## BABY SHOW, BALL GAMES FEATURES AT FAIR HERE

### Unusual Showing of Horses and Cattle Attracts Much Attention

Jarvis fall fair has again proved a success.

The exhibits Thursday and Friday, especially in live stock and women's work were unusual. The horses and cattle shown competed in an exceptional large class and the quality was well above the average. In the horses some that were first in Toronto were forced to be content with lesser honors here.

The soft ball tournament proved a big attraction with Hagersville carrying off the honors while Villa Nova was second and Renton third.

Another big feature was the baby show for which two special prizes were donated by Dr. I. J. Leatherdale. The first was won by Margaret Adeline Doughty, daughter of Mr. and Mrs. William Doughty, of Wapole, while William Joseph Kelly, son of Mr. and Mrs. Lawrence Kelly, of Simcoe, was second. The judges were Dr. O. J. Newell, of Hamilton, Dr. J. McCracken, of Hagersville and Mrs. George Pond, of Cheapside. The babies were judged according to development. The judges allowed 84 points divided under seven headings, nutrition, color, weight, intelligence, teeth, feeding and physical development.

The winning baby was credited with 83 points, while the second choice was only one point behind. The judges picked six babies out of the 23 entered and examined them a second time to make sure no mistakes had been made. All of them had more than 75 points.

The school parade special prize was won by S.S. No. 14, Miss Starr, teacher. Others were judged in the following order: S.S. No. 18, Miss Vera Forrest, teacher; S.S. No. 10, Miss Lockhart, teacher; S.S. No. 17, Miss Ayford, teacher; S.S. No. 11, Chas. E. Davidson, teacher; S.S. No. 4, Miss Schrimminger, teacher; S.S. No. 21, Miss Davidson, teacher; S.S. No. 10, Miss L. Allen, teacher.

In the soft ball game Villa Nova took the first game by a score of 4 to 1 from Renton, but was defeated by Hagersville in the last game by 3 to 1.

### 125 Students Attending The ROBINSON BUSINESS COLLEGE at Waterford and Brantford

This is a remarkable record when it is considered that the Waterford School has no Night Classes. If Norfolk residents could visit the Day Classes in the magnificent College Building at Waterford and see this bee-hive of industry, they would probably cease to wonder why the R. B. C. is annually drawing students from a larger and larger territory. The Principal, Mr. O. U. Robinson, teaches from 9:30 to 4 o'clock, ably assisted by three competent instructors, and all are kept exceedingly busy.

In addition to placing forty-four of last year's graduates into excellent office positions, Mr. Robinson, as Manager of the Canadian Commercial Teachers' Agency, assisted several outside teachers to Business College situations.

The course in Accounting at the Robinson Business College is especially thorough; consequently, its Commercial graduates go out as full-fledged bookkeepers; and as for Shorthand and Typewriting, business firms employing R. B. C. graduates write the Principal again and again concerning the superiority of their training.

New students admitted on any school day. Tuition, Eleven Dollars a month, or three months for Thirty Dollars. Telephone 98 or write the Principal for full information.

### ANNIVERSARY IN GARNET CHURCH

#### Former Resident of District Will Preach in Old Historic Church

Anniversary services will be held in the Garnet Methodist church next Sunday.

There will be service in the church morning and evening, at 11 and 7 o'clock. They will be conducted by Rev. George T. Shields, of Inverkip, an old Garnet boy.

The Garnet church was organized about 70 years ago, several years before the Methodists held services in Jarvis. At that time the town was known as Hullsville and was regarded as a prosperous village. The church there formed a part of the Nanticoke circuit.

In 1859, 1860 and 1861 John N. Lake was superintendent of the district. He is now living in Toronto.

The junior pastors associated with him were William S. McCullough, John C. Willmott and Samuel J. Hunter.

In 1862 until 1873 Hullsville with churches in some other communities formed a circuit known as Hullsville circuit with the following ministers in succession: Benjamin Clement, Joel Briggs, William Byers, Thomas D. Pearson and Alexander Campbell. William Byers had associated with him for three years John C. Willmott, B.A., Thomas D. Pearson had Isaac B. Tallman for the same length of time.

After a time, as Jarvis grew, the Jarvis circuit was formed and included the Nanticoke circuit and for a number of years the Garnet and Jarvis churches have been joined in one circuit.

As tokens of esteem and appreciation of the work of the beloved rector and his wife, they were made recipients of two handsome chairs. The presentation, made by the wardens and people, was accompanied by an address, in which the people of Hagersville paid tribute to the good work done by the rector and his wife and the happy relations prevailing between pastor and people. On behalf of himself and wife, Mr. Douglas replied, thanking the people not only for their expression of love, but for their loyalty and good-will, which had been so evident during his pastorate.

### SPECIAL SERVICES AT KNOX CHURCH

#### Rally Day Program and Flower Sunday Observance Takes Place of Regular Worship in Presbyterian Church

Two special services took the place of the ordinary church worship at Knox Church Sunday.

The church, which was beautifully decorated with flowers and plants, presented a pleasing appearance; the communion table, platform and pulpit being almost hidden from sight by the great number of asters, gladiolus, cosmos, zinnias and other plants that had been sent in by kind friends.

The morning service followed out the Rally Day program; the singing being led by the Junior choir, which also sang a special anthem appropriate to the occasion.

During the offertory Miss Josephine Fallis and Miss Muriel Davidson sang a duet.

The subject of the sermon was "Growth." Addressing himself primarily to the children the pastor pointed out that growth was a principle of nature, that it followed out set laws, "first the blade, then the ear, then the full corn in the ear;" again, all growth must be toward the light. Last of all he touched upon the four-fold development of a full grown life.

The evening service took the form of a "Flower Service" when suitable hymns and music were sung.

Speaking from the text "Consider the Lilies," Mr. Brown made reference to the fact that Jesus was a wonderful lover of Nature.

"The Earth and common face of nature spake to Him memorable things," he said. "From the birds of the air, and the flowers of the field He drew wonderful lessons of trust in God."

"From the lilies we can if we will, learn the lesson of purity and beauty. As the beauty of the lily came from within so all true beauty in life comes from within, not without."

"There is also a great lesson of trust in God to be learned from them. God cares for the lilies—mere ephemeral transient things. If He so cares for them surely He must care for us who are infinitely more valuable than the lilies. Cease then that anxious fretful worrying. Put first things first, do your best as far as lies in your power, and then having done your best, in perfect faith and trust leave the rest in God's hands."

The services both morning and evening were well attended.

### W. SCHUYLER INJURED

### W. A. OWEN IS HURT BY FALL

#### Both Arms and Hip Are Fractured in Accident at New Creamery

W. A. Owen was badly injured on Monday just after noon when he fell 20 feet from the roof of the new creamery building to the ground.

Both arms were broken near the wrist, his hip was broken in three places, three teeth were knocked out and he received a gash over the eye. No person knows how he fell and he does not recollect falling himself. He was taken to St. Joseph's hospital, Hamilton, Tuesday night; where an X-ray revealed the extent of his injuries. He will be kept in a belt in the hospital for about a week until it is seen whether or not internal injuries develop and then he will be placed in a cast and brought home. It is not expected he will be able to be out for about three months.

Harold Miller expected to work with Mr. Owen Monday afternoon. When he went to the creamery Mr. Owen sent him for a hammer. When he returned he saw nothing of Mr. Owen about the building and on looking for him found him lying unconscious on the ground at the south-east corner of the building. Mr. Owen did not regain consciousness for several hours. He was rushed home and attended by Dr. I. J. Leatherdale. Mrs. Owen and Dr. Leatherdale accompanied him to Hamilton.
