## Three Years "Over There" Two With "The Mounties"

Sitting astride a "Mountie's" horse he was as fine a specimen of manhood as one could meet. Six feet tall, bronzed, muscular and keen, he made an athlete of no mean ability. Three years in the war had seemingly made him out of him, but it took a bad cold to show that the war had far-reaching and terrible effects. One day he played and worked hard, then went for a dip in the lake. A little cold came on, then got worse. His three years "Over there" and two years in the "Mounties" have given him a fighting spirit.  
During these last eight months the foe has not killed his hope, he's still hoping that God's fresh air and man's skill at the Muskoka Hospital for Consumptives can retain something of his old manhood for active service yet.  
Only with the help of many warm friends can this great work be done. Money is urgently needed. Contributions may be sent to Hon. W. A. Charlton, 223 College Street, Toronto.
