Wonderful Value for \$2.00

It is a source of constant wonder to publishers the world over how "The Family Herald and Weekly Star," of Montreal, can be printed and mailed to any part of Canada for the small subscription price of two dollars a year.

Some other papers may quote a lower subscription price, but they do not contain one-fifth, nor in many cases not even one-tenth of the reading matter published each week by "The Family Herald and Weekly Star." People everywhere are now selecting their reading matter with greater discrimination than in the past. Instead of being loaded with a lot of second rate papers and magazines, they are saving money by discarding the chaff and subscribing to "The Family Herald and Weekly Star," of Montreal—the one big all-round journal that provides in its seventy-two pages every week an ample volume and variety of reading to satisfy every member of the family.

In addition to being the best informed, most practical and helpful paper for farmers, "The Family Herald and Weekly Star" provides the best of serial or short stories, complete departments for women and young folks, powerful editorials on the most important topics of the

"Corresponditis" is Prevalent

An epidemic has broken out in this part of the province. As will be noticed by a glance at our correspondence page this week there is a lack of news. We believe that the cause of this is the epidemic of "Corresponditis," (an old disease under a new name), which has attacked our capable and energetic staff of local assistants. Out of a personnel of a dozen, we only had a response from our fair Saeleus assistant this week. We trust that the balance of our staff may have speedy recoveries, and that in next week's issue we may be able to present to our readers a generous proportion of news from our rural districts.

Correspondents, Attention!

Every week we receive news from our local representatives too late for publication in the current issue. All copy of this description should be in our office not later than Tuesday p.m. We appreciate your valued assistance but try and get your material in on time please.
