HEALTH EDUCATION

BY DR. J. J. MIDDLETON

Provincial Board of Health, Ontario

Dr. Middleton will be glad to answer questions on Public Health mat- ters through this column. Address him at Spadina House, Spadina Crescent, Toronto.

In view of the tremendous advances made in public health work in this province during the past decade it is interesting to recall what was being done prior to 1912, and how the Provincial Board of Health, though at that time handicapped by lack of funds, was nevertheless carrying on an active campaign in many fields of public health activity. Here is an interesting account of the work, taken from the Canadian Magazine of November, 1912.

"Advanced indeed have been the steps in the last seven years for the protection of public health. Milk, that prime incubator of germs and disseminator of disease, is now produced and marketed under sanitary conditions. In 1919 the Government appointed a Milk Commission whose members awakened the province to the evils arising from unclean dairying and careless handling of milk. The recommendations of the Commission are embodied in one of the most progressive statutes of any State. The consumer now receives a supply measuring up to a strength, and delivered as carefully as testing and inspection can ensure. Rivers and streams are no longer allowed to be polluted with sewage. Tuberculosis is now classed as a communicable disease, and every medical man is compelled to notify the local and provincial officers of health of all cases of communicable disease com-

BABY'S OWN TABLETS OF GREAT VALUE

Mrs. Hermadis (Chagnon, Ste. Theofosse, Que., writes: "Baby's Own Tablets have been of great value to me in keeping my little one well and I would not be without them." Thousands of other mothers say the same thing. They have learned by actual experience the value of the Tablets in regulating the bowels and stomach, banishing constipation and indigestion, breaking up colds and simple fevers; and keeping the baby free from the many simple ailments of childhood. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Going the Rounds

+18 your age

33 your friend's age

In this trick you discover, by means which seem mysterious, the age of your friend. There is one little drawback to the problem—it will work only if your friend is older than you are.

Subtract your age from 99. Let your friend mentally add the remainder to his age. Then he is to take away the first figure of the total and add it mentally to the last figure and tell you the result. If you will add the number he gives you to your age you will have his age.

For example: Suppose you are 18. Subtract that from 99. That leaves 81. Ask your friend to add (mentally) 81 to his age. If his age is 33, that will give him 114. When he takes away the first figure he has 14. Adding the 1 to the 14, he has 15. Adding your age, 18, gives 33—and there you are.

HOW DELICATE GIRLS ARE MADE STRONG

Rich, Red Blood Needed to Keep Up Their Vitality.

It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular out-of-doors exercise. But a lack of appetite and tired aching limbs tend to hinder progress. To save the weak, thin-blooded sufferer, she must have new, rich red blood and nothing meets a case of this kind so well as Dr. Williams' Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and aid digestion, relieve the weary back and limbs, thus bringing new health and strength and transforming anaemic girls and women into cheerful, happy people. Among the thousands of girls who have obtained new health through the use of Dr. Williams' Pink Pills is Miss Lyla G. Garneau, Freeman, Ont., who says: "About two years ago I was in a very nervous and run down condition. I could not eat, did not sleep well and was fast becoming an invalid. I was subject to fainting spells which made it very embarrassing to go in company as I never knew when a fainting spell might come on. After several fruitless treatments I was advised to try Dr. Williams' Pink Pills, and by the time two boxes were used I felt an improvement. I kept on taking them, and am now thankful to say that I owe my present health and happiness to this medicine, which I cheerfully recommend to other run-down girls."

If you are weak or ailing, avail yourself at once of the home treatment which Dr. Williams' Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50c a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

The Pine-Wood.

The pine-wood's keeping a heart so chilly

Dark on the glittering blue

In the full summer of rose and lily

Hers is the dusk and dew.

High in the blue the noon-sun's burning.

The sea's glaring, unkind—

Here in the pines is the cool of morn-

ing.

Deep shadow and a fresh wind.

Her heart, so cold in the blaze of sum-

mer.

Is white fire, for she knows

The days are bringing the north wind's

rumor

Of icebergs and the snows.

When the world is frozen and life de-

parted

She knows the bliss that will be.

The snow, her lover, coming full-heart-

ed

Over land and sea.

The pine-wood dreams of the snow, her

lover.

Dreams—she trembled and sighed—

They shall clasp, they shall kiss, where

none discover

Bridegroom and bride.

—Katharine Tynan.

Medicine Found in Fish.

At a time when there is a world shortage of insulin, a valuable extract used to cure diabetes patients, new sources have been found.

In the past this white powder has been obtained from portions of the ox, but it has recently been discovered that potent insulin preparations can be readily and inexpensively made from the principal islets of two readily available fish—the angler and the sculpin.

Writing to this effect in the "Lancet," Dr. H. F. Moore adds that several laboratories and commercial houses are investigating the problems of producing the substance in large quantities.

Silent contempt is oft the sharpest reproof.

IS SURPRISED TO FIND SHE IS ALIVE

Mrs. Gorman Says She Didn't Expect to Survive Her Troubles—Praises Tanlac.

"Three years ago, before I got Tanlac, if anyone had told me I would be alive now I couldn't have believed it," said Mrs. Hannah Gorman, 414 Arthur St., Windsor, Ont.

"I had suffered from stomach trouble for seventeen years. Many a time I was in such agony I didn't think I could live through the day. I had awful smothering spells, terrible headaches, and was so nervous I was almost frantic and sleep was practically out of the question. Why, I was so weak I could hardly dress the children, to say nothing of taking care of the household duties.

"However, Tanlac gave me back my strength, and I've enjoyed perfect health ever since. I gained nearly ten pounds in weight, have a wonderful appetite and sleep eight or ten hours every night and feel so well life is a pleasure. Tanlac was a godsend to me. No medicine in the world can equal it."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

ITCHING BURNING ECZEMA ON SCALP

In Pimples. Formed Hard Crust. Hair Fell Out. Cuticura Healed.

"I had eczema on my scalp. It broke out in little pimples which formed a hard crust. My scalp itched and burned so badly I was up half the night. My hair fell out terribly and I could not comb it."

"This trouble lasted about three months before I sent for a free sample of Cuticura Soap and Ointment. I bought more and I used two boxes of Cuticura Ointment with the Cuticura Soap when I was healed."

(Signed) Miss Gertrude Harrington, 1010 Delaware Ave., Butte, Mont.

Cuticura Soap to cleanse and purify, Cuticura Ointment to soothe and heal and Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.
