and Thos. Penhalc, all engineers in the Canadian Facific Railway service who shave recently retired. There were more than 200 guests. A considerable number of the guests were from other railway centres through-

CALGARY, Alla Beiseker, a town on the C. P. R. and G. T. P. about 35 miles northeast of Calgary as the crow flies, is in the grip of an incipient silver boom. On Saturday and Sunday men from the local district and from points affeld, where the nexts spread with the usual rapidity of such tidings, staked out claims covering several sections about four miles east of the town. These were registered at the federal land office in Calgary. No assay has yet been made of the ore, but those interested in the pro-

perty are rending a sample to Ed-monton. It may be necessary to bore another test hole, the finders say, before sufficient ore can be obtained to get a reliable assay. The original find was made by crews drilling for water and much of the first ore taken out has been given away as samples. The first find was made about three months ago.

CALGARY, Alta.-"We cannot expect to recover in a year or so from the effects of abnormal circumstances the whole country has been suffering from," remarked W. B. Lanisan, of Montreal, freight traffic manager of the Canadian Pacific. in the course of an interview with The Herald, in Calgary, "but I am safe in making this prophesy that this year will witness theaughout Canada a revival of industry and agriculture. and that by 1924, the city of Calgary and the country tributary to it, as well as the rest of Canada are going to enjoy a return of their former prosperHy."

It was in these words that the freight traffic manager of the great transportation company replied to minerals and in the fertility of its soil has not been appreciably touched and it has been inadequately adverfised. The Province of Alberta, with its agricultural possibilities, its wealth of coal, and in my opinion. the waterpower of its streams and hills need only population to bring these possibilities into wealth. How any person can survey all these natural conditions and still remain a pessimist. Is something I cannot un-

BROCKVILLE. Ontario. - Several retirements on pension are announced on the Canadian Pacific Railway in this vicinity.

James Jelly, read master for the railway at Carleton Place for nany years and a native of Leeds county. is retired on pen ion upon reaching the age limit. He entered the rails way service as a youth and has seen rallway alow from small beginnings into the present great system. James Malliken, section to eman for the CPR at Carleton Place, is also superannuated. For some years he was on duty on the dontieal-To-

ronto main ine and a number of years ago was transferred to Carleton Place. After 28 years as station agent at Merrickville, and nearly 40 years in the company's service, James A.

Angus has also retired on pension. He is being succeeded by R. S. Corbett, Terrebonne, Que. E. M. Jelly, who has been assistant division and neer of the C. P. R. at Smith's I'all has been appointed division ong neer, same road, at Schrei-

C. P. II. overhead bridge over the G. R. tracks at Kingston Junetion has arrived and the Dominion Bridge Company, Montreal, the contractors, has started to erect the bridge walca when completed, will open the new line into the city for the C.P.R. and C.N.R. trains.
